WAR HINGES ON CARRANZA'S RECEPTION OF WILSON'S REFUSAL TO RECALL TROOPS

RUSSIANS DRIVING BEATEN AUSTRIANS TO CARPATHIANS

Many Additional Prisoners and Guns and Ammunition and Foodstuffs Taken by the Czar's Forces.

FIGHTING IS STILL HEAVY IN GALICIA AND VOLHYNIA

On That Part of the Line Austrians and Germans Are Tenaciously Battling Against Further Advance of the Victorious Russians.

London, June 19.—Having captured Czernowitz, the Russians are well on their way from that city and from various points along the River Pruth, driving the Austrians before them toward the Sereth river and the Carpathian mountain passes. They have captured many additional prisoners and more guns, machine guns, ammunition and foodstuffs have fallen into their hands.

Heavy fighting is still in progress to the north, in Galicia and Volhynia, with the Russians generally on the offensive, but with the Austro-Hungarians and the Germans tenaciously battling against their future advance. In the region south of the Pripet marshes to the west of Bolki and along Stokhod river, where the Kovel-Kovno railway crosses the stream, the Russian attacks have been partly repulsed by the Austrian General von Linsingen's forces, according to Berlin, while northwest of Lutsk the battle is going in favor of the Germans.

Petrograd admits the penetration of the Russian lines by the Austrians west of Lutsk, near the town of Lokatchi, but says that later the Russians retrieved this setback. The announcement of fighting in this region would indicate that the drive in Volhynia has brought the Russians to within twenty miles of Vladimir-Volynsk, the head of the railway running north through Kovel.

Along the Galician border near Radziviloff, the Russians announce the capture of 1,800 prisoners. Berlin reports the situation of the Teutonic allies in northern Galicia near Buczacz as unchanged.

INFANTRY QUIET ON FRENCH FRONT.

On the front in France only one infantry action took place Monday. This was between the Avre and the Oise, where the Germans attempted to approach the French lines, but were repulsed with hand grenades. Only bombardments, violent in the region northeast of Verdun and against the British positions near Neuville St. Vaast, but intermittent elsewhere, have taken place along the rest of the line in France and Belgium.

Numerous battles in the air, in which six German machines, among them two Fokkers, were driven down by the British, are recorded in the British official communication. The British themselves lost two aircraft.

A severe battle between the Austrians and Italians is in progress on the Setti Communi plateau, to the west of Asiago. On the various other sectors southeast of Trent numerous Austrians attacks have been repulsed. The Italians report some progress for their troops northeast om Asiago and the capture of 100 Austrians and two machine guns.

Three Italian steamers and five Italian sailing ships have been sunk. At least one of the vessels, the steamer Leprovedita, is reported to have been sent to the bottom by Austrian submarines.

DRIVE CONTINUED BY THE RUSSIANS.

Petrograd, June 19.—(Via London.)—The Russians took 3,000 prisoners in the city and vicinity of Czernowitz, the war office announced today.

The official statement says:

"On the front of General Brusiloff's armies the enemy tried by counter attacks to arrest our advance toward Lemberg. In the region of the village of Rogovitchs, southeast of the village of Lokatchi, six versts (about 4 miles) south of the main road from Lutsk to Vladimir-Volynski, the Austrians in mass formation attacked our units, breaking through one sector of the fighting front, captured three guns belonging to a battery which resisted bravely to the last cartridge. On receiving reinforcements we overthrew the enemy, recapturing one gun and taking 300 prisoners and two machine guns.

"In the region of Korytynitzky, southeast of Svinioukhi, southeast of Lowatchi, one of our valiant regiments launched a counter attack and put the enemy to flight. Meanwhile a section of our light battery posted in a wood in advance cannonaded the fugitives point blank. We took in this action three officers, 100 soldiers and four machine guns. East of Borohoff, south of Svinioukhi, we seized, after a desperate resistance, a wood near the village of Bojeff, taking 1,000 prisoners and four machine guns.

"During attacks in the region on the

John T. Boifeuillet In an Ice-Cream Suit And Lavender Socks

Blows Into Washington and Calls on President Wilson. He Leaves for Atlanta Today.

By John Corrigan, Jr.

Washington, June 19.—(Special.)—John T. Boifeuillet, of Macon, Ga., and London, England, clerk of the Georgia house of representatives and also clerk to Ambassador Page, American representative at the court of St. James, is here attired in an ice-cream suit and hat and lavender socks and necktie.

Mr. Boifeuillet came over on the steamer Philadelphia, which had on board a stoker who was driven insane from the heat and committed suicide and 275 bright eyed, rosy cheeked Irish girls seeking work in this country. The "colonel" survived both ordeals. He is still true to Georgia peaches, believing them the best fruit that grows. He confessed that the closest he came to an attack of heart failure on the whole trip was not in steaming through the submarine area but within 90 miles of Sandy Hook the steamer Rochester arose out of a thick haze almost dead ahead. The Philadelphia stopped her engines and the Rochester slipped by the other vessel's bows with barely twenty yards of clearance.

Mr. Boifeuillet called at the white house today, after making his report to the state department and securing leave of absence to assume his duties as clerk of the Georgia house of representatives.

He was introduced to President Wilson by William J. Harris, of the federal trade commission. Others in the party were Mr. Harris' brothers, Major Peter C. Harris, assistant adjutant general of the army; Lieutenant Hunter Harris, United States army; Professor J. C. Harris, of Rome, Ga.; Charley Harris, son of Major Harris and a student at West Point; and Colonel Jesse E. Mercer, of Fitzgerald, Ga. The party later called on Secretary of War Baker and Secretary of the Navy Daniels.

Mr. Boifeuillet leaves tomorrow afternoon for Atlanta.

Governor Will Go To Camp at Macon To See "My Boys"

Governor Nat E. Harris stated yesterday that as soon as the state militia is mobilized in Macon he intends to go to the camp and visit them and address them. The governor was deeply moved at the patriotic spirit with which the men of Georgia, especially the young men, are responding to the call for recruits for the national guard, and he spoke of them in terms of endearment, as "my boys."

The governor further stated that when the Georgia troops go to the Mexican border it is his purpose to visit them again there and to see to it that they are taken care of in the best possible manner.

The governor is a distinguished veteran of the civil war and has always shown a great interest in the state militia.

"If I could get away" said the governor Monday morning, "I would go with my boys. That's what they are—my boys, and I love 'em, every one of 'em. If it was my state that was being threatened, I would go with them. I'd get right out of the governor's chair and you'd find me right in the trenches fighting alongside of them.

"I am determined on one thing, and that is that the Georgia boys are going to be taken care of during their service as well as any soldiers who serve the nation. I am going to Macon to see the camp and to talk to my boys. And when they go to the border, even if they are then troops of the United States, rather than troops of Georgia, I am going to the border and see that they are properly cared for there.

"It does my heart good to see them respond to the call with such readiness and patriotism. I know beyond doubt that my boys from Georgia will reflect honor on their state under all circumstances and that they will do their duty to the full limit no matter what the demand made upon them."

Prior to his departure for Blue Ridge Monday afternoon to make an inspection of the sulphur fumes in the affected district of north Georgia, the governor said:

"Please say for me that it is with deepest regret that I leave the capitol during the mobilization of the state's troops, and that it is only under the stress of an important engagement already made that I do so. I shall return at the earliest possible moment."

TAX NOW PROPOSED ON ALL SHIPMENTS OF ATLANTA BOOZE

A resolution introduced in council by Councilman Farlinger placing a tax of 25 cents on each gallon of whisky and wine and each package of beer shipped into the city of Atlanta and received by the express companies was referred to the charter revision committee of council.

The constitutionality of such a paper was questioned by Councilman Edwin Johnson. City Attorney James L. Mayson was asked for his opinion of the right of council to pass such a resolution. He replied that if the charter gave council such a right then it could pass the paper. In the event council passes the paper it will be referred to the legislative members from Fulton county for introduction in the legislature.

Mexican Troops March To Attack Texas Town, General Funston Hears

111 MEN ARE ADDED TO FIFTH REGIMENT

At Midnight Nearly One Hundred Men Were Waiting Their Turn to Be Examined for Service.

The Fifth regiment and all other Atlanta organizations of the Georgia national guard, following orders issued to Governor Harris from President Wilson Sunday night, will go into service at the armory this morning at 8 o'clock. Before another week passes they will be encamped on the mobilization field at Macon. A few more weeks or months and they will be on the border, or, mayhap, in Mexico itself!

The call to the colors, with the prospects of heroism and adventure that it means, brought hundreds of youths and men to the armory to enlist Monday. Up to midnight last night 111 new men had been enlisted into the various military organizations of Atlanta, many had been turned down on account of physical defects, and a hundred more were standing in line waiting to be examined.

The recruiting staff, under direction of Major A. H. Lindorme and Lieutenants Stewart, Pentecost and Jackson, were kept busy every minute of the day, and the prospects are that the rush of recruits today will be even greater than Monday. It is expected that there will be recruits in Atlanta today from nearby towns and the surrounding country, and plans for enlarging the facilities for handling recruits were being discussed last night.

Recruits Are on Way.

A number of telegrams and long distance telephone messages were received at the armory last night from various points about the state declaring that recruits are on their way to Atlanta. There was one telegram from a point in Alabama. There were also telegrams from former members of the Fifth regiment in Macon, Augusta and other towns about the state, informing Colonel Orville Hall that they are returning to join the regiment.

It is expected that Colonel Hall will ask the adjutant general today to detail officers of the hospital corps to assist in the recruiting and examination of applicants for enlistment.

The recruits were restricted to no particular company or military organization Monday, but all the companies of the Fifth regiment, the Governor's Horse Guard, the Atlanta artillery and the field hospital corps were materially added to. These comprise the organizations that will go into service this morning with full pay.

Colonel Orville Hall, commanding the Fifth regiment, was greatly pleased with the progress of recruiting the first day, and declared that he had every reason to believe that the Fifth will be recruited to its minimum peace strength within the next day or so.

Fifth Regiment Recruits.

The following is a roster of the recruits who were accepted:

American Troops Are Hurried to Del Rio, Which Is Reported Threatened by 1,500 Carranza Soldiers.

MEXICANS ARE MASSING TO THE SOUTH OF JUAREZ

Reports From General Pershing Indicate That No Aggressive Move Has Yet Been Made Against His Column.

San Antonio, Texas, June 19.—Mexican government troops were reported tonight to be marching toward Del Rio, a border town about 100 miles up the Rio Grande from Eagle Pass, with the announced intention of attacking the Americans there. This information was the most notable bit of evidence indicating the attitude of the de facto government that has reached General Funston.

News that the troops were advancing toward the border was brought by a Mexican, who said the force was 1,500 strong. According to his report, the Mexican troops said they intended to attack the Americans tonight or tomorrow night.

It was estimated that late today they were about 40 miles south of Del Rio.

Colonel Frederick W. Sibley, of the 14th cavalry, who commanded the expedition that entered Mexico after the Glenn Springs raid, is in command at Del Rio. It was believed here that he was prepared to take care of his position, but to make his position more certain, General Greene sent from Eagle Pass, in motor trucks, a battalion of the Third infantry. The battalion should arrive at Del Rio before morning.

The Mexican force reported moving north is believed to be the same force sent north by the governor of Coahuila, Gustavo Mirelos Espinosa, with instructions to drive Colonel Sibley's force from Mexico when he was operating south of Glenn Springs.

No Move Against Pershing.

General Pershing's reports indicated that General Jacinto Trevino's troops had not yet made any aggressive move and army officers believed it improbable that they would unless Trevino received special orders from Mexico City.

Such information as reached General Funston concerning the movements of Mexican troops indicated the adoption of a plan not to maintain heavy garrisons at border points, but to hold the bulk of the border army some miles south of the Rio Grande.

The garrison at Nuevo Laredo was strengthened by a mere handful of men, but at Lampassas, between Nuevo Laredo and Monterey, between 5,000 and 6,000 troops are stationed. The garrison at Nuevo Laredo tonight was less than 1,000 men.

The larger part of the Mexican garrison at Piedras Negras, opposite Eagle Pass, Texas, was removed to the interior today to join other troops. Before leaving Piedras Negras the Mexicans dismantled the machine shops and took with them large quantities of material.

The concentration of heavy forces to the south of Juarez, also was reported. The only point where concentration at a border town was being effected was at Ojinaga, opposite Presidio. There not more than 500 men were stationed, but the American force at Presidio also is small.

General Parker reported the situation in the Brownsville district quiet. Traffic over the international bridge, interrupted by the Mexicans on the day the Americans crossed the river in pursuits of bandits, had not yet been resumed, but the possession of pontoons would make communication simple should General Parker have occasion to send another force into Mexico.

HUNGRY MEXIC PEONS ENTER UNITED STATES.

El Paso, Texas, June 19.—Approximately 1,000 half starved Mexican peons arrived in Juarez today from Southern Chihuahua and crossed into the United States in search of work.

Juarez military officials declined to comment on the crossing, which was in direct violation of General Obregon's recent order, in which he, apparently trying to force such men into the army, forbade the emigration of large bodies of Mexican citizens. It was asserted, however, that the Mexican officials took the only door open to them in view of the shortage of food which is becoming noticeable in Juarez.

El Paso and Juarez were quiet tonight, the military and civilian population of both cities apparently having settled calmly to await the next development in the Mexican situation.

Private advices told of continued anti-American demonstrations in several cities of Chihuahua and Durango, none of which resulted in violence. Supplementing these were copies of several Mexican newspapers which bitterly attacked the American-Mexican policy.

General Francisco Gonzales, commanding the Juarez garrison, an-

GEORGIA MILITIA ORDERED TO TAKE NEW OATH TODAY

Under Its Provisions Members of the National Guard Agree to Go Wherever Sent by the President.

ATLANTA TROOPS WILL MOBILIZE THIS MORNING

Major Daniel Will Arrive in Macon Today and Will Take Charge of Details Pertaining to Supplies.

Following orders issued yesterday morning by Adjutant General J. Van Holt Nash, all the units of Georgia's militia, with the exception of the coast artillery corps and one unattached battalion of infantry, will mobilize this morning at 8 o'clock at their respective armories. It is expected that before the end of the week, perhaps by Thursday, the orders of President Wilson instructing Governor Nat E. Harris to mobilize the Georgia state troops at Macon for service on the Mexican border will have been executed.

Adjutant General Nash will issue a special order today directing Brigadier General Walter Harris, of Macon, to assume charge of the mobilization camp at Macon.

Major M. J. Daniel, of Griffin, who will be in charge of the quartersmaster's department of the camp at Macon, received a telegram from the adjutant general Monday morning ordering him to report for duty. At 4 o'clock Monday afternoon Major Daniel stood before General Nash, saluted him and declared himself ready.

Major Daniel Leaves.

Major Daniel received his instructions from Adjutant General Nash and left last night for Macon. He will arrive there this morning and will take charge of all details pertaining to supplies.

Adjutant General Nash stated Monday that the camp was practically ready for the troops at the time the order from Washington arrived. He stated that in anticipation of such a possible order, the grounds had been laid off for months and that pegs are driven where each tent will be placed and company streets are laid out. The contract for the water and light supply has been drawn for months, lumber and screens made available and all other details carefully arranged for.

The adjutant general will begin sending wagons and other equipment to Macon today.

The equipment for men which has been issued to the state militia so far is sufficient to take care of only the minimum peace strength, but ample uniforms, guns and other supplies are stored in the United States arsenal at Augusta and will be sent to Macon as needed for men enlisted to bring the Georgia detachments up to maximum war strength.

Must Mobilize First.

The time when the state troops will move to Macon is dependent upon the length of time which will be required for the completion of their mobilization with full peace strength at their home stations. As each unit is mobilized, its commander will so report to General Nash. General Nash has allowed one week's time for the purpose, but it is regarded as likely that this much time time will not be required.

The keenest interest and warmest enthusiasm are being evinced all over the state in recruiting and in the local mobilizations which will take place this morning. Adjutant General Nash and Governor Harris were receiving telegrams all day Monday telling of the readiness of companies located in all parts of the state to serve, and from individuals, many of them prominent in the state, offering their services.

The offices of the adjutant general were the scene of great activity and interest all day long and until late last night.

All day long and late into the night recruiting was in progress at the armory of the Fifth regiment in Atlanta, and indications were that this morning will see the regiment recruited to its full peace strength, which will utilize all the equipment now on hand at the armory.

Although the president's order calling out the national guard was issued only Sunday night, telegrams received at the capitol and press dispatches to The Constitution indicate that many more men than necessary were already available by Monday night and that the mobilization of Georgia's troops will be effected in record time.

Delivers President's Order.

The president's order, transmitted through Secretary of War Baker, was received by Governor Harris late Sunday night, and the governor informed Adjutant General Nash of the receipt of the message. The governor delivered the order to the adjutant general for execution early Monday morning, and by Monday afternoon every commander in the state had received his order from the adjutant general for the mobilization of the various organizations this morning at their respective stations. That this mobilization will be

Open Hostilities Possible After Stern American Note Reaches Hands of Carranza

In the Note President Wilson Declares That the Intentions of United States Are Friendly Towards Mexico, But That Pershing's Troops Will Not Be Withdrawn Until Brigandage Has Been Ended Along the International Border.

MEXICAN FEELING IS FLAMING AGAINST THE UNITED STATES; FEARS FELT FOR AMERICANS

Carranza Is Doing Nothing to Check This Feeling, and May Be Encouraging It—Reports Indicate Chaotic Conditions in Mexico and That Carranza Has No Real Power—United States Is Astir With the Mobilization of the National Guard, and Over One Hundred Thousand Men Will Soon Be Ready for Service on Border.

Washington, June 19.—The question of war with Mexico hinges upon General Carranza's reception of a stern refusal to heed his demands for recall of General Pershing's troops, in the opinion of President Wilson's close advisers. They were prepared tonight for the possibility of open hostilities after the note, which will be sent forward tomorrow, has reached Carranza's hands.

No indication has come that the first chief's attitude of implacable hostility would be shaken by the reiterated declaration of the latest communication that the United States has no aggressive or warlike purpose toward Mexico, but is firmly resolved to protect her borders and end brigandage near the international line.

The reply to Carranza's note demanding recall of the American expedition was in the hands of the government printer tonight preparatory to its delivery and publication tomorrow. Secretary Lansing had intended to forward it today, but at the last moment minor changes and additions to the 6,000-word document necessitated delay. Although it had been planned to send it by special messenger to Mexico City, the situation has changed, and it probably will be handed to Eliseo Arredondo, Mexican ambassador designate.

GUARDSMEN MOBILIZING.

While the diplomatic steps were in progress today the nation was stirring with the movement of national guardsmen mobilizing to guard the border. At least 100,000 and possibly a far larger number were preparing

MEXICO KNOWS HOW TO DO DUTY, SAYS CARRANZA

Addressing Great Throng at Capital, "First Chief" Says Mexico Is Not Seeking War But Will Not Avoid It at Cost of National Dignity.

Mexico City, June 19.—General Carranza in a statement to the press tonight reiterated his declaration that any movement of American troops except to the northward would be considered hostile and that Mexican commanders had been ordered to repel it if made.

Mexico City, June 19.—The streets and public squares of the capital were thronged all the afternoon with patriotic paraders who marched to the various public offices led by bands and carrying the national emblems as evidences of their willingness to defend the country's honor and dignity in case of a foreign war.

More than 10,000 persons gathered in the great square bounded by the cathedral and municipal palace, where they were addressed by General Carranza, War Minister Obregon and other members of the government. General Carranza told the throngs that Mexico was not seeking war but would not avoid it at the cost of national dignity.

Won't Declare War.

"Mexico," said General Carranza, "will not declare war on the United States but will know how to do her duty if hostilities are forced upon her."

A meeting of Mexican working men organizations today decided to send a commission of workmen to Piedras Negras tomorrow to confer with a committee from the American Federation of Labor and to use every effort to prevent war between the United States and Mexico.

It was announced tonight that no restrictions would be placed on Ameri-

for active service under President Wilson's call. For the present their mission will be purely one of defense; but should war come, they will be ready. No marching orders for the new forces had gone out tonight. They will not be assigned for border duty until mustered into the federal service.

Even when mobilization is completed, only such units will be ordered south as General Funston desires to fill the gaps in his 1,800-mile guard line. The remainder will rest on their arms at the state mobilization camps for the present awaiting events.

MEXICANS FLAMING AGAINST AMERICANS.

Official reports from many quarters show that a flame of popular feeling against the United States is being kindled throughout Mexico. Apparently it is with the sanction of General Carranza, for in many cases the acts are those of his authorized agents.

From Juarez to the west coast of Mexico posters have appeared calling the people to arms and asserting that the United States is preparing to hurl its armies into Mexico. Chaotic conditions prevail everywhere, it is said. Clashes such as that between Mexican troops and American bluejackets at Mazatlan yesterday, show that relations are strained to the breaking point. The act of a subordinate commander anywhere may bring on fighting that will result in war.

So far as officials here are aware, General Carranza is taking no strong measures to curb his soldiers and people. Upon this fact many of them found their belief that he is determined to force matters to an issue unless the American troops are withdrawn.

Neither state department officials nor members of the diplomatic corps here have been able to satisfy themselves as to General Carranza's motives. There are some however, who believe he hopes to ride into popularity on a diplomatic triumph over his powerful northern neighbor, or upon a war wave, which might establish his tottering government in popular estimation. Once the war was on, and the certain defeat of his armies foreshadowed, these observers say, General Carranza might sue for peace, trusting to the magnanimity of the Washington government to leave him in power.

FEARS ARE FELT FOR AMERICANS.

Increasing uneasiness over the plight of some 5,000 American civilians now in Mexico was manifested today in official quarters. Approximately 1,200 of that number are in Mexico City despite warning after warning through American consuls and other officials. Another emphatic message advising them to leave Mexico immediately was sent by the state department through Special Agent Rodgers a day or two ago.

Officials do not believe the Carranza government would sanction an attack upon American residents or that other foreigners would be involved in any case. A weapon of terrible possibilities is being forged in Mexico, however, with the attempts to incite the ignorant peon population to war-like feeling against the United States. Mobs formed by half-starved natives who have been told that all of Mexico's accumulated troubles are traceable to the Americans might well precipitate a situation beyond the control of the government.

Careful preparation has been made for the protection of the big American colony near Tampico. In numbers it exceeds that in the capital, but it is near the sea and navy gunboats and light craft already have been designated to offer prompt aid. If necessary, small landing parties would be sent to open a way to the boats.

For the Mexico City problem, however, no such solution presents itself. It was suggested to one official today that an expeditionary force might be rushed to the relief of Americans there. He replied that it would mean moving an army of 50,000 or perhaps 100,000 men and would take at least two months to get them there.

GOVERNORS AID MOBILIZATION.

Although practically no details concerning the mobilization of national guardsmen reached the war department today, acknowledgments of the orders came from every governor with word that the troops had been ordered under arms. In several instances a request that the state be allowed to send its full contingent to the border instead of the regiments or brigades called for, accompanied the acknowledgment. Governor Dunne, of Illinois, was one of those who made this request.

Secretary Baker announced during the day that he had asked Representative Hay and Senator Chamberlain, chairmen of the house and senate military committees, to endeavor to bring about the adoption by congress of a resolution putting into immediate effect the militia draft provisions of the new army organization bill, which will become effective July 1. The resolution probably will be presented tomorrow in both houses.

With this information came also the statement that the orders calling out the state troops were so framed as to make it possible to compel the presence at the border, at least, of every man enrolled. They were summoned as national guardsmen, in which status they bear a distinct relation to the federal government and by law are the first source for securing volunteers who have no connection with the states; they were also summoned as members of the organized militia and as such cannot be used beyond the border, though available for any duty within the United States.

DRAFT PROVISION OF THE NEW LAW.

The draft provision of the new law is applicable to every member of the national guard or the national guard reserve. It cannot be made retroactive, however, and all national guardsmen must voluntarily take the dual oath of enlistment under the federal and state governments before they can become subject to its operation.

It is believed here that there will be little objection on the part of most of the guardsmen. It is planned to exercise the draft immediately if congress adopts the opposition, and state soldiers who have taken the required oath then will become federal soldiers, with no connection whatever with the national guard or the organized militia. They will be available for service in Mexico without further legal formalities.

On the other hand, those who may refuse to take the oath and will not, therefore, be subject to draft, will remain under federal control under the portions of the old law, which still is operative. They will be available for guard duty along the border if for nothing else, and army officials feel the urgent need for keeping them ready for that purpose.

The resolution, it is understood, also will authorize the president to employ the armed forces of the United States, either in Mexico or along the border, for defensive purposes. Such a provision would meet the objections of those who hold that a sufficiently clear authorization has not been given for the purposes of section 3 of the new army bill, providing that drafting of national guardsmen can begin only after proper authorization has been given by congress for the employment of forces other than the regular army. Legal officers of the war department desire to make certain that no complications will arise later to block efficient use of the state troops.

PRESSING NEED FOR HORSES.

Ample equipment of all kinds is on hand at the various depots of the army, Secretary Baker said today, to complete the outfits of all the guardsmen called for service. A sufficient supply of field artillery and machine guns and enough ammunition for any fighting that might occur also is on hand.

The most pressing need will be horses to mount all of the national guard cavalry and supply gun teams for the field batteries. The large excess held in army remount stables for the needs of the regulars will fall short of present needs by many thousands. Some of the states have purchased horses for their mounted troops and artillery, in some cases the cavalry uses privately owned mounts and in many cases horses are hired for drills. Officials are busy working out the number that must be supplied and the quickest way of securing them.

Another step taken at the war department today was preparation of orders calling out doctors of the medical reserve corps to examine guardsmen for muster into the federal service. The department will insist upon the high physical standards of the regular army. In some states that already is required and there will be little delay. In others there is reason to believe, officers say, that men incapable of arduous military service have been enrolled for the purpose of keeping the companies up to the minimum strength necessary for federal recognition and participation in federal appropriations.

In this connection it has been learned that 1,080 men of the New Mexico National Guard, called out some weeks, ago, were found unsuited for federal service. Only three companies from that state, it is said, have been mustered in up to date, the others awaiting recruitment to the required minimum of 65 men.

The pension board has written Secretary Baker congratulating him on the fact that physical standards for enlistment have not been lowered in the regular army because of the difficulty in getting men. The examination of all guardsmen has been ordered to protect the pension rolls from undue inflation.

NO MORE ORDERS TO STATE TROOPS.

No additional orders had been sent to the state troops tonight and none will be sent to any unit until it has completed muster into the federal service. As fast as this work is accomplished, General Funston will be informed that a given number of infantry, cavalry or artillery troops are available for his use. He will designate the places on the border to which he desires forces of each arm sent. The war department then will designate the troops to go and arrange for their prompt transportation.

There is nothing to indicate how many troops will be required immediately, although in the event of an open breach with the Mexican government, the whole force probably would be sent to general mobilization camps at suitable points near the international line. It has been suggested that 25,000 additional men would be sufficient to stiffen the border guard for present purposes. If that number were sent forward immediately a part of those remaining at state mobilization points would be granted furloughs until time for them to relieve those in active service, who, in turn, would be given furloughs. The plan contemplates distributing the duty of guarding the border as evenly as possible among all the men summoned. It will serve also to give the guard needed training and greatly increase the efficiency of the force against future emergencies.

Should war come, it is virtually certain that the remainder of the mobile troops of the national guard, probbaly 30,000 strong, would be ordered out. This force might be supplemented by a call for volunteers unless the department found it possible to recruit the regular army up to the increased strength authorized under the new army bill. In any event, President Wilson probably will fix the size of the regular army under that act at the full strength authorized by law, giving a total of close to 300,000 regular troops.

The war department received many inquiries today as to what immunities would be granted married men who are members of the national guard. While most officials were inclined to believe that leaves would be granted those who can show that their absence from business would be a privation to dependant families, it was pointed out that each case must be presented separately and would be decided on its merits.

Diplomatic Officials Stirred.

Diplomatic officials were much stirred today by the possibility of actual hostility between the United States and Mexico which they saw in the mobilization of the national guard. Many have nationals in Mexico of whose safety they wish to provide.

Members of congress who discussed the Mexican situation today were virtually a unit, without regard to party, in approving the president's call for the national guard. Republicans contended, however, that a decided course adopted long ago might have made the call unnecessary.

Proceedings in both houses were opened with prayers by the chaplains that war might be averted.

AMERICAN CONSUL LEAVES MATAMOROS.

Brownsville, Texas, June 19.—United States Consul J. H. Johnson arrived here from his post at Matamoros late today and announced that he had received orders from the state department at Washington to quit Mexico. Matamoros expects to be attacked by the United States, Consul Johnson said.

MEXICAN TROOPS MARCH TO ATTACK TEXAS TOWN

Continued From First Page.

nounced today that he had received a message from General Gavira, commander of northern Chihuahua, recently reported executed in Mexico City after being called for a conference with General Obregon. General Gavira said he expected to return to Juarez within a week.

Reports that Francisco Serrano, chief of staff to the Mexican minister of war, had arrived in Juarez on a secret mission were current in El Paso tonight, but were denied.

It was stated in dispatches received at the local Mexican consulate from the capital that Great Britain has already protested against intervention in Mexico by the United States and the Latin-American states have signified their intention of doing the same. General Carranza's declaration that his troops would resist the Brownsville expedition, the message stated, was received with great satisfaction but calmly by the populace Saturday.

General Herrera has left Parral bound southward, private advices received here today said. Reports have been spread that Herrera intends to join the malcontent chieftains of the Torreon district.

SITUATION TENSE AT BROWNSVILLE.

Brownsville, Texas, June 19.—Tenseness in the international situation along both sides of the border in the Brownsville district recently looked on as the possible point of contact of hostility between the United States and Mexico, rose and fell today with the arrival of each bit of mementous news along the river.

After Brigadier General James Parker announced he was confident General Alfredo Ricaut would carry out his promises of assistance in exterminating the bandits along the lower Rio Grande border, Mexicans began repairing the damaged tracks on the international bridge, torn up during the excitement Saturday night.

Then came news of the calling out of all state national guards and the recall of Consul J. H. Johnson from Matamoros. Promptly Mexicans operating from the south side of the river again tore up the railroad track and for the second time built a barricade of steel rails at a commanding point just off the south side of the bridge.

A number of American ranch owners in the state of Tamaulipas asked permission to visit their property on the Mexican side. It was granted, with the proviso that they go unarmed. A few made the trip, but shortly after returned to the American side.

The movement of a company of the Twenty-sixth infantry out of Brownsville to the San Pedro ranch, the American base of the fourth punitive expedition into Mexico, caused some excitement, until it was announced from Fort Brown that this company merely exchanged positions with one of the Fourth infantry, which returned to Fort Brown.

It was reported here tonight that two Mexicans, wounded in the rear guard actions of the Americans while withdrawing from Mexican soil Sunday morning, died in the Matamoros hospital today. That would bring the total number of dead in the engagement to four.

STATEMENT ISSUED TO TEXAS MEXICANS.

Austin, Texas, June 19.—In response to a request from General Funston, Governor Ferguson today issued a statement to Texas Mexicans in which he urged absolute obedience and respect to laws of the state and guaranteed them protection if they would report to officers the names of any Mexicans in the state who are back of a secret movement to foment trouble. He also promised "a liberal reward in gold to any Mexican who will furnish sheriffs and ranger captains reliable information and the names of any trying to arouse Mexicans to take up arms against Americans or destroy their property."

The governor also appealed to "the Mexican press and Mexican leaders to warn their people against the strange Mexican who comes to this country to stir up trouble." By doing this, the statement said, "you can render a great service to your people and you will be the means of promoting peace and good will between Texas and Texas Mexicans."

MEXICO KNOWS HOW TO DO DUTY, SAYS CARRANZA

cans desiring to leave Mexico. In answer to an inquiry made by an emissary of J. Linn Rodgers, representative of the American government before the Carranza government, the foreign office said that every assurance would be given foreigners of protection on their trip to the coast.

Exodus of Americans.

A general exodus among the American colony has commenced and all who are able to do so are leaving for Vera Cruz or for border points.

Mr. Rodgers called at the foreign office tonight to arrange for a special train to leave here Wednesday to carry Americans to coast ports. The result of his mission had not been made public up to a late hour tonight.

During the demonstrations today the American consulate was stoned. The stoning occurred while Vice Consul Rowe was in the building and only ten minutes after special Representative Rodgers had left the place. Mr. Rodgers tonight protested against the stoning.

Late this afternoon a commission of engineers called on General Carranza and offered a plan for national defense in case of war with the United States.

No American has been in any way molested during recent demonstrations.

DARIO RESTA WINS MATCH AUTO RACE ON SILVERTOWNS

Chicago, June 19.—(Special.)—In a match race here Sunday between Dario Resta, in a Peugot, and Ralph DePalma, in a Mercedes, both cars equipped with Silvertown tires, Resta defeated his opponent in record-breaking time.

In the first heat of fifty miles, the time was thirty-one minutes, fifty-seven seconds. In the 24-mile heat, the time was thirteen minutes forty-two seconds.

In the first heat Resta made an average speed of ninety-four miles per hour, and in the second, an average of 104 miles per hour. Resta's fastest lap was at the rate of 109⅝ miles per hour.

WARSHIPS RUSHING TO MEXICAN PORTS

Bluejackets and Marines Will Be Landed, If Necessary, in Spite of the Protest of Carranza.

San Diego, Cal., June 19.—The cruiser San Diego, flagship of the Pacific fleet, with Admiral Cameron McR. Winslow on board, was prepared to leave at midnight tonight for either Guayamas or Mazatlan. The cruiser Chattanooga left at 5 p. m. for Acapulco and the cruiser Denver left soon afterward for Salina Cruz.

The warships are under orders to proceed to the west coast of Mexico at top speed.

The cruisers Colorado and Pittsburg, the latter flagship of Rear Admiral Fullam, commander-in-chief of the Pacific fleet, will sail tomorrow to join the ships under Admiral Winslow.

According to advices here the cruiser Maryland will steam from Bremerton, Washington, tomorrow morning direct to the lower coast. The cruiser South Dakota, now in drydock at Bremerton, also will be released tomorrow for duty in southern waters.

The protected cruiser Milwaukee and the destroyer Stewart are expected to receive orders tomorrow to proceed south. Including ships now in Mexican waters Admirals Winslow and Fullam will have a fleet of seventeen cruisers, gunboats and destroyers.

That Admiral Winslow contemplates landing a force of bluejackets and marines on Mexican soil in an emergency was indicated today by the fact that officers and sailors of ships owning motorcycles were requested to bring them aboard.

San Pedro, Cal., June 19.—The United States destroyers Hull, Hopkins and Truxtun sailed from here late today to accompany the flagship San Diego, which is to sail tonight for ports on the west coast of Mexico. The cruiser Milwaukee will follow in a few days when necessary repairs are completed.

CLASH OCCURS AT MAZATLAN.

Washington, June 19.—A clash between Carranza soldiers and American seamen from the gunboat Annapolis at Mazatlan was called to the attention of the Washington government today by General Carranza's ambassador here with a request that in the existing tense situation no men be landed in Mexico from American warships under any circumstances.

The incident, which occurred yesterday, resulted in casualties on both sides and in the capture of two American officers, who after an explanation, were released, according to the report presented by the ambassador. A dispatch from Admiral Winslow, of the Pacific fleet, announcing the capture of the men made no mention of their release, officials assumed it had occurred after the message was sent. The only American injured was Boastwain's Mate I. M. Laughter, who the admiral reported was "gravely wounded."

Admiral Winslow sent only a brief account of the incident and navy department officials immediately requested a more detailed report. Late tonight it had not been received. Meantime there was no indication that the ambassador's request would alter in any way the administration's plans for protecting Americans in Mexican coast towns, which would involve sending of marines and bluejackets ashore to bring off refugees should any emergency require it. More than a score of American war vessels already are in Mexican waters, en route there, or being held in readiness to go as refugee ships.

ULTIMATUM SERVED ON U. S. COMMANDER.

San Diego, Cal., June 19.—An ultimatum amounting practically to a declaration of war against the United States was served Sunday on Commander Arthur G. Kavanagh, of the gunboat Annapolis, by General Flores, Carranza, governor of Sinaloa, according to a radiogram sent from the Annapolis at Mazatlan and received here today by Admiral Winslow, commander of the Pacific fleet.

Owing to the low-powered radio set of the Annapolis, difficulty has been experienced in communicating with the gunboat, but enough facts have come through to indicate that General Flores has taken a hostile stand against Americans and that it was his refusal to permit Americans to leave Mazatlan that resulted in the clash Sunday between bluejackets of the Annapolis and Mexicans characterized as Carranza soldiers. The exact substance of his ultimatum has not yet been received.

According to the reports the commander of the Annapolis has advised all Americans in the vicinity of Mazatlan to leave as soon as possible. A boat from the war vessel containing Ensign Kessing, Paymaster Mowat and a number of bluejackets approached the wharf, Ensign Kessing being under orders from Commander Kavanagh to arrange with the Mexican authorities to get out all Americans.

Without provocation, it is reported, the Mexicans opened fire on the sailors and Boatswain's Mate I. M. Laughter was seriously wounded. The Americans returned the fire and as far as known six Mexicans were either killed or wounded.

Earlier reports that a drunken Japanese started the trouble are not borne out in reports received here. Ensign Kessing and Paymaster Mowat were taken prisoners and sent to the fortress, but later were released on demands presented to Flores by Commander Kavanagh.

AMERICANS LEAVE ON SPECIAL TRAIN

Exodus of Foreigners From the State of Sonora—Anti-American Outbreak Is Reported at Cananea.

Douglas, Ariz., June 19.—A special train was expected to leave Nacozari, Sonora, some time tonight with 110 Americans and other foreigners aboard.

It is also reported here on good authority that American employees of the mines and smelters in Cananea will come to the border at Naco tonight or early in the morning.

A telegram from W. A. Julian, United States consular agent at Cananea, today said:

"Local conditions here are again normal. General Calles issued a circular today calling on all citizens to respect the rights and safety of foreigners. Mine and smelter are working with full crews."

Americans Ordered to Leave.

It was reported today that Consul Simpich, at Nogales, had issued orders that all Americans should leave the portions of Mexico under his jurisdiction at once.

Many Cananea people came out by automobile Sunday and today.

Adolfo de la Huerta, civil governor of Sonora, issued the orders under which the civil population of the state are arming themselves, according to American reaching here from Naco who were in Cananea Saturday night and listened to the reading of the official message in a theater. De la Huerta is said to have used strong language in urging the Mexicans to make haste to prepare to meet the American forces.

From the same source it is learned that the demonstration of Saturday night at Cananea was more violent than was indicated by the first reports. Many Americans were at a dance and these were herded to their homes like cattle. Others were stopped on the street by armed guards, who menaced them with pistols and rifles while they searched them for arms. A number of shots were fired at residences of Americans. Armed guards stood watch over the homes of many throughout the night.

650 Americans in Cananea.

There are approximately 650 Americans in Cananea, according to information here. The problem of getting them out of Mexico without creating more bitter feeling among the Mexicans is a trying one. The departure of the Americans would mean the closing of the smelter and mines of the Cananea Consolidated Copper company, the Democrata Mining company and other smaller properties and the paralysis of a community of 20,000 persons.

George Kingdon, general superintendent of the Cananea company, and W. A. Julian, American consular agent there, reached here tonight by automobile and immediately went to Agua Prieta to confer with General P. Elias Calles, military commander of the state.

CAPITOL VIEW CHARGES POOR EXPRESS SERVICE

A resolution of Councilman Dolvin, providing for the appointment of a committee of five to investigate the reasons for the alleged lack of express service in the region of the city known as Capitol View, in the Tenth ward, was passed yesterday by council.

It provides for the committee to hold investigations on the matter and it is found that for any reason the section is being discriminated against by the local express companies the committee is authorized to appear before the railroad commission.

The committee appointed by Mayor Pro Tem. Armistead is composed of the following: Kelley, White of seventh, Freeman of Tenth, Owens, McCord.

GEN. FUNSTON TO PICK GUARDSMEN HE WANTS

San Antonio, Texas, June 19.—It was indicated at headquarters today that General Funston would request the war department to send him first the militia of New York, Pennsylvania and Illinois. The designation of militia units for service along the Mexican border will be made by the war department, but it was pointed out that General Funston believed he could make practical use immediately of the organizations from those states because of their superiority in organization and equipment.

The general and his staff were quite content that the work of organizing and equipping the militia, especially that from most of the states, be done at home stations. Many of the officers here who witnessed the work of getting the guardsmen of Texas, New Mexico and Arizona into shape expressed the hope that none would be sent south until they had been drilled for a time and made partially fit, at least, for service in the field.

General Funston has not worked out the details of stations for the state troops, but before they can get here it will be known definitely where each unit will go, and just what detachment of regular troops will be relieved. Very few of the regiments of the regular forces now covering the border are intact. It is expected that the availability of the militia will make possible the drawing together of scattered details so every regiment may be moved as a whole.

SWAN SONG BEGINS FOR DUAL MONARCHY

Russian Military Officials Believe the Final Defeat of Austro-Hungary Is at Hand — Russians Closing Upon Lemberg.

Petrograd, June 19.—(Via London.)—With an average Austrian retirement of 25 miles over the entire Volhynian and Galician front, except in the immediate region of Tarnopol; with the Russian seizure of Czernowitz and the flight of the southern Austrian army toward the Carpathians, and with the Russians closing in upon Lemberg from two directions, the operations on the southwestern front have reached the crucial point where, it is believed here, the Austrian armies must either make a final stand, or by their further retreat automatically compel a general retirement of the German army positions held against the Russians for nearly a year.

Such a stand, in the unanimous opinion of military officials here, will be an impossibility, as the separated Austrian armies are unable to communicate with each other and all available troops and reserves having been called up, a quick rehabilitation of the crippled armies of the Austrians is manifestly unlikely.

Swan Song for Austria.

The prevailing confidence in the speedy consummation of a Russian triumph over Austria is reflected in all the comments of the newspapers. The Petrograd Gazette says: "The thought we have all lived with since the beginning of the war—a final victory over Austria—now is at hand. Soon the last notes of the swan song of the dual monarchy will be heard."

The Austrians are concentrating in an attempt to ward off a Russian advance on Lemberg, but, acording to the latest dispatches, the Russian troops pressing along the Dubno-Lemberg railway, with Radziviloff well in their rear are close upon the Galician frontier town of Brody, which is nearly half way to Lemberg.

The other Russian advance on Lemberg is being directed from a point north of Buczacz, toward Halicz, from which latter town the road to Lemberg is an easy one and almost unfortified. The effect of the advance of these two lines is to place the Austrian center near the Tarnopol extended position in great danger and an Austrian collapse here is considered inevitable by the military observers.

The occupation of Czernowitz by the Russians has completely severed connections between the northern and southern armies. It also has enabled the Russians to establish direct connections from the frontier to Sniatyn by the shortest and most convenient route, which will greatly facilitate the Russian progress toward Kolomea and by obviating further the necessity of a turning movement, allow the Russian southern forces to advance solidly from the Czernowitz region westward.

Russians to Get All Bukowina.

According to Colonel Shumsky, the military critic of The Bourse Gazette, the taking of Czernowitz means the Russian occupation of the whole of Bukowina, since there are no defensive lines on the way to the Carpathians.

The writer says that it is apparent from all recent reports that the first shock of the Russian attack has subsided and that the period of lightning assaults, terminating in the wholesale capture of prisoners and the penetration of the Austrian lines, now will be succeeded by a steady and stubborn struggle in which the shaken Austrian forces, aided by considerable German reinforcements, have sufficiently recovered themselves to be capable of sharp counter attacks, which are becoming more and more frequent. Upon the success of this resistance, Colonel Shumsky adds, depends not only the fate of Lemberg, but the situation of the German armies, which, with Lemberg in Russian hands, would necessarily be forced to retire along the whole of the northern front.

A portion of the Austrian forces from Czernowitz has retired westward toward Kolomea and Kuty, and the remainder southward in the direction of Dornavatra. General Pflanzer's army now is isolated, he adds, and must depend upon its own resources.

As a sidelight upon the unexpectedness of the Austrian collapse only ten days ago Czernowitz university conferred diplomas and doctor's degrees upon several Austro-Hungarian generals, it is recalled.

RUSSIANS DRIVING BEATEN AUSTRIANS

Continued From First Page.

southern edge of Radziviloff, the enemy received our troops with jets of liquid fire. We took in this region yesterday 1,800 prisoners.

"Our troops, having occupied Czernowitz and crossed the Pruth at many places, are advancing energetically toward the River Sereth, being established by the occupation of the bridgehead at Czernowitz. General Letchitzky took prisoner 49 officers and more than 1,500 men and captured near the town ten guns. In the course of the pursuit of the enemy we took prisoner near the village of Koutchourare 400 soldiers and captured two heavy guns, two gun carriages, numerous caissons full of munitions and more than 1,000 wagons loaded with provisions and forage.

"Near the village of Storozynetz we took two officers and 85 men prisoner and captured some machine guns.

"The total prisoners taken in the course of the day amounted to about 3,000.

"At Zoutchka station, north of Czernowitz, we captured a depot of engineering material.

"On the front north of the forest region and on the Dvina front the artillery duel continues.

"Caucasus front: In the direction of Gumeshan, in the region of the village of Basseardjik, we repulsed a Turkish offensive."

GERMANS ENGAGED WITH RUSSIANS.

Berlin, June 19.—(Via London.)—Heavy fighting is in progress between the Russians pushing toward Kovel and the Teutonic forces opposing them in the Stokhod-Styr section, the war office announced today. The Russian attacks, says the statement, have been partly repulsed by means of successful counter attacks.

The following statement on military operations was issued today by the German army headquarters:

"Western front: South of the Belgo-French frontier as far as the Somme, fighting continues.

"A French hand grenade attack near Chavonne, south of Vailly, was repulsed.

"Explosion of a German mine on La Fille Mort height in the Argonne gave good results.

"In the Meuse region (Verdun front) the firing increased appreciably toward evening and during the night it attained great intensity on Dead Man Hill and to the west of the hill, as well as in the sector of the front of Thiaumont wood to Fort Vaux.

"As previously reported during the night of the 17th an enemy attack at Thiaumont wood was repulsed. Yesterday further attempted attacks were frustrated by our fire. In the fighting of the last two days 100 French were made prisoner.

"Several attempts at night attacks by the enemy in Fumin wood were completely repulsed by hand grenade engagements. One British biplane fell near Lens, and another north of Arras after aerial battles. Two of the occupants were killed. One French machine was shot down west of the Argonne. A German air squadron attacked the railway and military factory establishments at Baccarat and Raon L'Etape.

"Eastern front: On the northren portion of the front nothing of importance has occurred. On the railway lines of Gachoaischi-Luniniec, which were being used for military purposes, numerous bombs have been dropped.

"As regards the army groups under General von Linsingen on the Styr west of Kolki and on the Stokhod in the region of the Kovel-Rovno railway, Russian attacks have been partly repulsed by means of successful counter attacks.

"Northwest of Lutsk our troops are engaged in a battle which is going in our favor. The number of prisoners and the amount of booty have increased. Southwest of Lutsk the Russians are attacking in the direction of Gohochov.

"As regards the army of General Count von Bothmer the position is unchanged.

"Balkan front: There is nothing to report."

GERMANS REPULSED ON VERDUN FRONT.

Paris, June 19.—A German infantry attack on the French position north of Hill 321 was repulsed by the French batteries yesterday, according to an official statement issued by the war office today. The Germans are continuing their bombardment at Dead Man Hill and in the Chattancourt region.

The statement follows:

"South of the River Somme an unexpected attack on the part of the enemy in the vicinity of Lihons has resulted in complete failure.

"On the left bank of the River Meuse the enemy has been engaged in an active bombardment of the southern slopes of Dead Man Hill, and of the country around Chattancourt. Our artillery everywhere responded with curtains of fire and preparations against further activity were made.

"On the right bank of the river a pronounced German attack against our positions north of Hill No. 321 was repulsed by our fire.

"During the night of June 18-19 two of our air squadrons bombarded the barracks and the railroad station at Vouzieres. At the station there had been reported the movement of trains. One squadron threw down 36 shells of large caliber and the other one 25."

The official communication issued by the war office tonight reads:

"Between the Avre and the Oise two enemy detachments, after a spirited bombardment, attempted to approach our lines. They were repulsed by grenades.

"On the left bank of the Meuse the artillery action was intermittent. On the right bank there was a violent bombardment north of the Thiaumont fortified work, and in the sectors of Vaux, Chapitre and Souville.

"An enemy air squadron dropped numerous projectiles on a village south of Verdun, where a camp of German prioners was located. Several of these prisoners were killed or wounded.

"The day was calm on the rest of the front."

Belgian communication: "Calm prevailed today."

BULGARS ADVANCE ON SALONIKI FRONT.

Paris, June 19.—The Havas correspondent at Saloniki telegraphs that news has just been received there that Bulgarian troops in the region of Florina and Monastir have begun an advance.

VIENNA REPORTS HEAVY FIGHTING.

Berlin June 19.—(By Wireless.)—Heavy fighting in Galicia and Volhynia is reported in the official Austrian statement of June 17, which says:

"On the Pruth there were no events of special importance.

"A Russian attempt to cross the Dniester north of Niezuriska failed. Russian attack against our positions east of Visnovcyk were repeated with undiminished violence.

"In Volhynia fighting began again at Alpa, in the districts of the Wocaczy, Stokhod and Styr rivers."

BATTLE IS FIERCE ON ITALIAN FRONT.

Rome, June 19.—(Via London.)—Heavy attacks are being delivered by the Austrians between Magna, Boschi and Boscon, in the Trentino. The war office announced tonight that all the assaults had been repelled and that the Italian line remained unshaken, progress for the Italians northeast of Asiago and north of the Franzela valley is claimed.

The official statement follows:

"The battle continues fiercely on the Sette Comuni plateau.

"To the southwest of Asiago the enemy made repeated efforts against our positions. To the northeast our counter offensive is making good progress.

"Yesterday morning after heavy artillery preparations strong columns of the enemy made renewed attacks on the front between Monte Magna Boschi and Boscon, but each time they were turned back wtih a heavy loss. This was followed by an intense bombardment from a large number of hostile batteries of all calibers, in spite of which we remained firm on the line between Magna Boschi and Boscon.

"To the north of the Franzela valley the enemy tried yesterday to relieve our pressure by counter attacks which were everywhere defeated, thus enabling our troops to continue their slow but sure advance. The best results were attained on the right wing, where the Alpine group which had already distinguished itself on the preceding day, carried the summit of Mount Isodoro, taking 100 prisoners and two machine guns.

"On the remainder of the front there were artillery duels."

ITALIAN TROOPS ON OFFENSIVE.

Berlin, June 19.—(By Wireless.)—Italian troops are on the offensive in many sections of the front but are being held in check by the Austrians, the official statement issued in Vienna on Saturday says. The statement follows:

"The enemy maintained spirited artillery fire between the Adriatic and Del and Selbusi mountains. Italian attacks on our positions were repulsed.

"On the ridge south of Monfalcone there was fighting with mines and hand grenades. An attack of the enemy on Mrzlivhr failed, as did repeated assaults on our positions in the Dolomites. In the latter sector near Rufedo and before Groda del Ancona, attacks delivered by the Italians broke down. Strong assaults in the sector of Primolano made on our positions near Grenzeck and against Monte Melitta met with the same fate.

"Italian forces in considerable strength attacked our front southeast of Aslago and were repulsed. We captured 13 officers, 354 men and five machine guns."

TURKISH REPORT ON OPERATIONS.

Constantinople, June 19.—(Via London.)—The war office gave out the following communication today:

"A hostile infantry regiment attempted to reach the right bank of the Tigris and was repulsed by a counter attack delivered by one of our detachments. The enemy lost some men and horses.

"A detachment of Turkish troops drove off Russian cavalry which was operating near the villages of Serpul and Zehab, 16 miles east of Kasir-I-Shirin.

"Our artillery drove off two hostile airmen and several torpedo boats which were attempting to approach Seddul Bahr."

ARTILLERY ACTIONS ON BRITISH FRONT.

London, June 19.—The British official statement issued tonight reads:

"During last night and today the German infantry carried out no enterprises along our front. Except for some heavy shelling of our trenches southeast of Neuville-St. Vaast, the enemy artillery was fairly quiet.

"Arras was shelled last night and during the day there has been some shelling about Becourt, Thiepval and Hulluch. East of Souchez there have been reciprocal trench mortar actions. Today our artillery dispersed enemy working parties west of Hulluch and in this region the enemy exploded a small mine which destroyed one of his own posts, but did us no damage.

"The chief point of interest to record is the aerial report of yesterday, when there was a marked increase in the work of hostile air craft. In all there were twenty-seven combats in which the enemy suffered the following losses:

"One hostile aeroplane was brought down in our lines near Doullens; the occupants were made prisoners. Two of our fighting aeroplanes encountered two Fokkers in the vicinity of Lens. One hostile machine was driven down damaged; the other, shot down, crashed to earth from 4,000 feet. In other air fights two more German machines were driven down in a damaged condition and another was brought down near Wingles.

"Hostile reconnaissances which crossed our lines in force, were attacked and dispersed by our aeroplanes. One of our pilots reports seeing two hostile machines hit by anti-aircraft fire.

"As the result of the air combats two of our machines were brought down in the enemy's lines."

CAMPBELL WALLACE QUITS AS SECRETARY OF THE RAIL BOARD

Campbell Wallace, secretary of the state railroad commission, has tendered to the commission his resignation.

Chairman Murphey Candler, of the state railroad commission, announced that the resignation has been accepted. His successor has not yet been named.

Mr. Wallace went with the commission in 1905 as a stenographer and became secretary in 1909 to succeed George F. Montgomery.

CITY PRINTING AWARD HELD UP BY COUNCIL

The report of the printing committee favoring the bid of The Fulton Daily Report for the city printing during the year, beginning July 1, and ending June 30, 1917, was turned down yesterday by council after a lengthy discussion. It was returned to the committee for further consideration.

Councilman Ed Johnson and Alderman Kelly made talks against the adoption of the report and urged that the city give the contract to one of the three papers of general circulation.

Councilmen McCord and Carpenter and Alderman Owens spoke for the adoption of the report, stating that to give the contract to one of the three large dailies would work a hardship on the poorer people, who have to pay the bills for advertising.

5 to 35% Advance on this Oil Stock June 28

To Investors: This Company now controls over (30,000) thirty thousand acres of lands and leases in the real oil and gas belt. These properties have been carefully selected and are well blocked into many different properties, reaching into **twelve different oil counties.** We have actual work started on twenty-one new wells—four to seven of which should be completed during the next two weeks, including several to the deep sands.

This company may have over **two hundred million dollars of oil in these different properties** and is determined to put into operation the balance of forty to fifty drills and keep them going until the Company's production reaches twenty thousand barrels per day.

It controls one great lease of about twelve thousand acres northwest of the rich Healdton oil pool on a reported greater anti-cline than Healdton. Derrick is being moved in and drilling will start at once at our choice location on this property where a great producer can be expected. The Healdton field covers less acreage and is now estimated to be worth nearly a quarter of a billion dollars.

Also this Company has just recently secured a lease of nearly five thousand acres in Stephens County, Oklahoma, several hundred acres of which are in line between a rich pool near Duncan and another new pool north of Ringling that is developing enormous gas wells at a shallow depth. Bound to be big oil near this gas.

A reported 1700-barrel gusher has just been secured about three miles southeast. A big boom has started in the southern district. Leases are selling as high as five hundred dollars per acre. Drills will be started at once on our valuable property on this great lease in Stephens County.

At the hour this notice is written the drills are in the cap rock of production in three different wells of The Uncle Sam Oil Company.

By Wednesday, June 28, four to seven new wells in different districts should be completed. Some of them are certain to be rich producers and will justify an advance on the stock from 5 to 35 per cent, which will immediately follow on the advertised price as stated herein.

This Company is offering the moderate investor a real opportunity. It is backed by sufficient strength to continue a big drilling campaign until rich results are secured. It now has nearly one hundred and fifty (150) producing oil and gas wells—and room for about two thousand more. It has three refineries; over 165 miles of pipe line. The Company owns its own tank cars and oil marketing stations. It is the Pioneer Independent in control of a market direct to the people. With just a little good luck in our drilling operations the combined properties of this Company should reach a value to the stockholders of over **forty million dollars.**

The oil fields of the Middle West have hardly been scratched. The future for this powerful Independent is almost unlimited. Millions have been made in oil and millions will be made in oil. The Uncle Sam Oil Company is the great People's Company, now owned by nearly twenty thousand stockholders, representing every congressional district in the United States. It has fought its way through persecution to prosperity. It is really the only big oil stock Company that puts its proposition down in black and white and through the Independent Press takes the public into its confidence.

It is determined to raise $200,000 for quick drilling operations during the immediate future. Good propositions do not last long. The future will soon prove that the time to secure the stock is **right now,** for it is certain to find ready buyers and the present stockholders are continuously paying in large sums.

We plan to invest from 3 to 5 million dollars in new properties and drilling new oil wells. The final authorized issue of stock will make a total of eight hundred million shares. Over half of this amount is yet to be issued, and when issued will certainly pay for Five Hundred (500) new wells. By making yourself a stockholder at once and then increasing your holdings under the stock dividend allotment you can now get control of the stock at a price which would make the entire capital stock equal to less than one million dollars.

The present stockholders would not consider a cash sale of our combined property at less than ten million dollars. The present stockholders have paid in about two and a half million dollars on a gain now of about four times. The Company has many different leases, each of which may develop into a greater value than all the stock will come to on this basis. At this hour we consider the book value of the stock nearly double the sacrifice offer herein to you.

You will not find another investment in the United States that will come within a country block of this offer. This Company can use new capital in drilling test wells that may increase the value of certain leases 10 to 100 times. Alone you could do but little in the oil fields, but your remittance for this stock, combined with a hundred more, will drill a test well on some of our different leases that by such drilling may jump in value 10 to 100 times.

The stock is allotted on a stock dividend basis. After you are a stockholder you will secure the right of the allotment. The greater your first remittance the greater will be your allotment right.

The production of this Company—right now—when all is marketed will total about **Forty Thousand Dollars** per month and may be doubled by new wells now drilling. In a year's time, by driving the drills, this production is almost sure to be increased five times and may increase fifty times and cause a phenomenal advance on this stock.

We can operate several drills direct from our present production, but we are determined to push ahead with 40 to 50 drills and will permit you to secure a part of this growing in value oil stock to help drive this necessary development work.

The Uncle Sam Oil Company secured renewals on over Four Thousand (4000) acres of oil leases in the Osage Nation a few days ago and is now starting two drills on these Osage leases, and will soon increase to ten drills in a district on our Osage leases between a former fifteen hundred barrel well on the east and a sixty million gas well that sprayed oil, on the west.

We are drilling a very valuable lease in the Red Fork district, where we are at work with four drills near the middle of over Twelve Hundred acres.

Our chances are good for some big wells on our Ranch Creek leases in Pawnee county, near the center of about fifteen hundred acres.

The Supreme Court of the United States in its decision against the convicted Oil Monopoly branded certain individuals as being in a criminal conspiracy for forty years against all competitors. The families and business associates of these rich conspirators now secretly control or own several big newspapers and magazines in Chicago, New York and other cities, who through "fake financial writers" have kept up a continuing conspiracy against The Uncle Sam Oil Company, and are continually printing insinuations and false statements against The Uncle Sam Oil Company to scare the American public from purchasing this valuable stock in this meritorious Company, and thus deprive it of needed capital and retard its growth as a growing competitor of the big combine.

The same "Paid Press" publishes glaring advertisements for oil companies "masquerading" as "independents" that are really promoted and largely owned by friendly bankers of the Oil Monopoly Crowd.

Under these circumstances, we are forced to offer this stock at a real bargain investment. Regardless of persecution and the unlawful acts of the "Paid Press," this big Independent continues to gain, and should soon have sufficient production to operate from forty to fifty drills after paying satisfactory cash dividends and make the further sacrifice of stock unnecessary.

LATER.

Since this notice was written this Company has completed a 28,000,000 gas well near the center of its fourteen quarter sections of leases in Pawnee County, near Jennings, where many well informed oil men expect nearly a second Cushing pool. In 16 to 24 days real oil gushers in this district now seem sure. The drills will go deeper day and night, and we have started two new wells in the very heart of this new field on different properties.

We have over five miles of line to protect in this field and may start the balance of Forty-two (42) new wells on these valuable leases on completion of wells now drilling, and soon drive this stock in a record breaking advance of from 20 to 50 times.

As part of the consideration the Company reserves the right to approve or reject any subscription to or transfer of its stock. The stock is non-assessable. Remittances will be accepted on the following basis, subject to withdrawal without notice, if mailed not later than June 28, 1916:

SACRIFICE OFFER.

5,000 Shares	**35.00**
10,000 Shares	**65.00**

Put an X opposite the stock you want and make all remittances payable to The Uncle Sam Oil Company, by check, draft or money order.

Write your name and address plainly.

CAPT. G. W. WOMBLE SAYS HE DREADED TO SEE NIGHT COME

Was So Nervous and Restless He Could Not Sleep, and Daylight Was Always Welcome—Says He Suffered for Weeks.

PROMINENT DRUGGIST RECOMMENDED TANLAC

Now Sleeps Like a Log, and Says He Feels Like a Sixteen-Year-Old Boy — Can Eat Anything Put on the Table.

"I am now able, after taking two bottles of Tanlac, to eat practically anything I want. Before taking this medicine I was unable to eat anything excepting a little milk toast, which comprised my diet for more than eight weeks," said Captain G. W. Womble, of Knoxville, Tenn. Captain Womble is one of Knoxville's best known and most highly respected citizens, having held a responsible position with the Knoxville Street Railway Company for a number of years.

"I was a regular nervous dyspeptic," he continued, "and for months I simply suffered agony. I got so I could not eat the simplest food, and although I tried doctor after doctor and all kinds of medicines, nothing that was prescribed for me seemed to do me any good. I had a terrible pain in my breast that would extend all the way down in my chest and bowels, and for weeks and weeks I got no relief.

"I finally got so nervous I actually dreaded for night to come, as I could not sleep, and I was always so restless I would rejoice to see daylight. Night after night I would never close my eyes, and would just toss and tumble from one side of the bed to the other, so you can imagine how I felt when I would get up in the mornings.

"I was also constipated all the time—in fact, my life just seemed a burden and I was so miserable I was almost desperate. One day I was talking to some friends of mine about my condition and they told me by all means to try Tanlac. Besides several of my neighbors had used it and advised me to try it. I am personally acquainted with Mr. Dan M. Chambliss, of the Kuhlman-Chambliss Company, and when I told him about my condition and how I had suffered, he advised me to begin taking Tanlac without delay. He told me that he knew it to be a fact that it had relieved hundreds of the best people in Knoxville who had troubles like mine.

"Of course, I didn't have much faith in any kind of medicine, because I had tried nearly everything, but I did have faith in Mr. Chambliss, and I took it on his advice. I have now taken two bottles of Tanlac and the results have been so wonderful I have come back here unsolicited to tell you people what it has done for me in the hope that my testimonial may induce others to take it. I don't see any use for people to go on suffering when they can get this medicine.

"Why, I actually feel now just like I had been made all over again with the youth, energy and ambition of a sixteen-year-old boy. Yes, sir, it's a fact, I feel so different that I really don't know myself. I suffer no more pain and am no longer constipated and can sleep like a log. You just ought to see me eat bacon, cabbage, potatoes, beans and anything else that is put on the table that anybody else can eat."

Tanlac is sold in Atlanta exclusively by Jacobs' Pharmacy.—(adv.)

Sunday Shoe Shines And Music in Hotels Held to Be Unlawful

Virginia Police Judges, Fearing Ouster Law, Are Ruling on What Is Unnecessary on Sunday.

Richmond, Va., June 19.—Sunday music in hotels and restaurants and Sunday shoe shines were held unlawful by Police Judge Crutchfield today in convicting persons arrested yesterday for violating "blue laws" revived by the new ouster act.

Judge Crutchfield held, however, that the manufacture and sale of ice and milk, operation of street cars, telephones, telegraph and cold storage plants, manufacture of bakery goods, cleaning of railroad cars and operation of express companies was necessary and freed persons arrested for work in connection with such enterprises.

Cases against Sunday newspapers, transfer companies and taxicabs were taken under advisement. No interpretation was placed on the law as it applied to soft drinks, tobacco and gasoline, as proprietors of houses dealing in these articles closed their places.

Test cases at Newport News brought decisions that milk, ice and newspapers were necessities. Other cases were continued.

Three persons arrested at Roanoke for selling cigars were discharged when they showed hotel licenses.

In other cities cases were not called, the authorities apparently waiting the result of the Richmond tests.

Reports today from smaller towns said hundreds of persons were arrested yesterday while at their usual tasks. Included were street sweepers, milk drivers, news dealers, railroad workers, ice cream dealers, taxicab drivers, lunch room proprietors and newspaper correspondents. In Alexandria a negro was arrested for using a garden hose.

Large corporations declare they will take cases to the higher courts and the final interpretations of the blue law prohibiting unnecessary labor on Sunday probably will be determined in this way.

COUNCIL REFUSES TO ACCEPT SHEET

Apportionment Returned to the Finance Committee for Further Consideration--Reform Question Introduced.

For the second time yesterday afternoon council voted to return to the finance committee for further consideration their apportionment sheet for June. A motion to this effect was submitted to the body and passed after a lengthy discussion on the subject by most of the members of council. It was further decided to hold an adjourned meeting of council next Monday for the express purpose of passing the sheet.

Early in the afternoon the finance committee held a meeting for the purpose of making certain changes in the second sheet passed by them last week. L. M. Landrum, superintendent of schools, and Dan Green, chairman of the finance committee of the board of education, appeared before the committee with a request for an appropriation for the high schools as outlined by President R. J. Guinn, at the graduation exercises of the high schools a short time ago.

The committee asked for additional money for the Tech High school and the Boys' High school. The committee voted to increase the estimated receipts of the city and make provision for the needed appropriations. The receipts increased and the sums are as follows: General tax for 1916, $2,414,794.18, the second sheet originally provided for this in the sum of $2,413,164.18; water receipts, $506,179.45, the second sheet originally showed a sum of $491,000 from this source.

Estimates Over $5,000,000.

The total estimated receipts from all sources, after the padding by the committee, was $5,173,244.15. The second sheet as at first adopted showed an estimated total of $5,156,434.70.

Money for the schools was added to the disbursement side of the sheet by the committee as follows: Grammar school equipment, $4,358; Tech High school equipment, $4,170; Boys' High school equipment, $2,745.24; add story to the Tech High school to care for the additional pupils this fall, $4,500.

Throughout the meeting of the committee Councilman Farlinger, vice chairman, reminded the committee that they "were increasing their estimated receipts far in excess of the best they could hope for in the way of returns."

Alderman Jesse Armistead led the fight for the high schools before the committee, and later, when the sheet was presented for the approval of council. He urged the need for more money for the high schools and said that the committee would be doing a very wrong thing if this money was not put in the sheet.

He also moved that the money taken from the fund for music in the two city parks during the summer be replaced. His motion was carried, and $1,000 was placed in the sheet for each park to provide music on Sunday through the summer.

When the sheet was presented to council it bore the favorable signatures of Spratt, Williamson and Armistead. All three urged that the sheet carry additional money for the high schools. Alderman Spratt said that his reason for not signing the first sheet favorably was that it did not carry any provision for the schools.

Adverse to the sheet was the signatures of Inman, chairman of the committee; Johnson of the Fifth; McDonald, Seawright, Farlinger.

"No Sheet," Says Kelley.

When the sheet was first presented Alderman Kelley told council that in his opinion the sheet was not presented, "in as much as it carried a majority report adversely. I do not feel," he said, "that committee has presented a sheet. In my opinion they have no sheet." He moved that it be referred back to the committee for further consideration.

Council was at once thrown into a lengthy discussion of the proposed sheet. Alderman Armistead called Alderman Kelley to the chairman's place and took the floor in favor of the sheet. He made a lengthy speech in favor of the adoption of the sheet as submitted.

"I move that this sheet be adopted. I feel that this matter should be settled as soon as possible. I refused to favor the first sheet because it did not carry with it any money for the high schools. This sheet has the provision for the high schools and it is about the best that can be submitted. The committee has labored long and hard over the apportionments and they have submitted to this body what they think is the best that can be done under the circumstances.

"In my definition of the word 'estimate' council can place in their money sheet the totals they expect to receive from all sources. When this is done they can then estimate beyond that sum. As the sheet now stands it is considerably below what the estimated receipts can be expected to net and we, for that reason, have really not begun to 'estimate.'"

Inman Predicts Trouble.

Councilman Inman said that the finance committee "could not possibly get together on a sheet. The record of the two already submitted proves that beyond a doubt. The committee is hopelessly divided on the subject and the majority of the members won't sign a sheet for that reason."

Councilman McCord moved that the sheet be referred to the public improvements committee for action and promised that they would "submit a sheet of some kind bearing a majority of favorable signatures if not all. In view of the division among the members of the finance committee I think the other committee should be given a chance to go over the sheet. There seems to be need for cutting, and I can promise that the public improvements committee will cut several items, notably some of the salaries now being paid to city employees who are not needed."

His motion brought forth another storm of discussion. The city attorney was asked if such an action would be legal, and gave as his opinion that to refer the sheet to the improvements committee would be entirely legal.

Need of Charter Reform.

Councilman Edwin Johnson rose to protest over referring the sheet to the improvements committee. "The action of council and the committee on this matter is proof of the need for charter reform. Council will become the laughing stock of the entire town. I feel that need for reform is self-evident. It is about time for a commission form of government."

Alderman Thomson then gained the floor and said: "It is evident that the gentleman in question, a member of the finance committee, by the way, favors charter reform and must want it badly. This question is not one of charter reform at the present time, however, but an effort to come to an agreement about the sheet under discussion. The gentleman must be referring in his remarks about charter reform and the need for the same, to the time when the finance committee 'swapped ward improvements to get things for their section.'"

He was referring to the statement made by Council Edwin Johnson before a recent meeting at the chamber of commerce when he told that body that it was necessary to "trade" on the finance committee if a member hoped to get anything for his ward.

"I will admit what the alderman says is true," replied Councilman Johnson.

Councilman J. C. White here rose and made a long argument against referring the sheet to the improvements committee. "As for the remarks of Councilman Johnson on the need for a reform in the present city government let me state to this body here that if the proposition of a commission government or any of its various forms is presented to the people for their vote it will be hopelessly defeated. I don't believe such a proposition would get enough votes from the registered voters for the city to know a movement of that kind had been proposed."

Even Worse, Says White.

"I do not favor," he continued, "taking from the voter his sovereign right to say at the ballot who shall run his city. The matter of commission government has been proven totally wrong in every respect. That can be verified by the records of other cities. To inaugurate such a radical step at this time would mean the fostering on the people of a worse form of government than the one now used by the city. I am absolutely against commission government in any of its forms and I feel I have the majority of this council with me and know that the majority of the voters of Atlanta are of my opinion. To place the government of this city in the hands of a few men would be to take away from the voter his patriotic right."

Councilman McCord arose to explain his motion. "I did not foresee that my motion to refer this paper to the public improvements committee would bring out a discussion of the needs for charter reform and a talk for commission government. My proposition was made with the simple idea that the committee in question could handle the proposition to the advantage of all of council. It has done little work this year and has a leaning toward a trial at something really worth while. Seeing how council feels about the matter I withdraw my motion."

Referred to Committee.

A resolution by Alderman Sisson providing for the acceptance of the offer of the Exposition Mills' property situated on Marietta and Ashby streets, and bounded on the other two sides by their property and the car barns of the Marietta Northern railway, was referred to the finance committee for action.

The paper further provided that the city stop all negotiations for the lot on the Howell Mill road for which the sum of $7,500 has been set aside. An additional provision for the setting aside of $15,000 for the erection of a school on the mill site was carried in the paper. It provided that the school be built by the city for the sum of $15,000 and no more.

A counter resolution by Councilman W. H. Johnson providing for the reopening of the negotiations for the Howell Mill road site was introduced and on motion was also referred to the finance committee. Steps for the purchase of this lot had been stopped by the committee some time ago. In making his motion Councilman Johnson explained that he signed the sheet adversely because he thought he was taking money from his ward for the purpose of making up the deficit in the finances, but found later that it had been distributed for school projects, notably for the high schools, and had not been thrown into the general fund for retrenchment purposes.

SMITH TO RUN FOR ALDERMAN IN THE FOURTH

B. Lee Smith, manager of the Strand theater, former newspaper man and former candidate for council, makes his formal announcement this morning as a candidate for alderman from the fourth ward to succeed Alderman Thomson.

He said Monday: "I have been urged by my friends for some time past to make the race for alderman and have decided to announce for the office following their urging and the petitions they have circulated among the voters of my ward. I felt that after the large number of people who have spoken to me, urging that I run, had interested themselves in my behalf I could not refuse their request. I ask the support of the people of the city."

Mr. Smith has been mentioned several times as a possible candidate, but has not been able to make his decision on the matter before this. He has many friends who will be pleased to see the announcement of his candidacy.

THIS BAUGH NOT ONE SUED FOR DIVORCE

Inasmuch as the name of "Robert Baugh" appeared in a recent issue of The Constitution in connection with divorce proceedings under way, Robert Baugh, grocer of 215 Luckie street, requests that it be made plain that he is not the Baugh in question. The grocer is well known in Atlanta and proprietor of one of the most popular grocery stores in his section of the city.

FREEMAN TAKEN ILL AT COUNCIL MEETING

During the latter part of council meeting Monday afternoon Councilman Sam N. Freeman, of the tenth ward, was taken ill with an attack of acute indigestion. He walked to one of the rooms adjoining council chambers and there was given first-aid treatment. Later he was taken home in the machine of a friend. He was much better when he left for his home.

RECRUITS ARE WANTED FOR HOSPITAL SERVICE

Georgia Company Will Be First in Service, Believes Dr. C. F. Holton.

Dr. C. F. Holton, of Atlanta, commanding Georgia Field Hospital company No. 1, is fully confident that his organization will be the first to report for duty, ready to move onto the mobilization field at full war strength, and is equally confident it will be ordered into service on the Mexican border almost immediately.

It is the nearest field hospital outfit in the national guard service to the Texas border, and is fully equipped now to handle 144 patients. The organization at this time is enlisted to full peace strength, but, to bring it to the war strength of 76 men 30 recruits are needed. These, Dr. Holton feels quite certain, will be available before nightfall and he believes he will be able to report his organization at full war strength by 10 o'clock tonight, or at the latest by Wednesday morning, and ready for service.

Enlistment in the field hospital service does not require a medical knowledge, and the service is one of the attractive branches of the army. The organization is open to recruits from any part of the state until the 76 men have been put on the company rolls—or 30 more than are on at full peace strength.

The Georgia field hospital outfit has an exceptional record, in that it has outranked the other three hospital organizations and yet is only two years old. It went into its first camp service in the division encampment in Augusta two years ago, when it rated exceptionally high and drew attention from some of the best experienced practitioners in the state through its handling of cases, and especially the several accident cases during the encampment. The outfit's second camp was at Tobyhana, where its rating of efficiency outpointed New York, Washington and Pennsylvania.

The company's armory is at 28 Capitol avenue and Dr. Holton's headquarters are at his office, 1204 Fourth National Bank building.

The officers of the company are: Dr. C. F. Holton, captain commanding; Captain J. C. Patterson, lieutenants, A. F. Quillian, M. Klausman and J. B. Pennington, of Atlanta, and Lieutenant W. C. Miles, of Griffin. The enlisted men are scattered all over the state, every one of them having either personally reported for duty or notified their commanding officer by wire of their readiness to report.

Dr. Holton says he will receive applications for enlistment if telegraphed or presented in person today.

COUNCILMAN INMAN SEEKS TO REGULATE PAWNBROKER HOURS

An ordinance introduced by Councilman Inman yesterday afternoon seeks to regulate the hours during which the pawnbrokers of the city may keep their places open. It provides that they can open their shops for business at 7 a. m. and must close them at 7 p. m. It was referred to the ordinance committee for action. In introducing the paper the councilman explained that he did it in an effort to aid the police department in its work.

ICE CREAM ORDINANCE BEFORE HEALTH BOARD

The ice cream ordinance prohibiting the peddling of ice cream in the streets of Atlanta, introduced in council some time ago by Councilman Fred Woodall and referred to a committee was again referred by council yesterday afternoon, this time the paper being sent to the board of health for action. It provides that all ice cream sold on the streets of the city shall be wrapped in paper so as to prevent the contact of dust and disease-bearing germs of all kinds. It is very probable that the paper will be approved by the board of health at its next meeting and will then be passed by council.

BUCKHEAD PROPERTY BEING DISTRIBUTED

As receiver of property near Buckhead Attorney Albert D. Thomson Monday prepared to distribute $9,188.31, following a decree by Judge John T. Pendleton in superior court, bringing to a close litigation which has been before the courts for several weeks. The property was formerly in possession of Miss A. M. Sims and others.

Mrs. M. L. Beltley will receive $2,656.01; W. L. Traynham, $1,669.53, and the remainder will go to Mrs. Eula F. McKenzie, executrix of the estate of the late William F. McKenzie, and other creditors. The court also provided a fee of $200 for the receiver and $400 for Robert P. Jones, auditor.

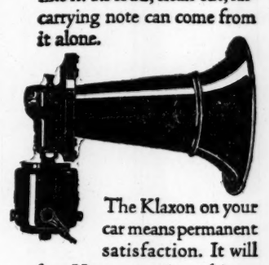

ESTATE OF $50,000 LEFT BY MRS. DAVES

Monday morning the will of the late Mrs. Alice E. Daves, wife of Dr. Joel T. Daves, was recorded in the office of Ordinary Jeffries. The will disposes of an estate valued at $50,000 and was probated in common form, Samuel H. Venable as executor.

The estate is divided between relatives. Mr. Daves was given furniture and a lot valued at $15,000 at the corner of Poplar and Fairlie streets. Two pieces of property were given to Mr. Venable, one on North avenue and one on Luckie street.

KLAXON
Type L
$20

The Type L is the largest of the Klaxons. It is the one you see on all high-priced cars. You can always tell it. The "right-angle" construction distinguishes it from all other signals. No other signal looks like it. No other signal sounds like it. Its loud, clean-cut, far-carrying note can come from it alone.

The Klaxon on your car means permanent satisfaction. It will last. You can use it on this car and the next and the next. It is guaranteed permanently—not for one year or two years or five years—*permanently*. You also have the satisfaction of knowing, and of having all who see it know, that your signal is the best one possible to buy.

We will put one on ready to sound fo $20.

Klaxons are made only by the Lovell-McConnell Mfg. Co., Newark, N. J. Like all standard articles they are widely imitated. To be sure, *find the Klaxon name-plate.*

COTTON SEED CRUSHERS MEET AT TYBEE ISLAND

Addresses of Dr. A. M. Soule and Hon. H. C. Thompson Feature Opening Session.

Tybee Island, Ga., June 19.—(Special.) The addresses of Dr. A. M. Soule, president State College of Agriculture, Athens, Ga.; Hon. H. C. Thompson, horticulturist, bureau of plant industry, U. S. department of agriculture, Washington, D. C., were the outstanding features of the opening session of the twelfth annual convention of the Cotton Seed Crushers' association of Georgia, which began its three days' session here this morning. The session is marked by the largest attendance in the history of the organization.

George R. Herbert, secretary, Savannah convention bureau, called the meeting to order and was followed by Rev. John D. Wing, rector Christ's Episcopal church, who pronounced the invocation. Addresses of welcome were delivered by Hon. John M. Dixon, mayor of Tybee, and Hon. W. J. Pierpont, mayor of Savannah, and the response on behalf of the association was made by former President B. F. Bond, of Royston, Ga. President E. C. Ponder, who has conducted so successfully the affairs of the association during the past year, read his annual address and made a number of suggestions, which, if adopted, will prove of splendid benefit to the industry.

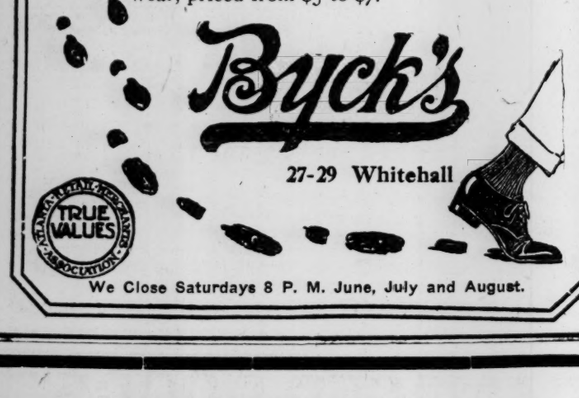

Following the enrollment of new members the address of Dr. A. M. Soule, Athens, Ga., "Increasing the Value of Cotton Seed Through Judicious Selection," and Hon. H. C. Thompson, Washington, D. C., "The Growing of Peanuts and the Manufacture of Peanut Oil," were delivered.

As a special entertainment feature a fishing party was arranged for the afternoon and the golfing members of the association began the "crushers' tournament" on the Savannah golf course.

COUNCIL PROVIDES GRADUAL DECREASE OF ATLANTA POLICE

An ordinance by the finance committee providing for the gradual reduction of the police force by twenty men was introduced yesterday in council, and, after some discussion, placed on its second reading and passed.

The ordinance provides that the force shall be reduced by twenty men following the resignation or discharge of members of the present force. None of the present officers is to be dropped, since they were elected under civil service rules.

Councilman Ashley moved that the ordinance be referred to the police committee. He urged the need for the police force at its present size. He was supported by others.

Though George Freeman voted yes when the roll was called and thus went on record as favoring the ordinance, he afterward called for a reconsideration of the paper, and his request will probably be granted at the adjourned meeting to be held next Monday. His request was overruled by Alderman Kelley, temporarily presiding for Mayor Pro Tem. Armistead, who was on the floor in the interest of the finance sheet.

The vote on the paper was as follows: Yes, Seawright, Thomson, Dunlap, Spratt, Renfroe, McCord, Williamson, Freeman of third, Woodall, Farlinger, Johnson of sixth, Mincey, White of seventh, Inman, Dolvin. No, Armistead, McDonald, Sisson, Owens, Alverson, Ashley, Johnson of fifth, Bell, Landers, Reynolds, Carpenter.

Empire Life Figures In Suit Church Files Against Stockholders

The Empire Life Insurance company case again figured in the superior court Monday morning in the suit of the Lexington Presbyterian church of Oglethorpe county against W. W. Reid, of Atlanta; H. C. Lorick and H. H. Stafford, of Augusta, stockholders.

The church claims that it owned and voted the 12½ shares of stock which decided removal of the Empire company to Augusta. The trustees were averse to voting that way, the church further claims, and did so only after the signing of a contract, by the provisions of which the three stockholders would purchase the stock belonging to the church.

The suit avers that the stockholders failed to carry out the contract, and therefore the church asks judgment of $1,500 and a decree forcing them to carry out the contract.

Bank Director Sued For Approving Loans He Knew Were Punk

Savannah, Ga., June 19.—(Special.)—Alleged irregularities of Tinsley & Hull, now defunct cotton firm, again came into the limelight today when the Chatham Bank and Trust company sued Joseph Hull, father of a member of the firm, for $78,161, claimed to be due the bank on unpaid notes.

The plaintiff sets forth that the defendant was a director of the bank and also chairman of the executive committee, and that he knew of the condition existing in the now insolvent firm, and therefore it was his duty to have protected the bank against loss through the advances it made to Tinsley & Hull.

THIS "GAS" WOULDN'T RUN AN AUTOMOBILE

In police court Monday morning, Lee Ramsey, the man arrested by Mounted Officers Webb and Evans Sunday afternoon charged with violating section 1489 of the city code, or keeping whisky on hand for the purpose of illegal sale, was held to the state courts under a bond of $200.

At the time Ramsey was arrested a five-gallon gasoline can of "moonshine" was found on his back porch by the officers. Lee declared the can to contain gasoline, but when given a test it was found that it was not the kind of gasoline to run an automobile or engine.

ELECTION OF TEACHERS TO BE HELD ON JULY 3

Professor L. M. Landrum, superintendent of city schools, announced that the annual election of teachers for the Atlanta schools will be held Monday, July 3. Teachers are elected by the school board on the nomination of the superintendent.

It is understood that several new teachers for the 1916-17 school term are to be selected at this meeting in July.

TAX ORDINANCE GOES BACK TO COMMITTEE

The tax ordinance for 1917 on which the tax committee has been laboring for several meetings was sent back to the same committee by council yesterday. It will be further considered by them and then brought up before the adjourned meeting of council to be held next Monday.

Councilman Ed Johnson moved that the present tax ordinance be adopted without changes. He argued that this was not the time for an increase of business taxes and that many people of the city did not feel any raise should be made.

He further urged that any new taxes, those levied on businesses that have heretofore not been taxed, be presented in a separate paper by the committee and presented to council in the revised form, so the members could easily dispose of the ordinance.

M'MILLAN AND WHITNEY WIN OLD DOMINION TITLE

Norfolk, Va., June 19.—Preliminary matches in the Virginia state tennis championship tournament and the challenge rounds in the Old Dominion's events were moved here from Richmond in connection with the state tournament.

Richard Tunstall and Hugh G. Whitehead lost the Old Dominion title in the men's doubles to W. V. McMillan, of Atlanta, and Eli Whitney, of New York. Score: 6-2, 8-6, 7-9 and 9-7.

Miss Molla Bjurstedt and Eli Whitney lost to Miss Florence Ballin and Carlton Smith, of Atlanta. Score: 6-4, 8-4, 7-5.

ASSISTANT IS DENIED TO PRISON PHYSICIAN

An ordinance providing for the creation of the office of assistant prison physician at the city stockade was killed in council yesterday when brought before that body. It had been introduced by Councilman Dolvin and referred to a committee for their attention.

GOVERNOR AND PARTY LEAVE FOR BLUE RIDGE

State Officials Will Make Investigation of Sulphur Fumes Situation.

LEAVE FOR BLUE RIDGE.

Governor Nat E. Harris left Atlanta Monday afternoon for Blue Ridge and other points in the sulphur fumes affected portions of north Georgia to make a personal inspection of conditions there, for the purpose of determining what course of action he will pursue in the matter of serving notice upon the Tennessee Copper company of the state's intention to seek abrogation of their present contract upon expiration and also in regard to the reappointment of the board of arbitrators.

Governor Harris was accompanied by Attorney General Clifford Walker, W. V. Reed, of the state entomological department; Dr. W. S. McCallie, state geologist, and Dr. R. E. Stallings, state chemist. The party expects to return to Atlanta Tuesday night.

Ellijay, Ga., June 19.—(Special.)—Not less than three hundred farmers of this and Dawson county assembled here at noon today to see Governor Harris and Attorney General Walker, it being understood that they would come on the train that reaches Ellijay at 11:15 today, to look into the fumes situation.

There was a disappointed crowd when the train rolled in and it was announced that the Mexican situation had claimed the governor's attention and that he had remained in Atlanta. There were old confederate soldiers and farmers from fifteen to eighteen miles back in the mountains who left their fields to come into town to see the governor and to make known their wishes in person in regard to the smoke matter. Many brought samples of leaf and twig injury done this year in this county by the fumes, also fruit twigs and garden stuff.

It has been a very long time since such marked interest has been shown by the farmers in any matter affecting the county. They are all unanimous in wanting immediate relief.

FATHER DAY MEETS DEATH BY DROWNING ON FLORIDA BEACH

News reached Atlanta yesterday that Rev. A. E. Day, rector of St. Paul's Episcopal church, located on Auburn avenue, Atlanta, was drowned Monday afternoon on the beach at Fernandina, Fla., where he was taking his vacation.

Father Day had been for a number of years rector of the Atlanta church, and was one of the best-known colored clergymen in this city.

He conducted a parochial school in connection with his church, and was a man of influence among his people. The school taught the negroes useful training and its work received the support and commendation of laymen as well as church authorities.

ATLANTA GIRL TO WED FORMER COLLEGE MATE

Class mates in 1913, at Syracuse, N. Y., Miss Helen D. Leete, of Atlanta, and Mr. William Dean Keefer, of Williamsport, Pa., will carry out their plans made three years ago and he married Saturday, according to reports reaching Atlanta today.

Miss Leete is the daughter of Bishop and Mrs. Frederick De Land Leete, of this city. Bishop Leete will perform the ceremony in the Gamma Phi Beta sorority house at Syracuse, assisted by Chancellor James R. Day, of Syracuse university.

It is stated that the couple became greatly attached to each other during their senior year at the university, and that at that time arrangements were made for a marriage.

Miss Leete will be attended by three sorority sisters, Misses Jeanette Leete, Helen Buckman, of Kingston, Pa., and Gladys Fearon, of Oneida, N. Y.

FORD TURNS TURTLE; BADLY INJURES FOUR

Bainbridge, Ga., June 19.—(Special.) What came very near being a tragedy involving a half-dozen lives occurred four miles from here last night at midnight when a Ford automobile turned turtle with its occupants. They were returning from a party in the lower part of the county when upon rounding a curve they plunged into a bank of sand and gravel by the side of the road.

Aid was summoned from Bainbridge and it was found that Miss Leslie Norman, of Moultrie, had received serious injuries to her spine, and she is now in a local hospital. Miss Clyde Phillips, of Pelham, and Miss Evelyn Smith, of Branchville, were painfully bruised. Roy Rackley and Tump Tochran, of Pelham, escaped unhurt, while J. E. Harrell, of Bainbridge, who was driving the car, was badly hurt.

BALL PLAYERS ORDERED TO JOIN STATE TROOPS

Quitman, Ga., June 19.—(Special.)—Quitman and Bainbridge are scheduled to play here Tuesday and Wednesday of this week, but seven players in the two teams have been notified that they must report at once at their homes to join the state militia preparatory to mobilization. The men who are ordered to join the colors are all stars of their teams and the two clubs will be weakened by the loss of the men.

Several other clubs in this league will also lose men who are members of the state militia.

ADMIRAL WRIGHT WILL GO TO MACON TODAY

Admiral Wright, of the Confederate Naval Veterans, who has been in this city for some time in connection with his picture story of the Confederate Navy, leaves at noon today for Macon, where he goes to arrange for a lecture in the near future. He expects to reach his Jacksonville home by the first of July.

Commission Will Hear Any Motion for Postponement at That Time.

Following the motion of Attorney W. A. Wimbish, of the Georgia Shippers' association, at the conference between representatives of the shippers and the railroads before the railroad commission last Saturday, asking for a postponement, Chairman Murphey Candler, of the state railroad commission, yesterday directed a letter stating that the commission will authorize no postponement at this time, but that hearing upon the petition of the carriers for revision of Georgia intrastate freight tariffs will come before the comission June 26, as scheduled. The letter states that the commission at that time will hear any motion for postponement that may be offered.

Attorney Wimbish had asked postponement because he will find it necessary to be in Chicago for a hearing beginning July 10.

The letter of Chairman Candler is as follows:

Atlanta, Ga., June 19, 1916.
File No. 12002.

Mr. W. A. Wimbish, Counsel, Representing Georgia Shippers' Association, Atlanta, Ga.
Mr. Lee Jordan, Counsel, Representing Georgia Manufacturers' Association, Atlanta, Ga.
Mr. M. P. Callaway, Counsel, Representing All Carriers in Georgia, Atlanta, Ga.

Gentlemen: Referring to conference held on Saturday last for the purpose of considering and arranging a program of procedure in the hearing of the application of certain Georgia carriers for a revision of interstate freight rates, at which conference Mr. W. A. Wimbish, representing the Georgia Shippers' association, stated that because of the assignment by the interstate commerce commission of an important case in which he was of counsel for July 10, next, it would be impossible for him to participate in the hearing before this commission after July 6th, for perhaps as long as four weeks from July 10, and the suggestion that the appointed hearing before this commission be postponed to a later date:

I beg to state that I have conferred with the members of this commission and have been directed to say to you that in view of the fact that the suggestion as to postponement came without previous notice; that numerous individual and trade interests vitally concerned in the matter were not present or represented at this conference called for another purpose, and were without notice of the postponement feature, in their opinion it would be improper to postpone the hearing in this informal manner.

The commission will, therefore, meet at its audience chambers in the capitol at 10 o'clock a. m., on Monday, June 26, next, as originally ordered, at which time the full commission will hear and rule upon any motion or suggestion that may be properly submitted. In this manner and at this time all interested parties desiring to be heard as to the suggested postponement will be afforded the opportunity.

Very truly yours,
C. M. CANDLER, Chairman.

Copy to Mr. S. G. McLendon, Counsel, Representing the Eastman Chamber of Commerce.

BLOOMFIELD RENAMED ON CEMETERY BOARD

P. J. Bloomfield, member of the cemetery commission was unanimously re-elected by council for a five years' term yesterday afternoon. Mayor Woodward presided.

Rheumatism Easily Relieved By Cleansing the Blood

S. S. S. Gives Quick Relief By Toning Up the Blood

Yes, but how? A natural question. The answer is that you must cleanse your blood by stimulating it to healthy, vigorous action, so that it will throw off the germs and impurities that cause Rheumatism. The action of the wonderful blood purifier, S. S. S., is to practically renew the life blood, give it vigor, stimulate the flow, making it throw out the germs and the poison impurities. The excruciating pains of Rheumatism, whether it is the shooting, stabbing Sciatica, the gripping agony of muscular Rheumatism, or aching arms and legs that break up sleep will be entirely relieved by S. S. S. Don't use nostrums and drugs. Take the blood bath—Nature's blood tonic, S. S. S. Get it at any druggist's, but insist upon S. S. S. Let us tell you about blood diseases. Send for booklet, "What the Mirror Tells," and if yours is a peculiar case, write Swift Specific Co., Atlanta, Ga., but begin treatment at once.

Birthday Party.

Mrs. W. A. Gregg entertained at a beautiful children's party yesterday afternoon at her home on Capitol avenue for her little nephew, Oliver Jones, whose 5th birthday was celebrated. Sweet peas, roses and other summer flowers, attractively arranged, were the decorations.

The pretty table in the dining room had as a centerpiece a Jack Horner's pie, representing a huge pink hollyhock. It was filled with souvenirs for the young guests, which were attached to pink and white ribbons, extending to the places. Dainty little baskets in the shape of hollyhocks and filled with pink and white candies marked the places and from the chandelier above the table floated vari colored balloons, which were presented the young guests. Games were played and the afternoon was a merry one for the little folks.

A special guest of the occasion was Miss Elizabeth Adair Gregg, lovely little daughter of Mr. and Mrs. Robert Gregg.

There were twelve little guests.

For Miss Richardson.

Mrs. William Straughn and Miss Neva Straughn entertained at an informal dancing party last night at their apartment in the McGowan, in compliment to Miss Bernie Richardson, of Wilkesbarre, Pa., the guest of Mrs. Charles Wilkins.

ATLANTA PASTORS HEAR TALK ON CHURCH MUSIC

At a meeting of the Methodist Ministers' association of Atlanta Monday morning, Dr. J. W. Quillian, pastor of St. Paul's church, discussed the subject of church music. His talk was instructive and interesting. His discussion was followed by talks from Rev. J. R. Speck and Dr. C. O. Jones. Dr. James E. Dickey, pastor of the First Methodist church, presided in the absence of Dr. A. M. Hughlett, the chairman.

Over a Thousand Enlargements Already Made by Constitution

Constitution readers desirous of having a photograph enlargement made free of any cost, by clipping a coupon from this newspaper, are asked to bring in their pictures as soon as possible, as this free offer will run for a limited time only.

We have already had over a thousand enlargements made of our readers' favorite photographs. Do not allow yourself to be left out, as it is an exceedingly simple matter to clip a coupon from this paper. Remember, that is all you have to do.

There is not a person in Atlanta or vicinity who has not some treasured picture he would like to see hanging on his wall in the form of a beautiful oval enlargement, 11x14 in size.

You could not get an enlarged portrait elsewhere that would bear a truer life-like resemblance, because we are having this work done at one of the largest portrait concerns in the world.

This enlargement will reproduce in artistic black and white effects every detail of the original, and you will be amazed and delighted with its life-like appearance. Each picture will be printed on a special quality of bromide paper, finished by air-brush and mounted on a heavy cardboard.

No portrait could be more prominent than these. They will retain their beauty forever, and are positively guaranteed not to fade or discolor.

This is an opportunity of a lifetime to have the portrait of some dear one put into permanent and artistic form.

You could not buy a portrait of the high-grade quality this paper has arranged to give you **Free** for less than $2.50.

Clip your coupon today. You will find it in another part of this paper. Bring it with the photograph you wish enlarged, to our Portait Department, Main floor, Constitution building. Be sure the picture is clear and distinct.

Remember, bring your photograph in immediately, so that your enlargement can be made as soon as possible.

For further details read the coupon.

Many Inquiries Are Made About Confederate Memorial

The many inquiries being made about the memorial of the confederacy at Stone Mountain demonstrate the broad interest being taken in the movement, not only from the patriotic, but the artistic standpoint.

The monument is a memorial to a cause—the cause of the confederacy, and in the heroic groups to be carved upon the side of the mountain there will be figures of men who were leaders in the activities of the cause.

In discussing certain details of the monument recently, Gutzon Borglum, the sculptor, stated: "Jefferson Davis will be in the main group, with Lee and Jackson.

"There will be a group commemorating the valor of the navy, with Admiral Semmes as a central figure, and every branch in the service will have expression in the memorial."

In speaking of the far-reaching interest the memorial has centered in it, that interest not confined to the south, Mr. Borglum recently remarked that the north delighted in speaking of the valor displayed by confederate heroes as the valor of Americans, for it must always be borne in mind that the men who fought for the confederate cause were the sons of those cavalier settlers who distinguished themselves in the war of the revolution. They were great Americans as well as great southerners."

In discussing the plan of organization for the Stone Mountain memorial association, Mrs. Helen Plane, the president, stated yesterday that there will be an auxiliary of the association in each state, and that the business side of the movement will be under able direction.

All funds for the present should be sent either to Mrs. Plane, the president of the association, or Mr. G. R. Donovan, treasurer of the association, Atlanta National bank.

GREAT PROSPERITY IS PROMISED FOR SOUTHWEST GEORGIA

Bainbridge, Ga., June 19.—(Special.) Crop conditions in southwest Georgia were never more promising than at present. Throughout Decatur, Early, Miller, Grady, Mitchell and the surrounding territory there is promise of the most abundant harvest this section has ever known. Farmers have used less commercial fertilizer, but the cultivation has been more intensive and intelligent.

It is true that the spring drouth cut off late oats to some extent, but nevertheless a record crop of this grain was produced. There is planted in this section the largest acreage of corn on record. This crop is practically made and those conversant with the situation say that records for corn yield will be surpassed this year. A prominent Early county farmer said a few days ago that last year was a good corn year, but this year's crop would surpass it should there be not another drop of rain. Good rains have fallen in the past week and the crop is past danger. Sweet potatoes, sugar cane and peanuts are all in flourishing condition. A good deal of wheat was planted and the yield has been good.

Cotton and tobacco are also in splendid condition. Cotton never looked better than just now, and it is not believed that the boll weevil will come in sufficient force to do much damage this year. The tobacco crop is almost ready for priming and an unusual yield of the highest quality is expected. Prices are good and it is believed that tobacco farmers will have a profitable year. On the whole, the promise of prosperity was never greater in this section. Farmers have made their crops at a minimum expense and it is believed that good times will reign in this section this fall.

SOUTH PRYOR STREET PAVING IS APPROVED

Councilman McCord's ordinance providing for the paving of South Pryor street between Garnett and Georgia avenue, with vitrified brick, was passed by council yesterday with little opposition.

He explained that the county had agreed to meet the expenses of the city for the work amounting to about $4,100, and that the remainder of the cost would be paid by the property owners along the street on the assessment basis.

FEDERAL EMPLOYEES WILL ENTER PARADE

That more than 500 men could be recruited in the federal building alone, and including only government employees, to march in the preparedness paradé July 4, provided the parade is held at a convenient hour for the men to "get off," is the opinion of Postmaster Bolling H. Jones.

Mr. Jones suggests that the parade be held after 11 o'clock, so that the entire force of letter carriers and mail workers, who will have to work a part of July 4, owing to the fact that one mail delivery is to be made upon that day, can participate, and that efforts be made to enlist every employee of Uncle Sam in Atlanta to march.

Also he suggests asking Judges Newman and Pardee to head the procession. He expressed it as his opinion that every department head and practically every one of the subordinate officials and employees would gladly lend their presence to the cause of stimulating interest in preparedness.

Youthful, Beautiful Skin Easy to Have

You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons and temperatures, winds, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spoil by external means. Ordinary mercolized wax will do this. It will actually absorb the weather-soiled film-skin, a little each day. In a week or two you'll have a brand-new complexion, a new skin. The exquisitely beautiful and youthful complexion thus acquired, comes so easily, without harm or discomfort, there's no reason why any woman should not adopt this simple treatment. Get an ounce of mercolized wax at any drug store, apply nightly like cold cream, washing it off mornings. This will not fail in any case.

To quickly remove wrinkles, signs of care and age, bathe the face occasionally in a solution of powdered saxolite, 1 oz., dissolved in ½ pt. witch hazel. The results will surprise you.

CLERK OF CRIMINAL COURT ON VACATION

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear a watch tick tell how they had their hearing restored by this English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

Therefore, if you know someone who is troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows:

From your druggist obtain 1 oz. of Parmint (Double Strength), about 75c worth. Take this home and add to it ¼ pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take a tablespoonful four times a day.

Parmint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are usually remarkably quick and effective.

Every person who has catarrh in any form should give this recipe a trial and free themselves from this destructive disease.

BIG SENIOR CLASS TO GET DIPLOMAS

Commercial High School Graduating Exercises on Friday Night.

The graduating exercises of the Commercial High school will take place at the Auditorium on Friday at 8:15 p. m. These exercises will be particularly interesting because this class is not only the largest to be graduated from any of the high schools this year, but is also the only one composed of both boys and girls.

The Commercial High school was put on a co-educational basis last fall. Forty-eight girls and sixty-one boys will receive their diplomas on the night of the 30th. Tickets to the exercises will be placed on sale next week, the exact date and place to be announced later.

The girls who will graduate are as follows:

Vera Summers, class president; Minnie Atkinson, Carrie Boatenreiter, Fannie Lee Braswell, Beulah Canada, Ernestine Cason, Allene Chambers, Marion Chambers, Ruth Clarke, Dora Clein, Jennie Coleman, Martha Cook, Sarah Feldman, Dorothy May Fischer, Nell Flynn, Mary Gates, Marie Gerlach, Rose Goldstein, Mattie Hiers, Mildred Hollingsworth, Lois Jackson, Emma Jennings, Mamie Johnson, Meta Kreis, Ruth Keuttner, Mabel Kutscher, Helen McCarrick, Mae McDonald, Marie Mathieu, Mamie Norton, Ida Peacock, Myrtle Phillips, Fredda Rapp, Dora Sauls, Vivian Schnitz, Sara E. Siegel, Ruth Stocks, Vera Summers, Gussie Swafford, Mamie Taylor, Juanita Thomas, LaFontaine Thomas, Clara Turner, Louisa Viewig, Ruth Walker, Imogene Weaver, Louise Wells, Vera Summers, Cora Stanford.

The boys who will receive diplomas are: Edwin Williams, class president; James L. Allen, Carl J. Asbury, Sam Balser, Moses Banks, Harry Barkin, Virginius Beem, Gober C. Brewer, Polk C. Brockman, Carl Cannon, George M. Couch, Albert E. Cox, William W. Daniell, Howard Davidson, Eugene P. Donald, Oscar Doyle, Isadore Feldman, Irvin Fenchel, Harry B. Ferguson, Paul Flury, Raleigh J. ATLANTANS ASKED TO COME TO AID OF NEEDY FAMILY

With one eye destroyed and threatened with the loss of the other one, and with a wife and several children dependent upon his earnings, the case of T. A. Lewis, 576 Whitehall street, is one of a nature so pathetic that friends yesterday launched a movement looking to the relief of the family.

Mrs. I. Springer has taken the initiative, and she has made a thorough investigation of the case. Some time ago, she reports, Mr. Lewis lost an eye. The other is affected, and he faces the loss of it. However, physicians declare that it probably can be saved by an operation, but to defray the cost of which Mr. Lewis hasn't the means.

As a matter of fact, he is practically penniless because of the great expense to which he has been put by illness and through loss of time by being incapacitated for work, and the family itself is in a sad plight.

Mr. Lewis is in nowise a beggar and shrinks at soliciting alms, but he is anxious to render himself self-sustaining and to be able to save enough money to pay for the operation in which lies the only hope he has for averting total blindness.

Mrs. Springer, therefore, suggests that the public at large be appealed to, and she invites every citizen in and outside of Atlanta who can spare a little money to send it by mail to Mr. Lewis at the address given above, the donations to be applied to a stock of goods and a kit, with which the unfortunate man hopes to be able by peddling to meet his urgent needs.

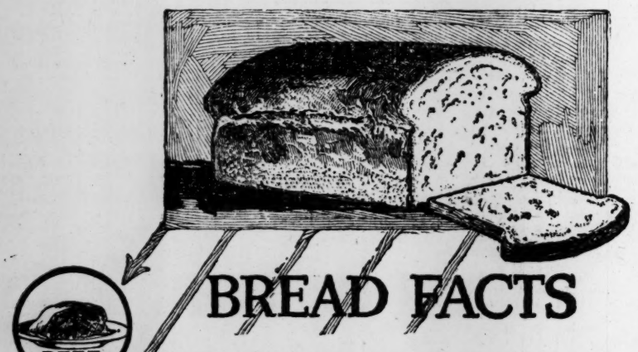

WILL AWARD CONTRACTS FOR TWO NEW SCHOOLS

The board of county school commissioners will hold its regular monthly meeting Thursday morning at 10 o'clock, at which time, it is stated, contracts will be awarded for the erection of two proposed new county schools and bids will be opened for the erection of the county high school.

The first school for which bids have already been received is the Perkerson school, which will be erected on Stewart avenue, and the second to be known as the Joseph W. Humphries school will be built near Orchard Knob.

Plans for the two buildings are identical and the awarding of one contract will mean the awarding of both.

Superintendent E. C. Merry stated Monday that the proposed Peachtree Heights High school would also be discussed at Thursday morning's session.

BREAD FACTS

EVERYBODY should eat plenty of good white bread. It is wholesome, nutritious and very easy to digest.

It is easy to bake bread along with your other cooking. Made in your own clean kitchen, from your own selected materials, you can be sure of its purity, wholesomeness and fine flavor.

Bread is the cheapest food in the world because it supplies the most nutriment for the least money.

Ten cents' worth of flour contains more nourishment than ten cents' worth of any other food you can buy.

The amount of heat and muscular power furnished the body is measured in calories or fuel units. The table below (prepared from U. S. Dept. of Agriculture Bulletin No. 142) shows the amount of energy (in calories) that ten cents will buy in flour and five other staple foods:

		Calories
Wheat flour	@ 3¢ lb.	5440
" "	@ 4¢ lb.	4080
Rice	@ 8¢ lb.	2025
Potatoes	@ 90¢ bu.	1970
Cheese	@ 25¢ lb.	752
Salt Codfish	@ 7¢ lb.	465
Beef; sirloin	@ 25¢ lb.	410

All these foods are wholesome and desirable but, as the figures show, wheat flour gives far more for the money. Cut down the food bill by eating more bread and biscuits and less of the more expensive foods.

Worm Has Turned, Teacher Now Pupil At Summer School

100 Atlanta Teachers Enroll in the Summer Normal School — Summer School for Boys and Girls Also Conducted.

Monday morning 100 Atlanta and Fulton county teachers enrolled as scholars in the summer normal school that is being held at the Girls' High school. For six weeks they will play the role of student.

While Atlanta boys and girls are enjoying their vacation, the teachers who frowned down on them during the winter will be answering questions and trying to work examples. If any one is kept in after school during the summer months it will be the teachers and not the pupils of Atlanta.

The normal school was established to give teachers of the city and county schools an opportunity to increase their efficiency by summer work. The faculty of the school is made up of the ablest normal teachers.

Professor J. C. Wardlaw, who is responsible for the summer school, thinks that the enrollment will go to 125 before the week is out. Many teachers from neighboring towns have written asking if they may attend. The school is for any one that cares to enroll.

The summer school faculty is composed of Dr. F. B. Dresler, Professor and Mrs. Joseph Roemer, Misses Florence Ingram and Darthula Walker, all of George Peabody college, for teachers, Miss Anne T. Brewer of Baltimore, Miss Annette E. Hinds of Columbia university and Miss Lillie Wurm, principal of the Calhoun school of Atlanta.

Summer School for Kiddies.

The city is also running nine summer schools for the boys and girls of the city. These schools will last not less than six weeks and not longer than nine. One of the schools is for pupils who have been recommended to skip a grade. The other eight are for children who were deficient in one or more studies during the past school term.

The nine summer schools for the boys and girls are located at the following schools: Ivy street school, Hill street school, Moreland avenue school, Davis street school, Faith school, State street school, Calhoun school, Lee street school and Fraser street school.

DAUGHTERS OF OMAR AT THE SHRINE BALL PLAN FOR BIG TIME

The "Daughters of Omar" are looking forward to a great ceremonial next Thursday night, immediately following the entertainment to be given at the Auditorium by Yaarab Temple. The ceremonial will be held in Taft Hall during the grand ball which will be in progress in the Auditorium hall, and the wives and daughters of Masons who were initiated into this secret order at the March entertainment are scouring the city for candidates to initiate next Thursday night.

Members of Yaarab Temple having in charge the perfecting of details for the grand, spectacular entrance of the illustrious potentate and his divan and the ceremonies to follow in the throne room, are now at work at the Auditorium getting everything in readiness to awe the general public by this magnificent scene of Oriental splendor.

J. Lee Barnes, who made a hit at the "District Skule" entertainment last winter, has accepted a heavy comedy part in Captain W. L. Pomeroy's patrol, and given bond to Fred Patterson that he will not break up the performance. The band, patrol and "ranters" of "Razzah Shine" were put through a rehearsal of the burlesque part of the performance last night under the direction of Wylie West, the "Disastrous Rottenate of the Shine," and he is satisfied that everything is in readiness to make Yaarab's entertainment Thursday night an event of unusual enjoyment to all who attend.

NEW ARTISTS ON LIST OF COLUMBIA RECORDS

Quite unusual is the announcement of the July list of Columbia records in the opportunity offered of hearing for the first time new artists on talking machine records. No less than four world stars make their first offering in July. Florence Macbeth, the "Minnesota nightingale," one of America's greatest native coloratura sopranos and soloist with the Chicago Grand Opera company, sings Strauss' "Spring Voices" and Horn's "I've Been Roaming," a fairy-like and sprightly melody. Eddy Brown, the most sensational exponent of violin technique ever born in America, plays a composition he has featured throughout his concert appearances, de Sarasate's "Caprice Basque." Chopin's "Nocturne in E Minor" is the coupling. Leon Rothier, one of the very great basso voices of the day, for over five years the star bass in the Metropolitan Opera company, has recently returned from the French firing lines, and sings the famous "O Isis Et Osiris" from Mozart's "Magic Flute," and the famous bass solo from Verdi's "Don Carlos." Helen Stanley is the fourth new artist, also a prima donna soprano of the Chicago Opera company, and a very beautiful singer of beautiful songs. Her offerings are Strelezki's well known "Dreams" and "Shelley's "Love's Sorrow."

Very varied is the balance of the list. Al Jolson, supreme comedian, sings "Down Where the Swanee River Flows" from the present Winter Garden success; Weston and Young, famous vaudeville laughing comedians, sing two very interesting laughing songs; Orville Harrold shares honors with his wife, Lydia Locke, in two beautiful tenor and soprano duets, "Awake, Dearest One," by Ball, and Ray's "The Sunshine of Your Smile." Homer Rodeheaver, Billy Sunday's musical partner, sings his famous "Brighten the Corner Where You Are" and "If Your Heart Keeps Right."

Sixteen popular songs, including such well-known popular hits as "Are You Half the Man Your Mother Thought You'd Be?" "My Dreamy China Lady," "Shades of Night," a trio of very remarkable beauty; "I Can Dance With Everybody but My Wife" will appeal to all lovers of popular music.

ROTARIANS PREPARE FOR BIG CONVENTION

Final plans for attending the international convention of Rotary clubs will be perfected Tuesday night at 6:30 o'clock, following the annual banquet of the Atlanta Rotarians at the Kimball house.

Delegations of Rotarians from Georgia, South Carolina, Florida and Havana, Cuba, will leave from Atlanta on the "Southeastern Special," a special train made up to carry the members to the convention in Cincinnati July 16-20. The train will leave Atlanta July 14. Sixty-five members of the local organization will attend.

At the annual banquet tonight new officers will be elected. A report will be had from the retiring officers and the convention plans will be perfected.

Efforts will be made by the Atlanta and Georgia delegations to bring the 1917 convention to this city.

BIG GRAPHITE PLANT PROPOSED FOR ATLANTA

Million-Dollar Corporation, to Mine Product in N. C. and Reduce It Here, Being Formed.

With the development of graphite mines in North Carolina and the manufacture of the various grades of graphite products in an extensive factory to be erected in Atlanta, as the ends in view, the organization of a million-dollar corporation, to be composed of Atlanta, New York and Canadian capitalists, is under way here and the articles of incorporation are in course of preparation.

H. M. Ashe, of H. M. Ashe & Co., realty firm, 1330 Healey building, is secretary of the organization preliminary to the formation of the permanent corporation. The names of Mr. Ashe's associates he declined to reveal at this time.

A tentative organization of a syndicate has been formed, preliminary to the permanent corporation, which is said to have procured a two-year lease with option of purchase on extensive holdings of mineral lands in North Carolina, which, according to an engineer's report, contain graphite "in unlimited quantities," this property reported to be for some years rich with both flake and amorphous graphite. According to engineers and others who have made expert examination of the enterprise, the deposits can be worked at a minimum proportionate cost for such operations.

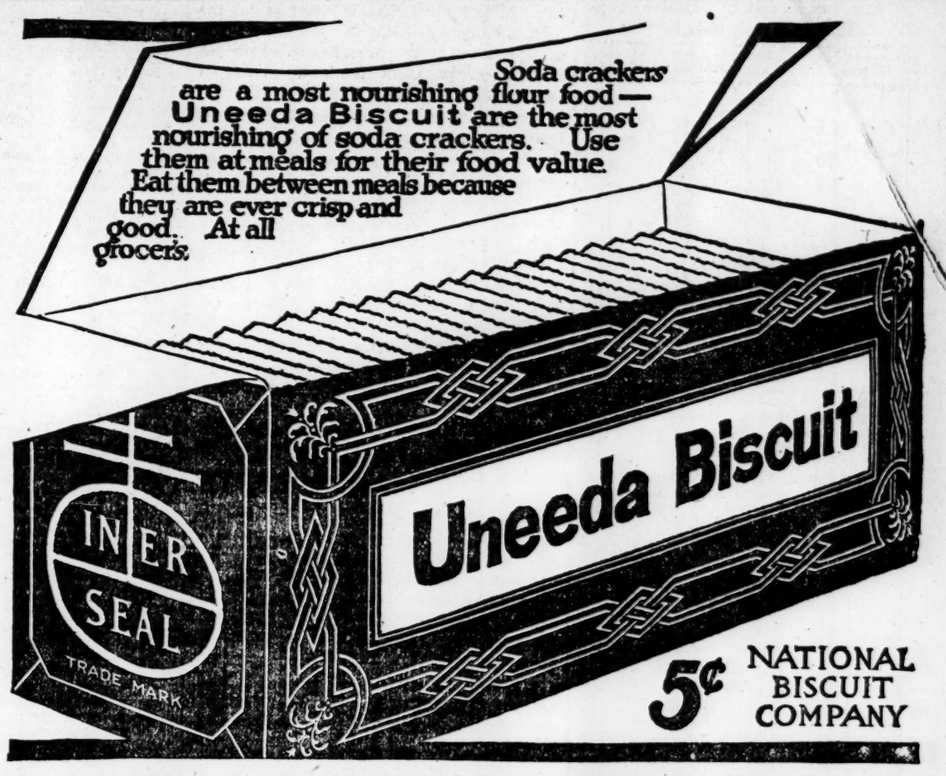

The demand for graphite in the United States since the outbreak of the war is said to have been and is now four times the volume of production. The negotiations, so far as they have gone, are based upon antebellum prices and conditions, however, and it is upon these that the capitalists involved have become interested.

The plan in view by the organizers of this proposed concern is to capitalize at $1,000,000, but to sell only $25,000 work of capital stock prior to the actual purchase of the mine. Atlanta is, according to their plan, to be made the manufacturing and distributing center for the entire output, which is proposed to run into thousands of tons per month, and the factory will employ a large force of skilled and comman workmen.

The organizers already have practically decided upon a site upon which to locate its proposed Atlanta factory.

TECH CLUB ORGANIZED IN NEW YORK CITY

Governor Harris yesterday received a letter from H. B. Evans, secretary of the Georgia Tech club, of New York city, apprised him of the fact that this club has been organized and that the governor has been elected the first honorary member of the organization. Dr. K. G. Matheson, president of Tech, was elected an honorary member at the time of the election of Governor Harris, states the letter. J. H. Williams, of New York, is the president of the club.

A TEST OF THE SYSTEM.

President Wilson's call for the national guard troops of the United States for service upon the Mexican border affords interesting opportunity for a fair test of the efficiency of the national guard system.

There has been considerable recent discussion of the military qualities and possibilities of the national guard, especially in connection with the enactment of the army increase bill by congress. Various facts have been presented ranging all the way from downright opposition to the national guard as a branch of the national military service to a desire to make it the first and foremost feature, at least in point of numbers, in the national army.

Singularly enough, right upon the heels of this discussion, the national guard is called for and will be put to the test. Unfortunately, perhaps, this test cannot be made under the new army bill, because present enlistments come under the terms of the Dick law, which does not require national guard service except where it is voluntary, outside of the limits of the United States. However, the conditions are such as will make the test a thorough one. It will call the vast majority of the national guard force of the entire country to the Mexican border, and possibly give it opportunity to cross the border voluntarily, if the occasion arises.

Conditions which came up in connection with the war with Spain nearly twenty years ago, thoroughly demonstrated the inefficiency of a national guard which is not subject to duty beyond the limits of the country. When the national guard was called out in that war it was necessary to reorganize it, recruit it and rebuild it from the ground up. That portion of it called into service at that time carried 75 per cent of new material, both officers and men.

If the United States would build a thoroughly capable and efficient national guard system, it must do it on the basis that when a call is made, every man shall answer, regardless of where or how far he has to go and serve. If in an emergency call it becomes necessary to stop and recruit and rebuild, then the whole force and efficiency of the national guard system are lost.

It is manifestly out of the question to expect or require of the national guard that same efficiency and discipline characteristic of the regular army, where the men are continually on duty twenty-four hours in the day. But its membership can be expected and required to enlist under the condition that they will go whenever called and wherever sent.

As this supreme test of efficiency comes to the system, it is perhaps fortunate at this time that the direction of the national guard forces and their co-ordination with the regular army is lodged in the hands of Brigadier General Albert L. Mills at the head of this particular division of the war department. With so capable and efficient an officer in charge of the national guard branch of the service, it will unquestionably have careful and accurate direction, and it may be predicted in advance that the test will meet no obstacles from that end of the line.

On the whole, it will no doubt prove fortunate that this opportunity came to the national guard just when it did. Upon the results attained will depend in large measure its future status as part and parcel of the United States army.

MOULTRIE'S BIG MEETING.

They are in serious earnest down at Moultrie, Ga., about that great live stock convention which has been called for next Tuesday and Wednesday, June 27 and 28.

"Your presence is urgently requested," says the invitation, and Moultrie means every word of it. No Georgia community has ever thrown its whole heart and energy into any affair in greater proportion than has Moultrie in putting herself back of what undoubtedly will be "Georgia's greatest live stock convention."

This gathering is not simply a south Georgia affair. It is held in a south Georgia city because in that territory most interest has been shown in the progress of this industry, which, in a short year or two, has been developed above and beyond all expectations. If all the rest of Georgia had been as enterprising and energetic in the matter of pushing the live stock industry as has the section adjacent to Moultrie the state would at least be near the point today where the importation of meat products would no longer be a necessity.

Joining in the invitation to all Georgians interested in the growth of the cattle industry, to attend this convention, are the Georgia branch of the Southern Settlement and Development organization, the Moultrie Chamber of Commerce, the Georgia Dairy and Live Stock association, the State Bureau of Animal Industry, the State College of Agriculture, and the following railroads: The Atlanta, Birmingham and Atlantic, the Georgia Northern, the Valdosta, Moultrie and Western, the Georgia and Florida, and the Flint River and Northeastern.

"The future of Georgia and the south is inseparably linked with the future of the live stock business," is an interesting statement appearing upon the invitation signed by the foregoing railroad companies and others indicated. The signature of these railroads to this invitation is particularly significant just now, when some of them at least, along with other railroads of the state, are petitioning the railroad commission for somewhat extraordinary increases in freight rates on the raw material and products of the very industry which this convention is seeking to build.

There could be no more important business gathering held in Georgia just at this time. It is one regarding which farmers the state over need every possible encouragement. In it there is promise of their salvation from "one-crop" slavery. It points the way to that agricultural diversification which means greater prosperity for the farmer and the state.

It would supply that encouragement, it would be almost a magnanimous thing on the part of the railroads of Georgia if they would demonstrate the sincerity of their protestations with regard to building this industry in Georgia, by announcing before the Moultrie convention that they had withdrawn their petition for increased rates for the transportation of live stock and the products thereof, within the limits of this state.

PROHIBITION IN AUGUSTA.

Editor Thomas W. Loyless, of The Augusta Chronicle, points out interesting and extraordinary advantages to the community in many respects as the result of "prohibition that prohibits." He says:

> Results that are almost incomprehensible are coming to pass in Augusta since prohibition that prohibits has become a reality. It is not alone in the crowded marts nor in the places of plenty that evidence of beneficial character is to be found, but in the highways and byways, where the lowly and the lonely find their habitation, the benefits are fully attested.

According to Editor Loyless, real prohibition in Augusta, now that it has come to pass, is helping the person whom prohibition laws were most intended to help—"the poor devil who spent probably his last dollar and then went out to try, by some hook or crook, to get a little more to spend for whisky."

The interesting pen picture of the Augusta situation as drawn by The Chronicle, does not apply to that city alone, but to every large community in the state where the laws were violated and whisky was freely sold prior to the enactment of the present prohibition laws. Not only that, but the same conditions apply to many of the smaller towns and country communities of Georgia into which liquor was shipped by the demijohn and barrel without hindrance or restraint.

"The only calamitous result that has yet been precipitated by prohibition up to date is the scarcity of convicts," according to Editor Loyless, whose keen humor shines out even in the most serious discussion. There will be no wailing over the diminution of stripes and chains. It may cost a few of the counties a little more money to keep their public works going, but it will be money well spent and which will go to the daily maintenance of families instead of supporting larger convict gangs.

It is impossible to predict at this stage just how successful the new prohibition laws are going to be. It is certain, however, they are going to be fairly tried and tested. Not only will they be enforced here and there, or about in spots, but it has been made clear that the test is to reach every quarter and community of the state.

But if the only misfortune they bring upon Georgia is a shortage in her convict gangs, it may be predicted in advance that they will have stood the test.

Yes, sir, I fought with "Stonewall"
And faced the fight with Lee,
But if this old Union goes to war,
Make one more gun for me.
I didn't shrink from Sherman
As he galloped to the sea,
But if this here Union goes to war,
Make one more gun for me.

I was with 'em at Manassas—
The bully boys in gray,

And many a time this sword o' mine
Has blazed the route for Lee,
But if this old Union goes to war
Make one more gun for me.

I'm not so full o' fightin',
Nor half so full o' fun
As I was back in the Sixties
When I shouldered my old gun;
It may be that my hair is white—
Such things, you know, must be;
But if this old Union's in for fight
Make one more gun for me!

"In case we get down to business with Mexico," says the Billville Banner, "there are civil war veterans hereabouts who hope their age won't be a bar to their taking a hand in the scrimmage; and the grizzled Billville brigade would wish to fight with their old war-rifles that have been overhauled and polished up. Some of these rifles have a record. We know of **one** that is **so notched** for every ten men that fell before it that there's might little room left from stock to barrel end! ORGANIZE EXCHANGE TO SECURE MARKETS FOR GEORGIA PRODUCT

A large attendance of the canners of the state is expected at the meeting of the Georgia Canners' exchange, which the Georgia Chamber of Commerce has called for Wednesday, June 21, at 10 a. m., at the Chamber of Commerce hall.

R. R. Sibley, of Demorest, Ga., a strong advocate of the cause, in talking to a Constitution reporter Monday, said:

"The exchange aims to make Georgia a great canning state. There are about 4,000 members of canning clubs of Georgia. But Georgia has a low rating in the statistics of the country.

"Our state is capable of producing many products suitable for canning," said Mr. Sibley. "These products can be packed here, and shipped to outside markets in sufficient quantities to bring to Georgia farmers an annual revenue of millions of dollars. The canning industry should be developed so as to place Georgia among the leading canning states of the union. The Georgia Canning exchange is being organized to assist in the establishment of canneries in every town in Georgia where a supply of canning materials can be raised."

Mr. Sibley said further that the exchange proposes to standardize the pack of Georgia can goods, put up by the different canneries, and will co-operate in every way in installing a uniform type of canning equipments, and the use of the same processes throughout, thus assuring uniformity and high quality.

"The exchange expects to teach the can goods consumer that the name of Georgia on canned goods stands for the highest quality, and is determined to place Georgia products in a position equal, if not superior, to California goods.

"Primarily, the exchange is a marketing and distributing organization, along the same general plan as the Georgia Fruit exchange and other marketing organizations. To secure the greatest advantages in marketing, standard pack and equipment and the general promotion of the development of the canning industry throughout the state are essential. The exchange is desirous of getting in touch with localities wishing canneries established and with trade organizations that will assist in the promotion of the same."

NO WOOD SHINGLES IN ATLANTA AFTER JANUARY 1, 1917

The ordinance abolishing wood shingles in the city, introduced in council some weeks ago by Councilman Fred Woodall, was passed yesterday afternoon following a tie vote, which was broken by Alderman Kelley, acting chairman in place of Mayor Pro Tem. Jesse Armistead, who took the floor to speak on the finance sheet. It will become operative January 1, 1917.

The vote was as follows:

Yes: Thomson, Seawright, Sisson, Dunlap, Spratt, Alverson, Williamson, Freeman of the third, Woodall, Johnson of the fifth, Johnson of the sixth. No: Armistead, McDonald, Owens, Renfroe, Ashley, Bell, Mincey, White of the seventh, Landers, Carpenter and Dolvin.

When the report of the ordinance committee was called for it was found that in some manner the wood shingle ordinance was not included in the papers brought to council by Gordon Hurtel, secretary to the mayor, in whose charge they had been placed following the last meeting of the committee. The vote was delayed until the last part of the meeting because of this fact. It was later discovered and brought in by Walter Taylor, clerk.

The ordinance provides that no wood shingles shall be used inside the city limits, after it becomes effective. It further provides that the present wood shingle roofs shall not be repaired more than 50 per cent of their total area if they become damaged through fire or have to be repaired for any other reason. If it becomes necessary to repair more than 50 per cent of a wood roof, it must then be replaced with a fire-proof roofing material of some sort coming under the provisions of the ordinance.

RIPPLING RHYMES
BY WALT MASON

WHISKERS.

I often cry, "Oh, goodness gracious! My whiskers, rank, apocynaceous, grow faster every year; it takes so much of toil and trouble, to mow away the doggone stubble—I still must shear and shear." I'm shaving, with the lather foaming, at early morn and in the gloaming, and by the midnight lamp; I'm shaving when I should be earning some coin to keep the fires a-burning, till I have barber's cramp. The time men waste, their whiskers mowing, if it were spent in useful sowing, would renovate the earth; why, ask the Innocent Bystanders, do faces run to oleanders, which have no price or worth? It must be great to be a woman, upon whose face, so fair and bloomin', alfala doesn't grow; she doesn't, with her sisters, gather, at barbershops, the taste of lather she doesn't ever know. But man must always be a-stropping; to mow away the new outcropping, his tools must have an edge; and if his whiskers are neglected, his friends will cry, till he's dejected, "Come from behind the hedge!"

LUX FUIT.

Behold! She stands,
A lily and a light,
As signal to all lands
That what is right
Is beautiful;
And Liberty
Makes possible
A world democracy.

A Night in June.

A silver moon soft radiance sends
Upon the flower-strewn earth,
A fairy-like enchantment lends,
To quicken joy and mirth.

The myriad stars that fleck the skies,
Though scattered here and there,
Break up the night, where darkness lies,
And twinkle everywhere.

On such a night, fond lovers plight
Their troth, as Jove looks down,
And laughs at perjuries held light,
Then views them with a frown.

On such a night the starry sky
Bends down to kiss the earth,
And storm, and cloud, and shadows fly
At Love and Beauty's birth.

For Reign of Law.

(From The Mobile (Ala.) Register.)

Nowhere has there been a stronger indorsement of law enforcement than in The Atlanta Constitution. An editorial in Tuesday's issue treats specifically of enforcement of the tick eradication law. In Georgia there is opposition to the law just as there is everywhere the law is put in operation, opposition based largely upon ignorance. We find it in Mobile county, but the opponents have been wisely advised not to buck against the law, but to co-operate with the quarantine officers and help along the dipping. This is being done in every beat in the county, and there has not been one single lawless incident.

In Georgia, as in Mississippi, they are dynamiting vats. Nothing of this sort has happened anywhere in Alabama, except in one county, that we have heard of, and that it has not be resorted to is due largely to the spirit of the law-enforcing officers. They have reasoned with the cattle men and their neighbors, have organized public sentiment in favor of dipping, and have been careful not to stir up any bad blood. When it has been necessary to take the opponents of dipping into the courts this has been done, but in such a manner as to leave no sting after the trial.

This plan is suggested to the people of Georgia and of all other states which are having trouble enforcing the tick eradication law.

What The Constitution has to say about the reign of law in general is so wise that it is reproduced in another column on this page. On no other question in this country are the people more stirred up than on that of enforcement, and the lawbreakers may as well make up their minds to this fact and obey the law, for, in the end, they are going to be made to do so.

DIVORCE EVIL SHOULD BE ABATED IN GEORGIA, SAYS JUDGE ELLIS

Editor Constitution: I know you to be personally devoted to the uplift of humanity, and I have been pleased to see from time to time the efforts of The Constitution to call public attention to the growing evils of divorce.

That it is a menace to the progress of enlightenment, and I might say of civilization, all conservative people admit. In order to make this paper short, to make it easy to be read, to make it easily understood, I will condense the results I have found from reliable statistics and much careful observation. From statistics gathered by the United States census bureau in its investigations for the census of 1910, and from court records, I announce the following:

1. The United States leads the civilized world in the number of divorces granted in proportion to population.

2. The number of divorces granted in the United States each succeeding year has increased in a proportion double that of the increase in population.

3. The character and standing of persons seeking divorces has steadily advanced.

4. The number of divorced persons who quickly re-marry has increased in rapid proportion, showing that divorces are not only becoming in the public eye respectable, but popular.

5. The divorce evil is growing very much greater in cities than in country towns, villages and neighborhoods, though it is increasing there, too.

Conditions in Georgia.

The above statements are general. Let us come home to our own state.

In Georgia, previous to a third of a century ago, divorces were exceedingly rare. A divorced man or woman was a rare sight, and, although tolerated, never envied or even admired.

Now, the divorce has entered into many of the most prominent families of the state. Now, the divorced man or woman is not only tolerated, but has been much sought after for matrimonial engagements while the divorce proceedings are in progress.

In Georgia cities, as a rule, the suits for divorce brought by white persons largely exceeds those brought by colored people; in Atlanta, by two to one. In the country districts, I am told, it is the other way.

There are some states where divorces can be obtained in a shorter period than in our state, **but in none are they easier to obtain.**

Cruel Treatment.

In this state, four-fifths of the divorces are obtained on the ground known as "cruel treatment." Cruel treatment, as a ground for divorce, is defined to be "the willful infliction of pain, either **physical** or **mental**, such as to reasonably justify **apprehension** of danger to life, limb or health." What is mental pain? What is apprehension of danger to health? What amount of such pain would reasonably justify apprehension of danger to health?

In an undefended divorce case, and the plaintiff the only witness, what strength has the marriage tie to resist the effort to break it? What becomes of the "holy bonds of wedlock?"

In this county, a search into the records of the office of the ordinary, where marriage licenses are issued, and to which returns are to be made, an approximate estimate shows that for about a period of the first six months of 1916 about 550 marriages of white people have taken place, and about 550 marriages between colored people. **The total number of marriages for the first half of 1916 approximately amounts to eleven hundred.**

During the same period, counting the undefended divorce cases to be hard in early July, there had been, and will be, about four hundred divorce cases heard and determined. As each case must be tried twice, it would appear that **two hundred divorces will have been granted in a little more than six months.**

One Out of Every Six.

Taking the number of marriages at eleven hundred, and THE DIVORCES AT TWO HUNDRED, IT WOULD APPEAR THAT DIVORCES GRANTED WOULD BE A LITTLE MORE THAN ONE DIVORCE TO EVERY SIX MARRIAGES.

What an appalling result appears from the study of these figures.

To show that something is demanded to stem the tide of undefended divorces, I desire to say that I heard at least one-third of the cases of divorce during the term of estimate for this year in this county, and **ONLY TWO OF THEM WERE BONA FIDE AND VIGOROUSLY CONTESTED.**

One of the contested cases resulted in a mistrial, and after the failure of the jury to agree, the parties made up their differences, and are now living, I am told, quite contentedly as man and wife.

In the other case, the jury found for the defendant, and as there are five children involved, it is to be hoped that some reconciliation can be had in that case. This shows how deterrent would be requirements that a full investigation should be had.

In one of the prominent cities of the northwest, the divorce evil has progressed to the extent that it is contemplated to establish a special court, to be known as the court of reconciliation.

Now, something ought to be done. I believe that divorces should be granted in proper cases, but they should not be granted to suit the whims or caprices of people who obtain them now on their uncorroborated testimony.

To the legislature before the present one I submitted three bills, one providing that no total divorce shall be granted on the uncorroborated testimony of the plaintiff; another providing that no divorced person shall marry until a year after the divorce; and the other provided for some proper representation of the public, the state, in undefended divorce cases. These bills were referred to the judiciary committee, and allowed to **die.**

I again presented some bills practically to the same effect, and they are now in the hands of the lawyers in the legislature.

No Attack on Lawyers.

I am far from making any attack on lawyers. I practiced law over thirty years, and have been on the bench nearly ten, and have great love and respect for members of the bar, most of whom are able and patriotic, but there are some who are neither. This divorce business brings fees. Four hundred cases at $25 per case would amount to ten thousand dollars. The general public should take a hand in the matter.

Some of the lawyers in the legislature are earnestly in favor of doing something about this evil; they want to do what is right. There are some, judging from speeches they made in the committee, who do not desire, and, if they can help it, will not permit anything to be done.

Your paper reaches all classes of people. If the people realize the situation, they will demand that something be done. Some of them, judging from many letters I have received, do most earnestly favor action. No law can entirely abate the trouble, but some laws will at least be deterrent.

Let us proclaim that Georgia is not one of the easiest places in the United States to procure a divorce. Let us show this by enacting some remedial legislation on the subject.

I do not care for notoriety on this or any other subjects. I do not ask that you publish this letter. I only say and write now and then on this subject because I see the evil of the present situation and I send this communication because you and your paper have expressed the opinion that something ought to be done, and I realize how much can be done calling public attention to needed legislation. Very truly yours,

W. D. ELLIS,
Judge Superior Court, Atlanta District.

Swimming Course Ticket Will Be Exchanged for Single Coupon

In order to render it as simple and easy as possible for every non-swimming man, and boy over 12 years old, in Atlanta to enjoy and profit by The Constitution's offer of a course of three free swimming lessons at the Young Men's Christian association; and in view of the fact that only three more coupons will be printed—the one in this issue and those to be in the issues of The Constitution of Wednesday and Thursday—a ticket for the lessons will be issued in exchange for only one of these coupons, instead of three, as formerly announced.

This coupon must be presented at the office of the Atlanta Y. M. C. A. on or before Friday, and in return the holder will be given a free ticket for the course of three lessons, which are guaranteed to teach any ordinary man or boy how to swim at least 50 feet. After the pupil has accomplished this it is only a matter of practice for him to become an expert swimmer.

Also, in connection with these lessons the life-saving feature will be kept ever in view, to the end, it is hoped, that as a result of the lessons not less than 500 Atlanta men and boys will have been taught not only how to care for themselves in the water, but taught swimming in such a manner that they may progress of their own accord and by their own practice until they shall be capable of helping others, whose lives may be imperiled in the water, and also capable of teaching the art and points of swimming to their children and non-swimming friends.

Discussing another phase of swimming—that of the benefits and possibilities as a builder of muscle and conserver of health—A. K. Franklin, instructor of physical culture at the Y. M. C. A., who will have general charge of the free swimming instruction, said Monday:

"There is no harder strain on the constitution than prolonged activity. For a business man to sit in his office day after day for half his lifetime is a far greater strain than the work of a day laborer who digs ditches for the same length of time.

"To offset the evils of a sedentary life there is no better exercise than swimming. It brings into activity every muscle of the body, but does not cause an undue strain on any one group of muscles.

"On examination of the muscles of all enthusiastic swimmers there will be found a proportionate development of all groups. Swimming keeps the muscles supple and enlarges the diaphragm and thorax, wards off consumption, strengthens the spinal column, corrects hunchback and evils that arise from the improper use of clothing.

"As a means of strengthening the skin, swimming has no equal. The muscles are brought into action being released from the weight of heavy garments."

Young Ladies Named to Serve On the "Home Products" Table

Mrs. V. H. Kriegshaber, chairman of the ladies' committee No. 1, announces the appointment of the young ladies who will serve the home products table.

The chamber of commerce has had prepared some very handsome sashes made of satin ribbon on which has been printed in purple "Atlanta Home Products."

The waitresses are Miss Alice Cooper, Miss Anna Pearce Barnes, Miss Louise Johnson, Miss Roberta Bruce, Miss Louise Cramer, Miss Elizabeth Marsh, Miss Carolyn Vickers, Miss Catherine Vickers, Miss Marian Perdue, Miss Tommy Perdue, Miss Marie Morris, Miss Louise Loomis, Miss Bessie Hollewell, Miss Marian Kriegshaber, Miss Katherine Lambert, Miss Graham Lambert, Miss Madge Grossman, Miss Sarah Wolfsheimer, Miss Bessie Levy, Miss Isabelle Stevenson, Miss Lucile Goodrich, Miss Martha Smith, Miss Margaret Bridge, Miss Lorena Brotherton, Miss Edna Lee Richards, Miss Pearl Richards, Miss Mamie Walker, Miss Annie de Jarnette, Miss Joyce White, Miss Julia McIntyre, Miss Carrie Lou Born, Miss Dorothy Weber, Mrs. Emerson Ham.

Indications are that there will be from 1,000 to 1,500 persons present at this picnic Wednesday. W. H. White, Jr., chairman, and Brooks Morgan, compose a committee which is arranging the table of Atlanta home products.

Jack H. Lewis, chairman, has arranged a driving tee for golf at the northwest corner of the plaza, driving due south for 300 yards between two very interesting mental hazards.

Asa G. Candler is arranging to have a special make of bats and balls for the baseball game which will be staged shortly after dinner. Captain E. L. Connally has been warming up his pitchers getting them ready for the fray; while Captain A. M. Hughlett says that his heavy-slugging outfields won't do a thing to the outer team."

Carpenters were at work Monday afternoon on a large platform which is being erected for the "stunts" committee. This committee has arranged a special program for the children and prizes have been offered by the following firms: Davison-Paxon-Stokes company, M. Rich & Bros. company, Chamberlin-Johnson-DuBose company, J. P. Allen company; J. M. High company, Keely company.

Rosalind.

I.

Ah, how I yet recall the blessed day
When we together walked Love's holy way;
Strange, unseen lutes made music in the wind
Because of you, dear Rosalind.

II.

The stolid years have crowded thick and fast;
Your pictured face is buried in the past,
Yet when the skies of every Springtime bend,
The lutes still play for Rosalind.

III.

Ah! Fate divorce my fortunes, if you will—
Take house and lands, but this much leave me still—
That I may hear until my journey's end
The lutes that play for Rosalind.

JOBS KEPT OPEN FOR MILITIAMEN

Council Leads the Way and Many Atlanta Concerns Issue Similar Offers to All Employees.

Acting on a resolution by Alderman Thomson, council yesterday voted unanimously to allow all city employees who are members of the Fifth regiment to remain on the payrolls of the city during their absence from the city on duty with the forces at the Mexican border.

The resolution provided further that their names shall be kept on the city books as employees in the various departments in which they now serve and that in the event any person is employed to fill the places his employment shall be only temporary. Employees who return from the front will be given their old positions. There was no opposition to the paper.

In addition to the above action by council, many firms in Atlanta have made similar concessions to their men.

Crane Company Offer.

Manager E. H. Thompson, of the Atlanta branch of the Crane company, large plumbing and mill supply manufacturers of Chicago, was in receipt of a telegram from his headquarters late Monday afternoon ordering him to give any employee who was a member of the militia six months' leave of absence with full pay and the assurance that if they were in service longer than six months, further financial provisions would be made for them, as well as their jobs being kept open until their return.

The action of the Crane company is in line with similar steps which are being taken by every manufacturer and merchant throughout the United States, following President Wilson's call for soldiers Sunday night. Similar action has been taken by many local merchants and manufacturers.

The telegram from the Crane company to its Atlanta manager reads as follows:

"Inform all men in your employ who are members of the state militia that company will allow them full pay for six months while they are in service. If in service longer than six months some provision will be made for them and positions will be left open until their return.

(Signed) "E. H. RAYMOND,
"Secretary of the Crane Company."

Joint Terminals Order.

The Atlanta Joint Terminals issued notice to all its employees Monday afternoon along line of the one sent out by the Crane company, offering all employees an indefinite leave of absence and the assurance of getting their jobs back upon their return to Atlanta.

The notice sent to all offices of the Terminals company Monday was as follows:

"All employees of the Atlanta Joint Terminals who belong to the state militia will be granted an indefinite leave of absence on request and their positions will be held open for them until their return.

"Any employee who desires to enlist with either the state militia or any regular army, in case of a call for volunteers, will also be granted an indefinite leave of absence and their positions held open for them until their return.

(Signed) "JOHN D. PATTERSON,
"Superintendent."

Showing that he is in sympathy with the order, Mr. Patterson stated Monday afternoon that he might be too old to fight, but he would certainly like to be on the front when the expected happened.

"I'll tell you, son," he stated to the reporter, "I'm too old to fight, but if they want any railroad work done, I'm ready to do it."

Manager George H. Hickman, of the Forsyth, told every employee of the theater last night that a leave of absence would be granted to all who wished to join the fifth.

"I will not stand in the way of any one rallying to the colors," said Mr. Hickman. "Every man who joins the Fifth will do so with my commendation and will find his position waiting for him when he returns. I am making this offer so that no man may hesitate through fear of losing his position to do what he feels his duty."

E. D. West, southern manager of Fairbanks, Morse & Co., announces that all employees of the company who are members of the militia will have their jobs waiting for them when they return, and the non-commissioned officers will receive half-pay while they are away.

CITY COMMITTEE WILL MEET FRIDAY AT NOON

A meeting of the city executive committee has been called for Friday at noon in the council chamber of the city hall for the purpose of fixing the date of the city primary and other details of the coming city election.

It has been stated by members of this committee that the date of the primary be set at the meeting for Thursday, August 24. This was the tentative agreement at the informal meeting of the committee held last week in the Ansley hotel, when the committeemen were the guests at a dinner given by J. E. Belcher, secretary.

It is further stated that the committee will vote to close the books to candidates on July 24 one month before the date of the primary. This will give about five weeks for possible candidates to announce. Other details for handling the primary will be determined at the meeting.

Mobilization Orders Issued By Adjutant General Nash

Following the receipt from Governor Nat E. Harris of orders to mobilize the Georgia National Guard, with the exception of the coast artillery and the unattached battalion of infantry, Adjutant General J. Van Holt Nash yesterday morning issued the necessary orders and full instructions for the mobilization of the state's forces this morning at 8 o'clock.

Besides his orders to the commanders of the national guard instructing them to mobilize their commands Tuesday morning at 8 o'clock, the adjutant general issued two general orders, one being general order No. 8, setting out the conditions under which the national guard will muster into the federal service, and the other, known as general order No. 9, giving the detail instructions for carrying out the mobilization of the troops.

Orders to Officers.

The order to the commanders of the national guard is as follows:

"Atlanta, Ga., June 19, 1916.

"Commanders Entire National Guard of Georgia:

"With the exception of the coast artillery and third separate battalion you are directed to assemble the organization of your command at their respective home stations at 8 o'clock a. m., June 20, 1916, in field uniforms, preparatory to their muster into the United States army at a later date, and to recruit up to a minimum strength of 65, and if possible, the maximum of 142, at once; and report when ready to proceed to mobilization camp. The detailed order follows.

(Signed) "J. VAN HOLT NASH,
"Adjutant General National Guard of Georgia."

General Order No. 8, is as folows:

"The secretary of war having notified the governor of this state that before the organized militia of Georgia can be recognized by the federal government as national guard, and receive federal recognition and support under provisions of the new congressional act, approved June 3, 1916, or receive thereunder any benefit whatsoever, in the way of pay funds, appropriations or equipment that each and every officer and enlisted man of the present force must take and subscribe to the oath prescribed for them respectively in sections 70 and 78, of said act, as follows:

"Section 70—I do hereby acknowledge to have voluntarily enlisted this ..... day of ....., 19.., as a soldier in the national guard of the United States and of the state of Georgia for the period of three years in service and three years in reserve, under the condition prescribed by law, unless sooner discharged by proper authorities. And I do solemnly swear that I will bear true faith and allegiance to the United States of America and to the state of Georgia and that I will serve them honestly and faithfully against all of their enemies, whosoever, and that I will obey the orders of the president of the United States and of the governor of the state of Georgia; and of the officers appointed over me according to law and the rules and articles of war.'

"Credit for time served under old enlistment will be given on new contract.

"Section 73. I, ..., do solemnly swear that I will support and defend the constitution of the United States and the constitution of the state of Georgia against all their enemies, foreign and domestic, and that I will bear true faith and allegiance to the same; and that I will obey the orders of the president of the United States and of the governor of the state of Georgia; and that I make this obligation freely, without any mental reservations or purpose of evasion; that I will well and faithfuly discharge the duties of the office of ..... in the national guard of the United States and of the state of Georgia, upon which I am about to enter, so help me God.'

"Further under section 61 of said act the states are prohibited from maintaining any other troops than those authorized, and under section 116, penalties for failure to comply with the provisions of said act are prescribed, therefore it is manifest that prompt action by this state is necessary to receive federal recognition by July 1, 1916, and in order that this state may receive federal recognition and begin operating under the new law without delay, all commanding officers are detailed to muster their respective organizations at once, and have proper oaths taken and subscribed to and forwarded to this department.

"Discharges for all individuals who fail to take and subscribe to the new oath will be requested at once through proper channels. The immediate disbandment of any organization will be ordered if less than 50 per cent of its present enlisted strength fails to take and subscribe to the required oath.

"The oaths for officers and contracts and oaths for enlisted men will be subscribed and sworn to before a recognized officer of the national guard. To be qualified for this duty the officer must first have subscribed to the oath for commissioned officers of the national guard in the form set forth above, before a notary public or an officer of the regular army.

"By order of the governor,

"J. VAN HOLT NASH,
"The Adjutant General."

General Order No. 9.

General order No. 9 follows in part:

1. In accord with telegram of the secretary of war dated June 18, 1916, calling forth, in the name of the United States, under the constitution and laws of the United States, one brigade of infantry, consisting of the First, Second and Fifth regiments, one squadron of cavalry, consisting of troops B, F, K and L, one separate troop of cavalry, troop A, one battalion of field artillery, consisting of batteries A, B and C, and one field hospital, of the organized militia of the state, to be employed in the service of the United States, the members of said organized militia, except as hereinafter prescribed, will assemble at their respective home stations at 8 o'clock a. m. on the 20th day of June, 1916, in the equipment prescribed for field duty, preparatory to their muster into the service of the United States at a later date. Officers and enlisted men will habitually wear uniform.

2. The following departmental officers will report in person to the adjutant general at 8 a. m. on the 20th day of June, 1916:

Major W. J. Daniel, chief quartermaster corps; Major F. M. Cochran, adjutant general's department; Major W. T. Spratt, ordnance department; Major E. C. Davis, chief surgeon; Captain Arthur McCollum, quartermaster corps; Captain J. H. Crouch, quartermaster corps; Captain H. T. Morrison, quartermaster corps.

3. Regimental, battalion, squadron and company commanders are charged with subsisting the enlisted men of the national guard reporting at their respective home stations, and for this purpose they will be limited to an allowance of 75 cents per day for each enlisted man actually present for duty, as shown by the morning report. United States pay beginning from hour of reporting at company rendezvous. They are also charged with providing the necessary fuel, bedding and forage, and for the shoeing of the authorized horses pertaining to their respective organizations. The expenses for such purposes shall not exceed the allowance authorized by army regulations (A. R. 3913, Pr. 1044-1077.) Purchases will be made covering periods of five days at a time; to obtain settlements therefor, receipted vouchers will be obtained on United States forms, and forwarded for payment direct to the adjutant general of the state.

While troops remain at their home stations, and where adequate armory facilities do not exist for sleeping, organization commanders are authorized to permit such enlisted men of their respective companies as they may designate to sleep at home.

5. All officers and enlisted men will be examined by an officer of the medical department prior to their leaving their company rendezvous, with a view to determining the presence of any infectious or contagious diseases. Married men, whose families would be left dependent in their absence, and single men upon whom rests the sole support of their families who would be left indigent in their absence, will be discharged upon proper application, accompanied by affidavits submitted to the adjutant general through proper channels.

6. Commanding officers of organizations will cause them to be recruited to their maximum strength, given in tables of organizations, United States army, 1914, section 2. No recruit will be accepted until he has been given a thorough physical examination by a medical officer, and has been found to conform to the physical standard prescribed for the regular army.

7. The acountable officers in each organization are designated as the representative of the governor, to act with the designated mustering officers of the United States to inventory and inspect all property belonging to the United States, and the state, and taken by the national guard into the federal service."

LAUDED VON DER GOLTZ AND THEN DROPPED DEAD

London, June 19.—The death of Lieutenant General Count von Moltke at the memorial service to Field Marshal von der Goltz yesterday occurred just after he had delivered a eulogy of the late distinguished soldier, according to dispatches from Berlin forwarded by the Copenhagen correspondent of the Exchange Telegraph company. General von Moltke had pronounced Field Marshal von de Goltz one of the world's greatest organizers, when he became ill. He was able to finish his speech, but fell to the floor and expired five minutes later.

The German emperor in a telegram of condolence from main headquarters to Count von Moltke's widow, according to a Reuter Amsterdam dispatch, said:

"Words fail to give full expression to my feelings. . . . The fatherland will not forget his great services. So long as I live I shall gratefully remember what this upright, wise man, with a character of gold and a warm, loyal heart, was to me and my army. . . . I have lost a true friend in him."

HIGH PRICES FOR SUGAR TO CONTINUE AFTER WAR

New York, June 19.—High sugar prices will continue for some time after the European war, Claus A. Spreckels, president of the Federal Sugar Refining Company, declared in addressing the annual meeting of the company's stockholders here today. He also announced that no portion of the surplus of the company would be distributed to holders of common shares at present, but that the money will be used for betterment.

"Unlike other commodities for which the war has created an abnormal demand," said Mr. Spreckels, "sugar is an essential at all times and to all peoples. The destruction of mills, the ravaging of fields, and the slaughter of workmen have put it completely out of the power of foreign sugar producing countries to supply any part of their own or the world's needs and the condition is, in my opinion, likely to endure for several years after the war ends.

"American refiners are now supplying practically all Europe. England, France, Switzerland, Greece and other countries, which formerly drew their own supply, in part at least, from continental Europe, now depend on the American market and, as a consequence, the price of sugar has risen to a degree which insures a comfortable profit."

Retiring directors were re-elected at the meeting.

POLING TO "KEYNOTE" AT PROHI CONVENTION

Chicago, June 19.—Announcement was made today at the headquarters of the prohibition national committee of the selection of Daniel A. Poling, of Boston, to deliver the "keynote" address and be temporary chairman of the prohibition national convention to be held at St. Paul, Minn., July 19 to 21.

Among the names of possible candidates for president on the prohibition ticket mentioned are Eugene N. Foss, J. Frank Hanly, William Sulzer and Ira Landrith, of Boston, president of the World's Y. M. C. A. convention.

GA. MILITIA ORDERED TO TAKE NEW OATH

Continued From First Page.

perfected with the utmost promptitude was indicated by dispatches received by The Constitution last night. The members of these organizations have expressed themselves as ready to go at a moment's notice. It is most likely that the adjutant general will be apprised of the completed mobilization of every organization in the state now under orders before sundown Tuesday.

When each man reports for duty at his armory this morning, however, it does not mean that he is then a member of the militia which will be mobilized at Macon to be sent to the Mexican border, for the war department has announced that it will not recognize any man as a member of the national guard until he has taken the oath required under the new act regulating the militia. This decision on the part of Washington virtually makes the new act effective immediately.

Must Take New Oath.

Every man and officer of the Georgia militia who has not already taken this new oath will be required to do so immediately. The effect of this oath will be that of pledging one's self to go anywhere in the service of the United States that the president may order, and this service is not restricted to the territory of the United States. Under this oath it will be possible for the president not merely to order the militia to the border, as is the scope of the order under which the troops of Georgia are now being mobilized, but the president may order the troops across the border and into Mexico.

Instructions from Washington are that any declining to take the oath under the new regulations are to be relieved from further service.

Those taking the oath under the new regulations will be given credit in the new enlistment for time served under the old enlistment. The new enlistment is for a period of six years, three of which are to be served in actiye service and the remaining three years to be served in the reserve.

Here Is New Oath.

The oath which enlisted men will be required to take under the new regulations is contained in section 70 of the new act. Section 70 reads as follows:

"Enlisted men in the national guard of the several states, territories and the District of Columbia now serving under enlistment contracts which contain an obligation to defend the constitution of the United States and to obey the orders of the president of the United States shall be recognized as members of the national guard under the provisions of this act for the unexpired portion of their enlistment contracts. When any such enlistment contract does not contain such obligation the enlisted man shall not be recognized as a member of the national guard until he shall have signed an enlistment contract and taken and subscribed to the following oath of enlistment, upon signing which credit shall be given for the period already served under the old enlistment contract:

"'I do hereby acknowledge to have voluntarily enlisted this — day of —, 19—, as a soldier in the national guard of the United States and of the state of ——— for a period of three years in service and three years in reserve, under the conditions prescribed by law, unless sooner discharged by proper authority. And I do solemnly swear that I will bear true faith and allegiance to the United States of America and to the state of ———, and that I will serve them honestly and faithfully against all their enemies whomsoever, and that I will obey the orders of the president of the United States and of the governor of the state of ———, and of the officers appointed over me according to law and the rules and articles of war.'"

Oath of Officers.

The oath which commissioned officers of the national guard are required to take under the new act is contained in section 73, which reads as follows:

"Commissioned officers of the national guard of the several states, territories and the District of Columbia now serving under commissions regularly issued shall continue in office, as officers of the national guard, without the issuance of new commissions: Provided, that said officers have taken, or shall take and subscribe to the following oath of office:

"'I, ——, do solemnly swear that I will support and defend the constitution of the United States and the constitution of the state of ——, against all emenies, foreign and domestic; that I will bear true faith and allegiance to the same; that I will obey the orders of the president of the United States and of the governor of the state of ———; that I make this obligation freely, without any mental reservation or purpose of evasion, and that I will well and faithfully discharge the duties of the office of ——— in the national guard of the United States and of the state of ——— upon which I am about to enter, so help me God.'"

Militia Called.

The military detachments which will be required to mobilize are as follows:

Infantry—First regiment, consisting of Companies A, Augusta; B, Augusta; C, Fitzgerald; D, Augusta; E, Waynesboro; F, Quitman; G, Brunswick; H, Savannah; I, Savannah; K, Savannah; L, Savannah; M, Savannah.

Second regiment, consisting of Companies A, Jackson; B, Macon; C, Macon; D, Columbus; E, Milledgeville; F, Macon; G, Barnesville; H, Monroe; I, Americus; K, Albany; L, Griffin; M, Forsyth.

Fifth regiment, which is made up entirely of Atlanta companies, A, B, C, D, E, F, G, H, I, K and L and the Fifth regiment band.

Of the cavalry, Troops A, Savannah; B, Liberty county; F, Gainesville; K, Augusta, and L, Atlanta, all of which constitute the Second squadron, in addition to which is included an unattached troop of cavalry located in Savannah.

Of the field artillery, Batteries A and C, of Savannah, and Battery B, of Atlanta.

The hospital corps in Atlanta, which is the only hospital corps attached to the Georgia militia, is included in the order.

Albany Guard Ready for Duty.

Albany, Ga., June 19.—(Special.)—The Albany Guard, company K, Third Georgia infantry, are fully recruited to the minimum peace strength of 65 enlisted men and three officers, and will be prepared to leave for mobilization camp on very short notice.

As soon as it became generally known that the national guard had been ordered out, Captain Saye, commanding the local company, began receiving inquiries from nearby towns, where there seems to be a good many young patriots anxious to see service on the Mexican border. Captain Saye believes he will be able to recruit the company to war strength in Albany, and Lieutenant James W. Armstrong will remain here on recruiting duty when the company goes to Macon.

Practically all members of the company reported for duty today, and are being inspected tonight. Captain Saye is a veteran of the Philippine campaigns.

Recruiting Active in Americus.

Americus, Ga., June 19.—(Special.)—The Americus light infantry, company I, Second Georgia regiment, will assemble at their armory here at 8 o'clock Tuesday morning under orders received by Captain James A. Fort this afternoon from Colonel J. A. Thomas, of Second regiment.

Recruiting is active, in charge of Second Lieutenant B. C. Hogue, and it is expected that the full company of 65 men will be ready for mobilization in the morning. The officers, privates and citizens, greeted the order with satisfaction.

Recruiting Brisk at Forsyth.

Forsyth, Ga., June 19.—(Special.)—The Quitman Guards, sixty-five strong, are ready for service in Mexico. Pursuant to the order from the adjutant general, the members of this company, which is company M, Second infantry, National Guard of Georgia, have been ordered to assemble at the armory here Tuesday morning at 8 o'clock. At the time of the receipt of the order, the local company already had the required sixty-five men, but since that time the officers have been enlisting new men, and it is expected that nearly a hundred men will be ready to attend the mobilization camp at Macon. The officers of the Forsyth company are O. H. B. Bloodworth, Jr., captain, and B. T. Watkins, first lieutenant. There is a vacancy in the second lieutenantcy, which will be filled by an election ordered for Thursday night.

Practically the entire membership of the company is willing to sign the new oath which will allow the president to send them into Mexico for service. The officers signed the oath some weeks ago.

The probability of actual service has been received with delight by the members, and this has stimulated the recruiting. Several former members, in various parts of the state, have notified the commanding officer that they were returning to enlist and go with the company to the border.

Lindale Riflemen Clamor for Service.

Rome, Ga., June 19.—(Special.)—The call for the natinal guard of Georgia to mobilize at Macon apparently does not include the Lindale Rifles, company E, of the unattached battalion. However, members of the company are ready and anxious to go to the Mexican border, and have announced their readiness to travel at any time. The company is recruited up to a strength of 72 enlisted men and three officers. Most of the men have been in service for years, and have seen riot duty in Atlanta, Rockmart and elsewh... The company's equipment is in ...llent condition, and the men ready fo... ll.

Call to Arms Pleases Columbus Military.

Columbus, Ga., June 19.—(Special.) Washington dispatches received in this city Sunday night containing the information that the president had called out the militia of all states, was received with great jubilation by members of the Columbus Guards, who caused to be interlined under copies of the bulletins posted at several points around the city: "The Columbus Guards Are Ready." The local company, naturally, along with other companies of the entire state, will have to be recruited to war strength, and First Lieutenant R. B. Pekor, recruiting officer for Muscogee county, has plans formulated for speedily bringing the company to the required strength. At a late hour this afternoon it was not known when the Guards would move to the mobilization camp, but men and officials are eager for the order.

Savannah's Preparation.

Savannah, Ga., June 19.—(Special.)—All of Savannah's military organizations met tonight preliminary to tomorrow's official meeting to get ready to enter the federal service.

The guards coast artillery, which have not yet been ordered out, was advised by their commanding officer, Maj. George C. Heyward, that he had been instructed to recruit the commands to their required strength. He told the men, who have been rather left out of the preparations up to this evening, that he felt certain the coast artillery would be called on within fifteen or twenty days. Just what would be done with them seems problematical. It is considered likely they may be sent to Fort Screven to relieve the regulars there. The Chatham First regiment soldiers and officers have been ordered to assemble in their armories at 8 o'clock tomorrow morning preparatory to being mustered into United States service at an early date. These men expect to be sent to Macon before the end of the week.

The manner in which business people are co-operating with the military officers is most gratifying to them. Many big concerns today notified their employees that their places not only would be held open for them, but some of them promised to continue the salaries.

FORSYTH COMPANY WILL ANSWER CALL, SAYS BLOODWORTH

Captain O. H. P. Bloodworth, of Forsyth, journal clerk of the lower house of the Georgia general assembly, and editor of The Monroe Advertiser, called upon the governor yesterday and told him that his command at Forsyth, already recruited to the necessary strength, stands ready to answer upon a moment's notice.

When Captain Bloodworth's company responds to the mobilization call the chances appeared Monday that The Monroe Advertiser would have to shut up shop, but "I should worry," says Captain Bloodworth. Every man working on The Monroe Advertiser is a member of Captain Bloodworth's company.

READY FOR SERVICE ON MEXICAN FRONT, SAYS JUDGE HODGES

Judge Robert L. Hodges, who recently succeeded Judge Richard B. Russell upon the state court of appeals bench, when he learned Monday morning of the call for the mobilization of the Georgia militia, called upon Governor Harris and tendered his services.

Judge Hodges declared that if he could serve his state in this manner he deemed it of more importance than his place upon the appellate bench.

Judge Hodges was captain of Company H, third regiment of Georgia, volunteers in the Spanish-American war, having resigned the solicitorship of Bibb superior court to serve in 1898.

FRED MORRIS READY FOR MEXICAN TRIP, HE TELLS GOVERNOR

Representative Fred Morris, of Cobb county, and member of the governor's military staff, called upon Governor Harris Monday morning and offered his services to the state under the call for mobilization.

Although Representative Morris has the title of lieutenant colonel, by virtue of his membership on the governor's staff, Representative Morris declared that insofar as he was concerned he would take his chances "with the boys."

"I want to go with the boys and get up in the front line with them where there will be something doing," said Representative Morris. "I guess if the rest of them can stand the trenches I can too, and you can just count me in."

WAYCROSS COMPANY, INDEPENDENT, WILL GO IF STATE ASKS

Governor Harris was informed by telegram from Congressman Randall Walker, of the Eleventh district, yesterday morning that Captain Hal Lambdin, of Waycross, stands ready to offer the state a company of 150 men.

Congressman Walker said that this company is an independent organization and is not now attached to the national guard of Georgia.

VALDOSTA WANTS DESIGNATION AS MILITARY CAMP

Valdosta, Ga., June 19.—(Special.)—Valdosta is urging the selection of this city as a military concentration camp.

Messages from J. J. Newman and J. M. Ashley, president and secretary of the Valdosta Chamber of Commerce; W. D. Peeples, mayor pro tem., and from private citizens were forwarded today to Senators Hoke Smith and Hardwick, and to Secretary of War Baker, offering a site in this city for a camp.

While Macon has been named as the place for the mobilization of the state militia, it is understood that other camps will be established in the south for the concentration of troops after they have been mobilized in their home states.

Roman Patents Device For Applying Kerosene For Auto Motive Power

Rome, Ga., June 19.—(Special.)—An invention that will practically revolutionize the automobile and motor industry has just been patented by Carl Gardner. The device is one that permits the use of kerosene instead of gasoline as a fuel for engines.

Gardner is an electrician, and has been working on the invention for some time and is backed by local capitalists. The device is small in size and can be manufactured and marketed for a moderate price. It utilizes dry cells, and is attached to the automobile so as to heat the kerosene before it passes into the combustion chamber of the engine.

The inventor successfully made a trip to Chattanooga and return from Rome, using only kerosene as fuel. The round trip of more than a hundred and fifty miles was made on seven gallons of kerosene, mileage as good or better than that obtained from gasoline.

O'BEAR OFFERS SERVICES.

Former Adjutant General of Georgia Volunteers.

Brigadier General W. G. Obear, retired, former adjutant general of Georgia, yesterday tendered his services to the state for service under the mobilization orders now being carried out.

Captain P. M. Cleveland, of Griffin, was another retired officer to tender his services.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

CADOMENE TABLETS THE TRUE TONIC

Retain your youth, elasticity and normal strength. Feed the nerves, the tissues and every structure of the body.

Drive away care, worry, sleeplessness, hideous dreams, heart palpitation, shortness of breath, attacks of dizziness, faintness, headache, weakness, unreliable memory, capriciousness of temper, easily induced fatigue, inefficient functioning of the structures or complete failure.

A profound sense of worry is perhaps the most marked and characteristic symptom of nervousness. It extends to every detail of business, amusement, food, drink, the physical state, the domestic and social relation; hardly an act or thought goes by without its disproportionate accompaniment or worry. This symptom often shows itself in the drawn and haggard, disappointed looking countenance.

In recent and chronic cases the good effects of Cadomene Tablets are felt early and every step taken is held; there is no retrogression. Strength gradually returns, fatigue is diminished, the nerves are soothed to the point of allowing restful slumber, the appetite for ordinary food returns, the unceasing worry is dissipated and the other disagreeable symptoms vanish to appear no more.

The restored individual looks once more upon life with a quiet, contented heart, sound nerves and abounding strength, nerve force and the ability to enjoy in full measure the duties of life.

Remember that Cadomene Tablets contain in highly concentrated form precisely and only those elements which stimulate and permanently strengthen and invigorate the nerve and tissue cells.

Cadomene Tablets bring about an elevation of feeling, a lightness of mood of spirits with cheerfulness and pleasure. Cadomene quickens the mind's action and braces up the physical tone without exacting any toll by a later reaction in shattered nerves.

CRACKERS WIN OPENER FROM VOLS

Edited by DICK JEMISON

Thrasher's Triple in Sixth Breaks Up Pitchers' Battle And Wins for Locals, 1 to 0

By Quimby Melton.

Wells held the Crackers to two hits in Monday's game, but that was enough to win, 1 to 0. In fact, the Crackers could have parted with one of the hits, for it was Frank Thasher's triple to the fence and a sacrifice fly that pushed the only run of the game across the rubber.

Scott Perry and Dick Wells staged a pretty pitchers' battle. Perry gave up three hits to Wells' two, but the Vols were unable to make their hits tally.

Thrasher Triples.

Scott Perry and Manager Frank have Thrasher to thank for yesterday's victory. In the sixth he smashed one for three bags that resulted in the only run of the game. Moran produced a sacrifice fly that enabled Thrasher to score.

Both teams played errorless ball. The fielding was fast and brilliant plays were the rule. Tommy McMillan and Murch were the stars of the game. McMillan saved Perry an error and probably the game when he made a spectacular catch of a wild throw to second by Perry in the second inning and caught Baker at second when Williams attempted to sacrifice him. But for his quick work both Baker and Williams would have been safe with no one down.

Jake Murch also qualified as a game saver in the sixth when with a man on third he robbed Lee of a clean single over the bag and retired the side. Munch went into the air after the hit, which was a line drive, and captured it with his bare hand.

The second game of the Cracker-Vol series will be played this afternoon. So far the Nashville crowd has managed to win four out of the six games they have played with the locals. Manager Frank and his team are anxious to even things up on this series.

Off on Road Trip.

Thursday the Crackers leave home for Chattanooga, where they will play the Lookouts four games, a double-header being scheduled for Saturday. The Crackers will remain away from home until July 3, when they return home for two days and then hit the road again.

By winning Monday's game the Crackers moved up a whole game in the league standing. Every game won from the Vols is a full game jump upward, as the Nashville crew is ahead of the locals in the standing.

BIG FOUR

Cordele 4, Dawson 2.

Dawson, Ga., June 19.—Cordele defeated Dawson in the opening game of the series, the locals playing with a changed line-up. The visitors found Wolfe easy and Wilder relieved him in the seventh. Vaughan twirled a good consistent game and was given gilt-edge support by his teammates. Nunnally made a phenomenal catch of a foul in the seventh with two men on. Spence made his debut with the locals and showed up well.

WADLEY WANTS GAMES; ASSURES SQUARE DEAL

Wadley, Ga., June 19. — (Special.)—Wadley easily defeated the fast Wrightsville team here today by the score of 11 to 1. The feature of the game was the air-tight pitching of Durden, for Wadley, and the sensational fielding of Holloman in left. Fallow, at second base for Wadley, was a demon with the war club. Wadley wants games with amateur teams, as we have some of the best amateurs in the state on our team. We guarantee good treatment and square deal, not only to baseball team here, but to visitors, also.

Gulls 6, Chicks 4.

Mobile, June 19.—Mobile won a free-hitting game from Memphis today, score 6 to 4. Merritt was driven from the box in the third inning, when six hits, one of them a double, scored five runs for Mobile. Cavet, with a double and two singles; Walsh with the same, and Paulet with three singles, led the hitting.

Third Baseman John Dodge, of the Mobile team, who was struck in the face with a pitched ball during Sunday's game, is in a serious condition. He is suffering from concussion of the brain.

JOHNNIE DODGE DEAD; HIT BY PITCHED BALL

Was Knocked Unconscious in the Game Sunday at Nashville.

Mobile, Ala., June 19.—Johnnie Dodge, third baseman of the Mobile team, died tonight at a local sanitarium as the result of injuries received when struck in the face with a pitched ball during the Mobile-Nashville game Sunday. Dodge died at 7:30 o'clock tonight. He was struck while at bat in the seventh inning of Sunday's game with Rogers pitching for Nashville. He attempted to dodge the ball, but it broke into him as he fell to the ground. He died from concussion of the brain.

The Memphis-Mobile game scheduled for tomorrow has been cancelled out of respect for Player Dodge.

This was his second year in the Southern league, and Johnnie was a popular player, not only with the home fans, but all over the circuit. He at one time played on the Nashville team with Pitcher Rogers.

Dodge saw service in the big leagues as a member of the Phillies and the Cincinnati Reds. Because of light hitting he was sent to Louisville in the American association, and later to Nashville. When the Vols released him Mobile grabbed at the chance to land him and he has been playing good ball for Charlie Schmidt ever since.

News of the death of Johnnie Dodge was received in Atlanta with regret. Dodge was popular in this city, not only with the Crackers, but with the fans, who knew him as a clean, hard-working ball player.

SHIPS AUTO TRUCK PREPARED IN HURRY FOR MEXIC CRISIS

Three hours and twenty minutes to build and properly equip an auto truck for the use of the militia in its preparation for the coming Mexican campaign proved conclusively Monday that American merchants are prepared for such crises.

News reached Atlanta Monday that Adjutant General Dickson, of Springfield, Ill., in charge of the militia of that state, had wired an order to the Smith's Form-a-Truck company Chicago, for a truck to be used by the Illinois state guard. The order was received at 11:05 o'clock Monday morning, and at 3:15 o'clock that afternoon the truck was loaded and ready for shipment to the signal corps, national guard of Illinois.

LINDALE WINS FROM CARROLLTON

Carrollton, Ga., June 19.—(Special.)—Lindale defeated Carrollton this afternoon in the first game of the series by a score of 9 to 8. Robinson was wild and had little control, passing three men in the third inning and giving up two hits. This, coupled with Snider's error, enabled the visitors to score five runs. The home team rallied in their half of the third, batting in four runs, but were never able to overcome the lead. The feature of the game was Hammock's batting, getting two home runs, one in the third and one in the ninth.

CHAMPION WINS BY SMALL MARGIN

Mountain Station, N. J., June 19.—Harold A. Throckmorton, the challenger last year for the middle states championship, narrowly missed elimination in the second round of the annual tournament for the title today on the turf of the Orange Lawn Tennis club here. Suffering greatly from overplay, Throckmorton lapsed into a wild streak in the second set. He finally steadied and defeated F. G. French, 6-1, 7-9, 6-1.

Bad weather and defaults cut down the number of matches contested.

L. Dunham beat George Throckmorton, 6-2, 6-2; F. C. Inman beat J. F. Hubbard, 6-0, 6-1; L. D. Woodbury beat R. C. Rand, of Harvard, 6-2, 6-4; C. F. Watson, Jr., beat F. T. Frelinghuysen, 6-1, 6-4; F. G. French beat Curtis Colby, 6-0, 6-3.

Second round: L. Wood beat J. W. Knox, of Columbia, 4-6, 6-1, 9-7; F. C. Inman beat R. M. Kirkland, 6-3, 6-0.

MONTGOMERY SIGNS CAROLINA CATCHER

Montgomery, Ala., June 19.—Catcher Moorefield was today purchased by Montgomery from the Charlotte club, of the North Carolina league. He reports at Albany Tuesday. Clare was turned back to Birmingham. Moorefield led the Carolina league in home-runs in 1915 with 18.

Dobbs Signs Townsend And Releases Kissinger From Pitching Staff

New Orleans, La., June 19.—Johnnie Dobbs today bolstered his pitching staff by signing "Lefty" Townsend, recently released by San Antonio. Dobbs at the same time released Rube Kissinger, who has departed for his home in Adrian, Mich.

Townsend has been in New Orleans for ten days and Dobbs got him to work out with the Pelicans. "Lefty" showed the old-time stuff in these workouts and then he went out and pitched two games for semi-professional teams and won easily. This convinced Dobbs that "Lefty" was due for a comeback.

"He was not satisfied with San Antonio and would not give them his best," said Dobbs. "He will work for me. He may be the surprise of the league."

CORNELL FRESHMEN DEFEAT SYRACUSE

Poughkeepsie, N. Y., June 19.—Cornell's freshmen crew prevented Syracuse from sweeping the river in the twenty-second annual regatta of the Intercollegiate Rowing association by winning the two-mile race for first-year eights here today. Coach Courtney did not witness the victory of his freshman combination, having returned to Ithaca Sunday with the defeated varsity and junior crews.

Cornell won by two and a half lengths. Ten Eyck's eight, after a thrilling race with Pennsylvania, nosed the Quaker freshmen crew out of second place by about two feet, while Pennsylvania was an easy third over Columbia, which finished last by some six lengths. The official times follow:

Cornell, 11:85 4-5; Syracuse, 11:15 3-5; Pennsylvania, 11:16 1-5; Columbia, 11:29 2-5.

CITY PLAYGROUNDS POPULAR WITH PEOPLE

That the city playgrounds are popular with the people of Atlanta is shown by the attendance during opening week. The official figures show that 14,418 people visited the playgrounds for the first week. Grant park led with an attendance of 3,297.

The schedule for this week follows:

SOUTH ATLANTIC

Macon 8, Columbus 4.

Macon, Ga. June 19.—Although Macon made eight errors the Tigers succeeded in winning the opening game of the series with Columbus, 8 to 4. Heavy hitting and steady pitching on the part of Rube Zellars won for Macon.

Score by innings:	R.
Columbus 020 100 100	4
Macon 000 400 13x	8

Batteries—Wheeler, Widener and Zellars, Snyder.

Jacksonville 4, Augusta 0.

Jacksonville, Fla., June 19.—Pitcher Decatur showed the tribe of Eubanks today that they will still have to play a little baseball if they have any hope of unfurling a flag in Georgia this season. Jacksonville was never in danger at the performance today and while Pratt worked well for the Tourists, he was outpointed by Decatur, who pitched airtight ball.

Score by innings:	R.
Augusta 000 000 000	0
Jacksonville 200 000 20x	4

Batteries—Pratt, Eubanks and Decatur, Baker.

Charleston 6, Columbus 2.

Charleston, S. C., June 19.—Charleston won the first game of the series from Columbia today easily, 6 to 2. Werner's hitting featured. Although Fillingim was batted hard, he kept the hits scattered except in the second and ninth innings. A sensational catch by McMillan was the fielding feature. Fillingim will leave tomorrow to join the Cleveland American league team in Detroit.

Score by innings:	R.
Columbia 010 000 001	2
Charleston 200 004 00x	6

Batteries—Atkinson, Brown, McCoy and Fillingim, Hofmann.

Albany 3, Montgomery 1.

Albany, Ga., June 19.—After losing twelve straight games on the road, Albany returned today and defeated Montgomery by the score of 3 to 1, both teams playing errorless ball. Sikes pitched masterly ball and all of Albany's runs were scored on clean hitting. Wilkes was handicapped behind the bat by a badly sprained ankle. Homer Cain, formerly with Charleston, played center for Albany and Dillinger was back at first.

The feature was the hitting of Crowell. Propst was out of the game on account of illness.

Score by innings:	R.
Montgomery 000 010 000	1
Albany 001 110 00x	3

Batteries—Brannen, Bowden and Sikes, Wilkes.

BRANCH COLLEGES MAKE REPORTS TO UNIVERSITY

Trustees Petitioned for Admission of Women to University Privileges.

Athens, Ga., June 19.—(Special.)—Today was "branch college day"—real "University day"—on the old campus here, both in the library where the trustees held two sessions and in the chapel, where formal exercises were held with speeches and papers by representatives of the various branches of the system in the state. The statewide "Georgia" campus had its commencement—every section of the state being represented.

Dr. S. S. Walace, representing Dr. Matheson, of Georgia Tech., Atlanta; Dr. G. R. Glenn, president of the North Georgia Agricultural college at Dahlonega; Professor R. S. Powell, of the South Georgia Normal, at Valdosta; T. E. Atkinson, president trustees of the Georgia Normal and Industrial college at Milledgeville; President J. M. Pound, of the State Normal school at Athens, and Colonel Snelling, dean of the University of Georgia, all appeared before the board of trustees, making reports and laying the needs of their respective institutions before the board with the amounts they will probably ask from the legislature in appropriations. Dr. Soule had already appeared before the board Saturday in the interest of the State College of Agriculture.

Women Petition Board.

The Georgia Federation of Women's Clubs appeared before the board this morning petitioning that women be admitted to the privileges of the graduate courses in the university. Mrs. T. F. Green, Athens, represented Mrs. Fitzpatrick, president of the Georgia Federation, and presented Mrs. W. A. Shelton, chairman of the committee on education, who offered the petition. A delegation of twenty-five women was present. The question which has been recommended by the board of visitors was referred to a committee.

"E Pluribus Unum" Program.

At the chapel at 10 o'clock this morning the representatives from the student bodies of the branch colleges spoke, the papers and speeches being above the average.

The State College of Agriculture was represented by H. T. Maddox, of Culloden, with a speech, "Georgia as a Farm." He was named only Saturday and the speech was practically extemporaneous.

Miss Mabelle Baker, of Sparta, represented the State Normal school, "The Dramatic Method of Teaching."

Miss Nina Thompson, of Comer, represented the Georgia Normal and Industrial college at Milledgeville, "Preparedness for Citizenship."

Mr. W. R. Bedell represented Tech, "Preparedness and the Swiss Military System."

Miss Margaret Mae Smith, of Valdosta, represented the South Georgia Normal, "Manual Arts in the Elementary Schools."

Mr. Oscar Smith, of Cherokee county, represented the North Georgia Agricultural college, "What Real Preparedness Means."

Mr. J. H. Howard, of Rocky Ford, represented the law school, "Law and Its Relation to Education."

Mr. T. J. Smith, of McRae, spoke on "Criminology" for the seniors of Franklin college, the literary department of the university.

The medical college at Augusta was the only branch not represented.

The papers, by coincidence, were most apropos of the current news—along the lines of preparedness.

Lucien Knight Speaks.

In a brilliant and eloquent defense of the south, replying to alleged slanders contained in encyclopedias, Lucien L. Knight, annual Phi Beta Kappa orator, addressing the university chapter this afternoon, pleaded for the removal, if possible, of the dust of Sidney Lanier, the Georgia poet, from Baltimore to Georgia soil. He suggested a monument to be erected in Georgia to "Old Black Mammy." His defense of the south, recital of her past and present greatness in men and achievement, was one of the finest addresses ever heard in Athens.

The trustees of the University of Georgia this afternoon authorized the following honorary degrees: Doctor of laws for President Andrew M. Soule, state college of agriculture; doctor of divinity for Rev. Joseph A. Sharpe, graduate of Emory college, president for years of Young Harris college, and doctor of pedagogy upon Professor Henry L. Sewell, of Cartersville.

Champion Debate.

The ninety-eighth champion debate between the old literary societies at Georgia—the Demosthenians and the Phi Kappas—occurred, the question being, "Resolved, That labor unions are inimical to the welfare of the industrial progress of the country." The Demosthenians had the affirmative and the Phi Kappas the negative. The arguments were made in this order:

First affirmative, J. H. Carmical, of College Park.

First negative, Roff Simms, Jr., of Atlanta.

Second affirmative, R. V. Harris, of Wrens, Ga.

Second negative, H. F. Longino, of Atlanta.

H. T. Maddox, of Culloden, was master of ceremonies and the award of society diplomas was made after the exercises.

The Demosthenians won the debate, the decision being two to one.

CONVICT-POLICEMAN WANTS UMPIRE'S JOB IN CAROLINA LEAGUE

Durham, N. C., June 19.—Believing that he has all the necessary qualifications to make a good umpire, a man who states that he has served four years in the federal prison at Atlanta and an equal length of time on the police force of New York city, has written the president of the North Carolina league and applied for a place on his staff. The wag writes that he can discipline players as easily as he directed traffic on Broadway in Gotham and is also adept at highway robbery.

New York, June 19.—Uncertainty as to the Mexican situation restricted business in the cotton market today and fluctuations were comparatively narrow and irregular. After selling at 12.88 early October contracts advanced to 12.94, reacted to 12.87 and closed at 12.92, with the general list closing steady at a net advance of 2 to 4 points.

The market opened steady at a decline of 4 points to an advance of 1 point, with near months relatively easy in response to somewhat disappointing cables. Liverpool was a buyer here, however, while offerings were light and prices soon steadied on the forecast for further showers in the Carolinas and Georgia, with active months selling about 4 to 6 points net higher toward the end of the morning.

This advance carried July contracts up to 12.77 and December to 13.09, but the buying seemed to be mostly in the way of covering, and prices turned easier during the early afternoon under scattered realizing or liquidation, which may have been promoted by weakness in the stock market. July sold off to 12.73 and December to 13.01, or about 4 to 8 points from the high level of the morning, but offerings tapered off on the decline, and closing prices were some 3 to 6 points up from the lowest. The opinion most generally expressed around the ring was that should war develop from the present situation in Mexico, it would be more bullish than otherwise on cotton, on the ground that it would stimulate the demand for heavy-weight goods and might reduce the supply of available field labor in the south.

There was conflict of opinion as to the more immediate effect of such a development, however, and the small volume of business was supposed to reflect a disposition to await further news. Except for the early Liverpool buying and scattering western liquidation later in the day, trading was chiefly local. The continued low temperatures in parts of the eastern and central belts attracted some attention, but the international situation was the chief feature discussed around the ring.

Spot cotton quiet; middling uplands 12.80; sales 150 bales.

New Orleans in Narrow Range.

New Orleans, June 19.—The cotton market was narrow today with the trade rather mixed in its views regarding the ultimate bearing of the Mexican situation on the course of prices. Bullish traders early in the session were inclined to buy moderately on the recession on the theory that the market would rise in the event of actual hostilities, but in the afternoon there was less disposition to view the matter in this light. It was pointed out that the outbreak of most wars caused depressions in the cotton market, no matter what their ultimate effect.

In the early trading prices lost 5 to 7 points. Weather conditions over the belt showed improvement over Sunday and this stimulated offerings, but around the middle of the day the forecast of showers and unsettled weather for a large part of the belt brought in buying orders from the scalping element and the market reacted to a net rise of 1 to 3 points. This was the high of the day. Reports of another cut of 25 points in ocean freight rates from here to Liverpool had little effect. The market closed 2 points higher to 1 point lower than Saturday's close.

Dry Goods.

New York, June 19.—Some houses today advanced cotton duck in anticipation of demands for government purposes. Inquiries for khaki twills were more numerous, although mills are already well sold on these goods. Cotton goods were generally quiet. Raw silk was steady.

MEXIC SITUATION JOLTS SECURITIES

All Bullish Arguments Are Forgotten and Entire List Downturns Because of Fresh Complications, on Southern Border.

New York, June 19.—All other considerations and conditions were forgotten by Wall street today in the unmistakable concern manifest over fresh complications in the Mexican situation. The financial community was not entirely unprepared for the attitude of the federal government, however, as last Saturday's advices from Washington appeared to forecast the subsequent developments.

Mexican shares naturally bore the brunt of the liquidation, which began at the outset and proceeded with greater force and breadth to the close. Mexican Petroleum and Texas Company yielded 6¼ and 5 respectively, with 2 for California Petroleum preferred, while United States Smelting at its lowest was down 4¼ points, with 2 or more for American Smelting, Greene Cananea Copper and Southern Pacific.

Motor issues, whose technical position seemed weakest of all the specialties, broke 3 to 5 points, with 11 for Willys-Overland. Munitions, particularly Crucible Steel, American and Baldwin locomotive, and American Car, together with coppers and other metals, receded 2, 3 and even 6 points. Relatively, United States Steel gave the best account of any prominent issue, its extreme loss being only 1⅝ points.

Among rails the shrinkage in quoted values was so general as to make detailed reference unnecessary. Recessions ranged from 2 to 3 points, New York Central suffering additional impairment on the refusal of the public service commission to grant the company's application for increased passenger rates.

Western railway centers reported an increase of 6 to 12 per cent in tonnage over the corresponding period of last year, though slightly under the preceding week.

The only material change in foreign exchange was the yielding tendency to marks, sterling and francs holding firm.

Bonds felt the effect of the weakness in shares, speculative issues making variable concessions. Total sales of bonds, par value, were $2,825,000.

United States 2s and 3s were ½ per cent lower, the Panama 2s ¾, and the 3s, 2 points down on call.

Federal Reserve Board Calls on Member Banks For $82,000 Expenses

Washington, June 19.—A levy of 75 thousandths of 1 per cent of the capital stock of the twelve federal reserve banks to pay the expenses of the federal reserve board for the next six months was ordered today by the board. The capital stock of the banks is $109,719,233.24 and the levy will create a fund slightly more than $82,000. The preceding semi-annual levy was one-tenth of 1 per cent.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, June 19.—(Special.)—It was characteristic of the illogical arguments of the bulls that they should interpret the possibility of a clash with Mexico as a point in favor of higher prices. This at least was the only argument advanced today in encouragement of purchases. It is assumed that in the event of hostilities with Mexico the cotton crop in Texas will be left to take care of itself and every farmer and his sons will shoulder a shotgun or any other firearm and join in the hunt for Mexican bandits. It is also argued that Mexican labor, which plays a very moderate part in the cultivation and gathering of the Texas crop, will be immediately driven across the border. Anyone who knows much about the organization of the national guard of any state appreciates the fact that this civilian military body is recruited in the towns and that not 1 per cent of its personnel is composed of farmers. War with Mexico probably will not have any effect whatsoever on the raising of the crop, and at any rate it would not affect a reduction of 100,000 bales at the outside. Today's market was characterized by the usual straddle transactions for the Liverpool account. Cables again were lower than due and the English market is somewhat bearish on the spot situation in view of the prospects for big additions to the supplies through the increasing exports. About the only complaints now coming in regarding the crop outlook consist of apprehension over the boll weevil, but it is noticeable that these are coming chiefly from districts which anticipate invasion and not from sections where the farmers have been accustomed to combat the pest successfully. RENSKORF, LYON & CO.

New York, June 19.—(Special.)—Liverpool advices are to the effect that with the decline in freight rates "the south has shown more disposition to sell on an easier basis, especially from the central and eastern sections." It appears that with the prospects for the new crop growing more favorable every week the owners of spot cotton are at last willing to meet the demand on a reasonable basis and price. Our reports from the dry goods market states that wholesale distribution of goods during the past week has exceeded that of last year and that there is an increased demand for fall delivery. The wool goods market is strong and prices are advancing. The cotton market today has been steady. The contract business is still confined to trade operators. J. W. JAY & CO.

New York, June 19.—(Special.)—The serious condition of the Mexican affair practically brought the cotton market to a standstill. A slight advance was made, due to a theory that possibly there might be some difficulty in picking the Texas crop on account of the absence of Mexican labor. On the contrary, the decline in the stock market unsettled the situation with the result to leave the trade in a perplexed frame of mind and a general decision to await the outcome of events. HUBBARD BROS. & CO.

New York, June 19.—(Special.)—Business in this market today was very small, but prices held steady because of the demand from Liverpool. Except for this buying the character of trading was featureless. While crop reports are still favorable, the Mexican trouble now tends to restrain selling until it can be seen just what effect it will have upon the supply of farm labor in Texas and Oklahoma. In the meantime the available supply of cotton is in steady demand at full prices. BOND, M'ENANY & CO.

Coffee.

New York, June 19.—The steadier tone which developed in the market for coffee futures toward the close of last week was in evidence again today. Reports of relatively steady Brazilian markets failed to stimulate any general demand, but there seemed to be some investment buying, partly from cotton trade sources, while offerings were light and March contracts sold up to 8.70, or nearly 30 points above the low level of last week. The general list opened at a decline of 1 point to an advance of 6 points, with September selling at 8.26 on the call under some scattering liquidation, but the prices of that delivery soon firmed up, selling at 8.38 late in the afternoon, when the general list was about 9 to 13 points net higher. The close was a shade off from the best under realizing at a net advance of 7 to 9 points. Sales, 32,500.

Spot coffee quiet; Rio 7's, 9¼; Santos 4's, 10⅝. Cost and freight offers were steady to a shade firmer with Santos 4's offering at 10.30 to 10.40, 60 days shipment, London credits. Rio 7's sold at 8¾ c.&f. London credits.

The official cables reported an advance of 125 reis at Rio. Santos was unchanged. Rio exchange on London 1-32d higher. Brazilian port receipts, 31,000; Jundiahy, 20,000.

Sugar.

New York, June 19.—There was very little interest displayed in any department of the sugar market today and prices were unchanged all around. In the absence of any new business therefore, raws were quoted as previously, centrifugal 6.39; molasses, 5.62 and cost and freight 5⅝. Offerings of June shipment, Cubas at 5⅝, cost and freight, attracted little interest.

Refined sugar was equally quiet, both domestic and export, with fine granulated quoted 7.65 by most refiners.

Futures showed little feature in sympathy with the dullness in spot circles and closed two points lower to three higher. Sales, 2,700 tons.

Cotton Seed Oil.

New York, June 19.—The cotton seed oil market scored rather a sensational advance today on active covering and fresh buying for long account, induced by the disturbing news from the Mexican border and the sharp rises in other commodity markets.

Final prices were 16 to 25 points net higher and about top for the day. Sales, 27,200 barrels.

WAR TALK BOOSTS CHICAGO STAPLES

Grains and Provisions Fairly Soar on Prospect of Entry of Uncle Sam's Commissary Department Into Market.

Chicago, June 19.—Prospects of war with Mexico brought about a decided upturn today throughout the entire list of grain and provisions. Wheat closed strong, 1⅝@1¾ to 2c net, with July at $1.02⅜ and September at $1.04¾. Corn showed an advance of 1@1⅛ to 1½@1⅝c, oats ⅜ to ¾@⅞c, and provisions 15@17 to 80c.

Trade in wheat was on a large scale, and was said to include much buying on foreign account. At the outset the market was virtually bare of offers to sell, and attention was centered almost wholly on the question of what effect on prices would result from the sweeping orders to send the militia to the Mexican border. The majority of dealers took the view that in regard to foodstuffs, war meant waste, and that implied hostilities, also arrangements for huge emergency supplies with consequent tightening of values. Speculators who inclined to an opposite opinion and who sold on the bulges caused several reactions, but only to see the market again ascend as soon as the selling was over.

Wet weather delays to harvesting in the winter crop belt acted as a further handicap to the bears in wheat. Advices from southern Illinois gave special emphasis to this aspect of the situation, and at the same time there were unfavorable crop advices from the spring wheat region. In consequence closing quotations were almost at the highest point of the day.

Corn quickly showed sympathy with the wheat advance. Besides, wet weather predictions tended to lift the market, and so did export sales.

Oats manifested a little hesitation at first owing to the fine crop outlook. Later, however, the likelihood of increased domestic demand for war purposes gave an advantage to the bulls. In addition there were reported sales of 1,100,000 bushels to Europe.

Provisions scored a sharp advance after an early break. Expected liberal buying on the part of United States military authorities was responsible for the late strength. Unlooked for overabundance of hogs receipts here formed the reason of the previous transient setback in values.

TOO MUCH WHISKY ORDERED BY GIRL, CLAIM DETECTIVES

Charged with ordering too large a shipment of whisky, Doris Dean, 22-year-old resident of the Kimball house, was arrested by Detective Sergeant "Bob" Waggoner, with Detective Shaw, early Monday night and forced to make bond in the sum of $200 at police headquarters for violating section 1489 of the city code.

H. C. Jones, bookkeeper, 28 years old, of 214 St. Charles avenue, and Nathan Kahn, proprietor of the Kimball house soda fount, were also arrested on disorderly conduct charges. They also were released on bonds of $200 each later at headquarters.

According to the arresting officers, Jones and Kahn were instrumental in aiding the woman to procure the liquor. They further stated that she admitted to them that she had ordered an amount in excess of what the law allows. The three will be tried before Recorder Johnson in police matinee today.

ATLANTA'S STRIDES
From Day to Day

Another big industrial plant for Atlanta loomed yesterday when the fact became known that preliminary steps have been taken toward the formation of a million-dollar corporation of Atlanta, New York and Canadian capitalists for the purpose of engaging in the mining of graphite ores in North Carolina and the manufacture of them into commercial graphite in a plant to be built in Atlanta.

H. M. Ashe is secretary of the preliminary organization, and it is understood articles of incorporation are in preparation; also that the promoters of the enterprise have secured a two-year lease and option to buy an immense undeveloped graphite mine in North Carolina, and have practically decided upon a site in Atlanta upon which to erect their factory. Further information regarding the plans Mr. Ashe declines to give at this time, but did declare that within a few days the various ends of the negotiations under way will have been gathered together to such an extent that a complete statement of the details and purposes of the proposed corporation will be given the public.

New Apartments in Prospect.

A permit was issued yesterday to Kendrick & Houser to construct a two-story brick veneer apartment house at 40 East Ninth street. The building, when completed, will contain four suites of apartments, and will cost, it is estimated, $14,000. J. L. Denman will be the builder.

Knox Back From Convention.

Fitzhugh Knox, realty agent in the Candler building, was back at his desk yesterday after having spent the last week in attendance at the convention of the National Association of Real Estate Men, at Columbus, Ohio. Mr. Knox is a member of the executive committee of the association.

The association meets quarterly each year, and at the last session decided by vote to hold the next meeting, in September, at Minneapolis.

Mr. Knox said he was greatly impressed with the reports of prosperity and real estate activity brought to the convention by delegates from all sections of the United States.

Station Porters Ban This Bass Fiddle for Lack of "Stiff'cate"

Oxford, Ga., June 19.—(Special.)—There was no health officer's certificate on the plain pine coffin, and that's how the trouble came about. "You git at his haid an' I'll lif' his foots," remarked the little porter to the big one, adding, "de cawpse mus' 'a' had mighty big stomack an' mighty long laigs."

"'Tain't no use puttin' 'im on de trucks," remarked the big one, "'caze dey ain't no stiff'cate on de caskut."

Both porters stooped, clutched the ends of the box and prepared for a mighty heave, when, lo and behold! the thing came up like a bundle of feathers.

The puzzled darkies placed the box on the trucks and then eyed it dubiously. 'Mus' 'a' starved to death," chuckled the little one. "It sho' am a coffin, bedout de box," added the big one, "guess the Gummans done drownded 'im in de oshun an' dis is de sperit dey is shippin' home."

This story has just leaked out and here is the explanation of it. When Card's orchestra, of Atlanta, was coming down to Emory for the commencement engagement the train master issued a special permit to the bass violinist allowing him to bring his big fiddle to Covington, riding with it in the baggage car. This was to enable the orchestra to keep its engagement.

When commencement was over the Covington agent, believing there was no occasion for hurry, declined to allow the bass violin to go, uncrated, on the train. A local carpenter constructed a wooden jacket to fit the instrument.

"Dead or alive," grumbled the big porter, "a bass fiddle in a caskut ought to have a stiff'cate."

Black Beau Brummel Tantalizes Actress, But Judge Objects

The failure of Clarence Smith, a colored "Beau Brummel" of Decatur street, to win the affections of a dusky chorus lady of a darktown amusement house, by tantalizing her with a bottle of water under the pretense that it was corn whisky, resulted in his being fined $5.75 by the recorder Monday.

There were found on his person one bottle of vinegar, one bottle of herb medicine, one bottle of clear water, one bottle of an amber colored liquid, and finally an empty bottle.

Judge Johnson, thinking this was a case of too many bottles for one man to have on his person, asked Clarence the reason.

"Jedge, I didn't have all dem botties," said the darky. Pointing to the bottle of clear water, he continued, "Dis un was for to tease one of dem show gals. I jes' wanted to have some fun, jedge."

Clarence claimed that he should have had the special consideration of the judge because he is a "citizen" of Atlanta.

Negroes Bound Over.

Charged with attempting to swindle Rosa Jones, a negress, out of her little home at 26 Dorothy street, two negroes, John Myree and Arthur White, were Monday morning held to the state courts under $1,000 bonds each by Recorder Johnson on cheating and swindling charges.

MEDICAL

STORY NO. 12
THE LITTLE BUG.

You have heard about those "wee little bugs"—the good and bad bacteria. Some germs are good friends if kept in the proper habitat, but are enemies when they invade the tissues. The colon bacilli, for example, when in the large bowel, are in no way but friendly, but let them get up into the small bowel and what a string of troubles they produce. Let them invade the appendix or other parts, breeding millions of generations in 24 hours so fast that the blood cannot kill them off, and we have appendicitis, peritonitis, etc. Like the fire that keeps us warm, yet ready to burn us to death if given half a chance.

The hero of this fight against bad bacteria is the white corpuscle of the blood—the "Phagocytes" we call them. Millions of these cells give themselves up to save the rest of the body. Dying and dead in a mass we call them "pus." Recently we have learned that the blood carries natural anti-toxins which act on bacteria. These substances are called "opsonins," from a Greek word meaning "I prepare food for." We may now determine the "opsonic-index" of a patient. If it is low it explains why such people fall easy victims to all infectious diseases. In the great laboraries of the world we are studying ways to raise the "opsonic-index." The future holds great things for the race. So let's keep on smiling.

Right now I am helping a lot of people to improve the blood and other conditions to win the fight against ill-health. No matter what you complain of, come to see me. I will do my best for you, while we wait on the test of time for the Opsonic treatment. We will help and save a good many by methods of proven value. Hours, 9 a. m. to 7 p. m. Sundays, 10 to 2.

$1,000 REWARD PUT ON OVERTON'S HEAD

In Connection With Murder of Judge Lawler—Overton Unsuccessfully Opposed Lawler in Judgeship Race.

Huntsville, Ala., June 19.—While a special grand jury continued investigation here late today of the murder of Probate Judge W. T. Lawler, a warrant was issued for the arrest of Charles M. Nalls, clerk of the Madison county circuit court, and known as a close friend to B. D. Overton, Lawler's unsuccessful opponent in the recent primary here. According to county officials neither Nalls nor Overton, for whom officials said a warrant also had been issued, could be found, and Sheriff Phillips issued a statement replying to criticism directed at his office because Overton had not been arrested. The sheriff asserted he and his deputies were making every effort to place Overton and Nalls under arrest and that searching parties still were out. Sheriff Phillips added that he expected other persons to be arrested tomorrow in connection with the case.

Big Reward for Overton.

It was announced here tonight that the state of Alabama had offered a reward of $400 for the apprehension of Overton, and that friends of Judge Lawler had offered $600, making a total of $1,000 reward for Overton's arrest.

Judge Lawler, who had been involved in a warm political fight in which Overton, Nalls and others opposed him, disappeared last Wednesday night. It was said he went to the courthouse to meet a "political foe." On Saturday his body was found weighted down in a slough of the Tennessee river near here. He had been shot.

Percy Brooks, proprietor of a ferry near where the body was found, was arrested and taken to Birmingham for safe keeping. Two of his employees are held here as witnesses. Today county officials produced a shirt and trousers bearing what was said to be blood stains. The garments were taken before the grand jury. Sheriff Phillips said he found them at the home of Brooks. G. W. Boyd, a blacksmith residing near the ferry, was arrested today as a "material witness," but later was released.

Grand Jury at Work.

The grand jury investigation started today went forward rapidly and superseded the work of the coroner's jury which, it was announced, had been indefinitely adjourned. It was said that "important evidence" had been placed before the grand jury. State Attorney General W. L. Martin, who had charge of the investigation, left here tonight to return to Montgomery, announcing that "the investigation is making such rapid progress that my presence is no longer necessary."

"I feel much pleased with conditions prevailing at the present time," added Mr. Martin, "but should my presence be required here again I will, of course, return. The grand jury investigation now in progress will make impossible such conditions as brought about the death of Judge Lawler."

Mr. Martin said that J. F. Thompson, of Centerville, acting as solicitor, assisted by J. R. Tate, of Birmingham, would carry on the investigation. The grand jury was charged today by Judge A. B. Foster, of Troy, at the request of Judge Robert C. Brickell, who said he thought outside officials should be in charge to prevent possible charges of partiality in the conduct of the investigation.

The courtroom was filled with spectators today when the grand jury was given its directions. The two companies of state militia sent here Saturday night were on guard outside the courthouse, but did not enter. County officials said tonight the troops probably would remain here until the trial of Brooks, time for which has not been set.

Huntsville and Madison county generally remained quiet tonight.

Allen's Foot-Ease for the Troops

Many war zone hospitals have ordered Allen's Foot-Ease, the antiseptic powder, for use among the troops. Shaken into the shoes and used in the foot-bath, Allen's Foot-Ease gives rest and comfort, takes the friction from the shoe, and prevents the feet getting tired or foot-sore. Drug and Department Stores everywhere sell it, 25c. **Don't accept any substitute.** Try it today.

"Where Am I At?"

A pertinent, if ungrammatical, question business men often ask themselves.

Do you KNOW where you are "at" or do you only think you know?

Do you KNOW whether your profits are REAL, or whether you are eating into your capital and headed for the bankruptcy court?

Let us find the trouble for you and tell you the remedy.

AMUSEMENTS

Keith Vaudeville.

(At the Forsyth.)

Lovers of music will enjoy the work of Miss Susan Tompkins at the Forsyth this week. It has been a long time since Atlanta has had the pleasure of listening to a lady violinist, and it has been a still longer time since patrons of this house have heard one who plays so well.

There have been others in the time past, who through physical lure have gained their friends, such artists as Mabelle Adams, and Nonette, but in real ability as players they have not equaled her in work.

The audience was in a receptive mood Monday afternoon and the entertainer took a number of well deserved bows. Probably the selection that appealed most to her hearers was that of "Somewhere a Voice Is Calling." Others that pleased were "The Stars and Stripes" and "Humoreske."

Of course, dress does not make a violin player, but it helps, gain their attention, and the gown of Miss Tompkins was "a dream," according to a young lady on the first row.

Probably the next best act on the bill is that of Virginia Grey and Tonie Klumker, billed as those "Southern Babies," appearing according to the program in "a conglomeration of singing, talking and eccentric dancing." They are both pleasing workers, the man a good comedian, and the girl attractive in looks, or at least attractive through dress, and paint and spotlight when she sings, "Never Choose a Girl From Her Photograph." That may not be the title of the song, but it is near enough, to what she is singing about, to do. Her advice may be good, but when she is in the spotlight the majority of the audience—the men of course—are willing to take a chance on photograph and spotlight, too.

An amusing sketch is offered by Joseph Bernard and Hazel Haslam entitled "Who Is She?" The lines are bright, the acting excellent. It is the story of a young couple quarreling; that's all, and it is as illogical as most quarrels of newly-weds and lovers are, but the man has a magnetism that gets over the footlights and the act makes good.

Espe and Dutton juggle iron balls well, and Hoyt's minstrels sing some songs, fairly new, and some that Noah must have enjoyed. It is a fair act.

Once again the Forsyth bears with a tabloid, this time entitled "The Four Husbands." It comes from William B. Friedlander. If this is the last of the tabloids Atlanta will be able to enjoy this one. If there are others to come, theater-goers here must have committed some awful offense in the times past. The girls are a trifle better looking than those of last week's tabloid, the costumes a bit more uniform. The one of this week, however, lacks the comedian of last week. In addition the athletic girl this week might be a little more careful in the arrangement of her first costume. It is a pity, too, that it becomes necessary to make a supposed clergyman, at a wedding ceremony, act the part of a dancing comedian. There are certain limits, even in musical comedy. Summing it up, the more they cut out of the last act, the better the public will enjoy it.

ROBERT MORAN.

Pensions for Widows.

Washington, June 19.—Pensions of not less than $20 a month for all civil war widows would be provided by a bill passed today by the house. Aggregate expenditures of $9,000,000 are contemplated. The bill would restore to their former pensionable status widows of civil war soldiers dropped because of remarriage but now divorced or again widowed.

Veteran Officer Anxious to Join Forces in Mexico

Former Officer Governor's Staff Has "Many a Good Fight Left"—Offers Self to General Nash.

Lieutenant Colonel Turner C. Thomas, of 80 West Peachtree, formerly an officer on the governor's staff, and a veteran member of the state militia, is anxious to rejoin the state forces and go with them into Mexico. Colonel Thomas served on the staff of Governor Atkinson for four years and was a state militiaman for thirty years.

The veteran militiaman has offered himself to General Nash for duty. As he expresses it himself he is ready "to do anything to help the United States whip Mexico."

Colonel Thomas was considered one of the best shots in the Georgia militia when a member of the Augusta Hussars. He has in his possession several medals won at state encampments for highest scores in sharpshooting contests. He also has a service medal given him as a special mark for having been with the state militia for thirty years.

While Colonel Thomas is gray with age still he maintains his erect, military carriage and "has many a good fight left," as he expresses it. He is anxious to be detailed for active duty by the head of the state troops.

Colonel Thomas may be sent to the mobilization camp at Macon as an instructor for the troops that will be gathered there.

FIFTY MEN SOUGHT FOR MACHINE GUN COMPANY OF FIFTH

Here's a chance for adventure and nerve, and only men with good red blood and a steady nerve and a reasonable amount or gray matter need apply!

If that fits you, step up.

The recruiting of the machine gun company of the Fifth regiment begins this morning, and fifty good men are needed.

This company has been ordered by the federal government in order for Georgia to measure up to the new requirements. This company will be equipped with four of the latest model quickfirers, and will form a unit of the Fifth of most strategic importance.

These are the boys who will be called upon when there's trouble ahead of a marching column. These are the fellows who will be yelled for quick when the enemy is pouring it in good and hot. These will be the chaps who will pour a shrieking stream of fire into the charging lines. These are the boys who will be in demand in the decisive moments of battle.

The men who make up this company must be men who can think quick, act quick and fight quick, says Colonel Orville Hall, of the Fifth regiment, who is devoting particular attention just now to the recruting of this company. It's going to require a bunch of fellows with nerve and red blood and who can think quickly, he says. There will be much time, too, when the members of the machine gun company will not be in action, for their action must be brief. But in those brief moments of action they will have opportunity to give all comers a run for the money, and, likely as not will at times be given a bit of a run themselves, for an enemy keeps his sharpest weather eye peeled for the boys with "spitters."

DUNN AND LE CRAW NOW LIEUTENANTS OF FIELD BATTERY

At a special election held Monday night at the armory by Battery B, field artillery, of the national guard of Georgia, Sidney F. Dunn and J. Walter LeCraw were elected to the positions of second lieutenants of the battery, to fill two vacancies that existed.

Lieutenant Dunn formerly held the position of second lieutenant of Battery B, from 1910 to 1912. Lieutenant LeCraw was a corporal in the battery prior to his election. He is a former newspaper man, who for the past two years has been an assistant to Solicitor General Hugh M. Dorsey. Both of the newly-elected lieutenants plan to leave at once with the artillery for active service.

Recruiting by the battery was enlivened Monday by the exhibition of one of the field cannon belonging to the artillery, at the Grady monument on Marietta street. Quite a crowd of people assembled in the street in front of the city hall to watch the exhibition of the gun, which was in charge of a special detail from Battery B, in charge of Sergeants Joseph Lane and John Gloer. More than 30 men enlisted in the battery Monday, and others signified their intention of enlisting before the battery leaves for the Mexican border.

The officers of Battery B, in addition to those elected Monday night, are Captain A. J. McBride, Jr., and First Lieutenants R. G. Mangum and Frank B. Tidwell.

HALL URGED FOR MAYOR.

Friends Say They Will Push Him Despite War Call.

Friends of Colonel Orville H. Hall, commander of the Fifth regiment, national guard of Georgia, said yesterday that in spite of the fact that he has been called to the colors, his name would be before the public in the coming city primary as a candidate for mayor.

When asked if there was any truth in this statement, Colonel Hall said:

"I have been so busy with military affairs for the past two days that I have not had time for other affairs, particularly those political. I have given the mayor's race little thought. It is pleasing to have my friends make this statement, but I have nothing to say on the subject."

WEATHER MAN PREDICTS GENERAL SHOWERS TODAY

"Probable showers throughout the state Tuesday," is the official weather prophesy for today. According to the advice of the weather man the wise men will carry his overshoes, umbrella and raincoat with him to the office today.

The weather man also promised "showers" Monday night. But despite his prediction the stars shone brightly and the moon occasionally peeped from behind the drifting clouds.

SENATOR BRYAN URGED FOR SUPREME COURT

Washington, June 19. — Senator Fletcher and members of the Florida congressional delegation asked President Wilson today to appoint Senator Bryan, of Florida, to the supreme court to succeed former Justice Hughes. Senator Bryan has been defeated for another term. The president took the suggestion under advisement.

LODGE THINKS ROOSEVELT WILL SUPPORT HUGHES

Senator Makes Statement After Conference With the Colonel.

Oyster Bay., N. Y., June 19.—After a conference here tonight with Theodore Roosevelt, Senator Lodge, of Massachusetts, declared that he believed the former president would support Charles E. Hughes in the forthcoming campaign.

"I found Colonel Roosevelt looking much better than I had expected," said Senator Lodge. "Of course, we discussed Mr. Hughes; but very little of Mexico."

"Will the colonel support Mr. Hughes?" he was asked.

"That is my impression," replied Senator Lodge.

Significance was attached to Senator Lodge's visit as it was said he had conferred earlier in the day in New York with Mr. Hughes and W. Murray Crane.

Senator Lodge spent more than an hour with the former president.

Other visitors to see Colonel Roosevelt today were C. P. Connelly and A. J. Hopkins, of New Jersey, who are said to represent the "radical" wing of the progressive party; E. A. Van Valkenburg, William Flinn and William Draper Lewis, of Pennsylvania; Everett Colby, of New Jersey; James R. Garfield, of Ohio, and O. K. Davis, secretary of the progressive national committee.

Connelly and Hopkins urged Colonel Roosevelt to lead a third ticket, but the former president, it was said, refused to commit himself.

MEMBERS OF CONGRESS MAY GO TO THE FRONT

Washington, June 19.—President Wilson's call for the national guard renewed today a perplexing question as to the status under the new army reorganization act of members of congress who also are members of the national guard. A house subcommittee named some weeks ago to study the question has not reported.

Representative Chiperfield, judge advocate of the Illinois national guard, expressed the opinion that a congressman ordered to the front should resign from congress. Speaker Clark recalled that General John A. Logan resigned from congress to serve in the civil war, but that General Blair's resignation from congress was pocketed by President Lincoln. General Wheeler, of Alabama, resumed his seat in congress after serving during the Spanish war, but while with the colors drew no pay as a member.

Senator Wadsworth is a lieutenant in the New York national guard, and in the absence of his captain in Europe, it was said today, would command Troop M. Representative Tilson is a lieutenant in the Connecticut guard; Representative Crago is a lieutenant colonel of the Tenth Pennsylvania, and Representative Nicholls is a member of the South Carolina guard.

GEN. GALLIENI SHOT BY FRENCH OFFICER

New York, June 19.—The death of General Gallieni, former minister of war of France, was due to a murderous attack by a French army officer of high rank under charges of treason, and not to natural causes, according to stories told here today by passengers arriving on the French liner Lafayette.

General Gallieni was shot and fatally wounded in his Paris office, the passengers said. He was closeted with the officer, according to their story, when attendants heard a shot, and rushed in to find the "savior of Paris" lying on the floor unconscious with his caller standing over him, a smoking revolver in his hand. The general, after an illness of three weeks, died May 27.

General Gallieni's assailant was arrested, the passengers said, and his fate is unknown. He had been summoned before his chief, it is reported, to answer the charge of having negotiated with the Germans for the surrender of a fortress at Verdun.

DECATUR CO. WAGES WAR ON ADULT ILLITERACY

Bainbridge, Ga., June 19.—(Special.) A campaign for the elimination of adult illiteracy has been inaugurated in Decatur county. The first "moonlight school" has been established at the courthouse with Tax Collector Tom Battle in charge.

Mr. Battle is a graduate of Columbia university and the movement is fortunate in having him volunteer his services. While there are not nearly so many adult illiterate in Decatur as in some counties, yet the movement proposes for its end the entire eradication of this unfortunate condition by the time of the federal census in 1920.

A NEW VIEW POINT

frequently helps. There are men who have "put in" years looking at things from the same angle. The audit report form of financial analysis is almost unerring in fixing the spot where weakness lies. If there be no weakness, it draws attention to that part which must be constantly watched while warning you of the points which should be let alone.
